Since the last discussion KHDS has one psychiatrist, two full time psychiatric AP-NPs, and soon there will be the 40 hour a week tele-psychiatry, funded by a grant from Aurora.

Three individuals received the Martha Howell scholarships toward careers in mental health, two from KHDS; Jason Free and Ashley Tisch.

Three new psychiatric practices have opened in Kenosha.

The Wisconsin Higher Education Aids board has grants for psychiatrists who practice in under-served areas, there are parts of Kenosha that meet the federal definition of an under-served area.

The Medical College of Wisconsin received a grant last week to increase resident positions in psychiatry.

Enrollment in the CCS program has increased by over 200% in over 4 years, the adult portion of that is handled through KHDS and the children's portion of that is through Professional Services Group.

Jack Rose provided a NAMI update; NAMI continues with the CIT / CIP program, workshop #18 is coming up on February 19<sup>th</sup> & 20<sup>th</sup>. Discussion about the benefits of

the CIT / CIP program. County Board invited to the upcoming CIT/CIP workshop later in February. Discussion about programming, provided by NAMI, available west of the interstate and in the city.

Opioid Prevention Initiative update includes state grant received in the fall that helps reduce the wait list for the Vivitrol Program. The county received the Comprehensive Addiction Recovery Act (CARA) grant in the fall and this has allowed the addition of peer coaches who go to the ER when people are recovering from their over dose to make an immediate connection. This is modeled off what they do out east as a best practice.

Discussion of hospitalizations, over a 10 year period emergency detentions have decreased. Kenosha County will be part of a state-wide learning cooperative; a collaboration on emergency detentions that will look at best practices, what other counties / states are doing to address emergency detentions. KHDS will be a key part of this cooperative.

Discussion regarding things the state can do to help alleviate the cost of emergency detentions.

Discussion about the difference the new KARE Center can make as far the emergency detentions depicted on the graphs in the update. Will take a look at numbers after 6 months of use.

Discussion regarding the tracking of mental health professionals coming and going from the city and county, which lead to a discussion about getting psychiatrists to remain in the community.
