RE: Follow Up to March 7, 2018 Informational Meeting

Dear Mr. Calzada:

At the March 7, 2018 meeting of the Town of Brighton Plan Commission you appeared to discuss your request for a temporary use permit (TUP) for a rodeo event involving live music, food and steer tailing on Parcel #30-4-220-294-0300, 28343-31st Street, Salem, Wisconsin 53168.

You had previously solicited suggestions. You indicated your willingness to agree to the conditions described in a February 21, 2018 letter to you with the request that the attendance ceiling be raised to five hundred (500).

Given the history of the previous events and the change in the attendance ceiling the Town Plan Commission would not likely be inclined to support the event unless the criteria below are met. Please note that given your request for a spectator increase from seventy-five (75) to five-hundred (500), law enforcement presence has increased to six (6) officers. In addition, as a matter of clarity, a revocation clause has been included.

Below are the updated minimum criteria I believe necessary to obtain the support of the Town at public hearing. These are to be included in your application. The criteria are:

1. Three events to be held on (INSERT DATES).¹
2. Events to begin no earlier than 11:00 a.m. and conclude no later than 10:00 p.m..
3. Safety and Security will be provided by six (6) on site members of Kenosha County Sheriff's Department who shall ensure compliance with all applicable laws of the State of Wisconsin. Safety and Security shall be provided during the entire time the event is in operation.² The Town shall be provided with the names and contact numbers of the officers in attendance in advance of the event.

¹ An event is defined as a single day.

² Applicant is responsible for making arrangements with the Kenosha County Sheriff's Department for such services and shall be responsible for the associated costs.

6. The applicant shall organize, provide for and maintain emergency vehicle access lanes.
7. A Wisconsin licensed veterinarian must be on-site during the entire time rodeo events are in progress.⁴ The veterinarian shall assure compliance with the PRCA Livestock Rules which are summarized below. The Town shall be provided with the name and contact number of the veterinarian in attendance in advance of each event.
8. Lighting, if any, to be facing down, not up or out.
9. Provision for a sufficient number of portable toilets to accommodate the needs of participants and spectators.
10. All parking on site (none on roadways).
11. Traffic to use Highway "B" for access and egress.
12. No signage allowed in public right of way.
13. No radio advertisement.
14. Certificate of insurance provided by property owner with the Town named as an additional insured (Copy to be provided to Town).
15. If food service were to be provided, must obtain certificate of Health Department.
16. No alcohol will be served or provided.
17. Amplified music shall be limited to the hours of 6:00 p.m. and 9:00 p.m.
18. Applicant will maintain fencing and/or safety barricades to contain all livestock on property.
19. Applicant will maintain fencing and/or safety barricades to contain all livestock separate from spectators.
20. Attendance will be limited to five-hundred (500) spectators.
21. Applicant understands and agrees to the livestock rules, revocation clause and contact sheet provisions set forth below.

Livestock Rules

- A veterinarian shall be on site.
- The veterinarian shall inspect and evaluate livestock for illness, weight, eyesight and injury prior to the rodeo. No animals that are sore, lame, sick or injured shall be allowed to participate in the event.
- Acceptable spurs must be dull.
- Standard electric prods may be used only when necessary and may only touch the animal on the hip or shoulder area.
- Stimulants and hypnotics may not be given to any animal to improve performance.
- Any participant using unnecessary roughness as determined by the veterinarian shall be immediately removed from the rodeo.
- Weight limitations for calves shall be between 220 and 280 pounds and steers shall be between 450 and 650 pounds.
- Flank straps for livestock shall be fleece or neoprene.

⁴ Applicant is responsible for making arrangements for such services and shall be responsible for the associated costs.

TEMPORARY USE APPLICATION

The Kenosha County Board of Adjustments is authorized to hear and grant applications for temporary uses, in any district provided that such uses are of a temporary nature, do not involve the erection of a substantial structure, and are compatible with the neighboring uses and the Department of Planning and Development has made a review and recommendation. The permit shall be temporary, revocable, subject to any conditions required by the Board of Adjustment, and shall be issued for a period not to exceed twelve (12) months. Compliance with all other provisions of this Ordinance shall be required.

The burden will be on you as property owner to provide information upon which the board may base its decision. At the hearing, any party may appear in person or may be represented by an agent or attorney. You or your agent must convince the Board to make a ruling in your favor. The board must make its decision based only on the evidence submitted to it at the time of the hearing. The Board will not act on your request unless you or your agent is present.

THE LIGHTS FEST

This family oriented event is the fastest growing festival of its kind in the nation. There are many things that sets our event apart, but the biggest one is the feeling and emotion that comes when seeing the magical sight of the lanterns float into a starlit sky. These moments shared with friends and family are not soon forgotten and last a lifetime. We are proud of the fact that we have a very high percentage of customers who return to experience the event multiple times when we return to their area. Music festivals and races are easy to find, but The Lights Fest has proven to be the most uplifting and magical night families can experience together.

Our Company

What are Special Event
Lanterns?

Our Mission Statement and
FAQ's

OUR UNIQUE SPECIAL EVENTS LANTERNS

Safety is our number one concern

As a company, we take great pride in ensuring the safety of our participants. We use non-standard, customized lanterns that stay in the air for a short period of time. In Comparison, Traditional Lanterns often climb to an altitude in excess of one mile, and travel multiple miles away from their original launching point. At The Lights Fest, we have engineered our lanterns to produce a limited flight time **(on average, reaching a height of 250-300 yards and traveling a distance of 300-500 yards from their original launching point)**. Because our lanterns are customized, we are able to ensure that they will land within the designated property, for easy retrieval. They are made from non-flammable and biodegradable materials, aiding in the protection of our participants and the environment. (Upon request, we are willing to provide demonstrations before the event date) Any child under the age of 16 cannot light the lantern without supervision from a parent or guardian. We will never produce or take part in any event without the help of the local fire marshal and fire department. Wind Factors: The Lights Festival will not authorize the launch of lanterns if wind speeds exceed 15 miles-per-hour. If wind speeds don't reduce, The Lights Festival will cancel the Launch and reschedule it for a different date and time. Sustainability: All lanterns are biodegradable (asbestos-free) and Eco-friendly. The Lights Festival uses no metal wiring, nor any materials that could bring harm to the environment.

MISSION STATEMENT

Providing a safe family event

Our mission at Viive Events has always been to produce an evening event where friends and families can build life long memories together. We have engineered our lanterns using state of the art safety protocols. Our lanterns are unique and are not available to purchase by the general public. These lanterns have a low burn time, and the improved burn pad lands with zero to little heat. If the burn pad has a flame the lantern is in the air. We take great pride in the time and resources dedicated to the design and manufacturing of our lanterns. However, we know that without an extremely thorough fire protocol and execution we would never feel agree to producing an event. Our Safety and Fire plan is what allows us to produce The Lights Fest at locations where others are unable to do so safely. Our events are located on both public and private properties outside city limits to ensure safety and avoid possible damage. All venues and property owners are familiar with the event and have agreed to host The Lights Festival. No lantern will ever interfere with airports, power lines, city buildings, or neighborhood houses. All lanterns will be cleaned off the property within 24 hours of launch. Clean Up: The Lights Fest is an evening festival that typically happens on a Saturday night. Depending on the number of people, we could produce a festival on a back to back Friday and Saturday night to ensure safety. All lanterns will be cleaned up within 24 hours of them being launched. If the event is a Saturday evening, The Lights Festival crew will have all lanterns retrieved, and the venue and surrounding properties will be cleaned up by Sunday afternoon. Our goal is to maintain long term relationships with our venue and property partners so that we can return year after year to put on our festivals for the local communities.

FREQUENTLY ASKED QUESTIONS

WHAT IS THE LIGHTS FEST?

The Lights Fest is an experience where thousands of friends and families gather to listen to live music, fill up on food trucks and light up life by sharing personal wishes, dreams and goals. At the perfect moment, everyone ignites their personalized sky lanterns with Tiki torches and lets them take flight. It creates a surreal ambiance, where time slows down and your single flame rises and joins with thousands of others to Light the Sky.

IS THIS SAFE?

Yes! Even though we utilize extremely safe, custom lanterns, we hire outside fire professionals who specialize in wildfire control throughout the US. These certified personnel help us better understand each individual region, and provide us with customized fire action plans and the onsite resources to combat any situation.

HOW DOES THIS EVENT AFFECT THE ENVIRONMENT?

The Lights Fest is dedicated to leaving a positive impact on everyone who attends our event. We are also dedicated to leaving a positive impact on the environment. We have a dedicated cleanup crew, waiting in the landing zone, whose focus is collecting lanterns after the event. All events are strategically located outside of populated areas where there is open space. We've engineered our lanterns for low flight and landing-site predictability. After the event, we have a large cleaning crew, picking up the lanterns. Our lanterns are 100% biodegradable, so in the rare chance that we miss one, they are designed to quickly disintegrate. Our "Leave No Trace Policy" allows us to make sure that our venues look the same after we leave as they did before we arrived.

WHEN AND WHERE CAN I LAUNCH MY SKY LANTERN?

Due to safety concerns, Lanterns are only permitted to be launched at the authorized time and place. Lanterns are not to be purchased for use outside of the venue. Participants who fail to abide by these rules may be subject to prosecution by local fire authorities and law enforcement.

CAN I EXCHANGE MY TICKET FOR A DIFFERENT DATE OR LOCATION?

Unfortunately, our ticket platform does not allow for tickets to be transferred to a new date or location.

REFUNDS AND TRANSFERS

Though we don't allow refunds, we've made it simple to transfer your purchased ticket into a new name. The new ticket holder will just need to bring their transferred ticket to "Check In", and fill out a new waiver before being admitted into the event.

WHAT IF THE EVENT IS CANCELLED?

In the unlikely occurrence that we cancel an event, our policy is to return to the city within three months of the original date. You will be contacted via email with updates and a new itinerary.

ALCOHOL

Alcohol is not permitted at the event. Venues and their owners may request to serve alcohol. Viive Events, LLC does not provide licensing and permits to serve alcohol on our behalf. Property owners will be required to have all documents and permits before any alcohol can be sold.

WHAT TO BRING?

Make your experience comfortable by bringing collapsible chairs, blankets, etc. If you want to travel light, feel free to purchase these items at our on-site merchandise tent.

WHAT'S IN MY SWAG BAG?

Each adult ticket purchase comes with a Sky Lantern, and a burlap sack containing a marker, key-chain, and flashlight.

VIP vs EARLY BIRD REGISTRATION

The difference between the "VIP" ticket and the "Early Bird" ticket is the price. Those who have managed to save their spot on their city's event page will get VIP access to registration. After VIP tickets are sold out, early bird registration will begin, followed by other pricing tiers.

ANIMAL ATTENDEES

We love your pets! ... but they're not allowed at the event. We do make exceptions for service animals with their current NSAR paperwork. Keep in Mind that loud music and the possibility of fireworks may provide an uncomfortable atmosphere for your service animal.

WHY IS THE EVENT NOT LOCATED IN THE ACTUAL CITY LISTED?

Due to safety regulations, The Lights Fest is unable to hold events within city limits. To ensure we produce a safe and magical evening, Fire Marshals require our events to be held at venues with sufficient acreage and away from homes and businesses.

IS THE LIGHTS FEST A CHARITY?

The Lights Fest is an event produced by Viive Events. We are a for-profit company with a dedication to making a lasting impact in each community we visit. For this reason, we partner with local charities and causes wherever we go. Visit the Events section of our website to see who we have partnered with. FIRE

The Lights Fest has made Safety the cornerstone of its business practice. Fire personnel are essential to making the event as safe as possible. Even with our extra-safe custom lanterns, we believe having fire professionals at each event is crucial. We have a partnership with the tenured professionals at Timberline Fire LLC. They are a well-known team of professionals who specialize in wildfire control throughout the United States. This group of certified personnel help us better understand each individual region, and provide us with customized fire action plans. As part of our contract with Timberline Fire, they will provide detailed information to any county or state throughout the US and Canada to offer a better understanding of our commitment to each venue and community. Each event will be equipped with two fire professionals, Tender Truck, (or type 6 truck) and the Fire Action Plan.

TEST RUN

Before any participant can light the lantern, we ensure the flight and landing location is marked and the proper fire personnel by running one or more test lanterns. We will have the fire personnel mark the location from the festival area and be ready before the events begin. This process is for precautionary measures and our team of fire personnel will be equipped with all-terrain vehicles, or Razors, as they are commonly known. We equip the fire personnel with fire extinguishers and any other tools needed. We also have dedicated staff from The Lights Fest and our volunteer teams set up and prepared to help in any way possible.

Set-up and Event Time-Line

SET-UP

EVENT TIME

At nightfall, the participants have been instructed by the on-stage team the steps to safely light the lantern and when to let go. We instruct the crowd to wait for our countdown to better control lantern flight. This allows us to monitor the wind and other environmental factors and time the actual launch at the safest moment possible for everyone to enjoy the launch and minimize any potential risks. Launch time varies from city to city and time of the year.
