Name of the Commission, Committee or Board for which you are applying:

Brookside Board of Trustees

Personal Statement: Please indicate why you believe you would be a valuable addition to the Commission, Committee or Board for which you are applying. If more space is needed, please attach a separate sheet.

As the former CFO for the County, if appointed to serve, I will work to ensure the sustainability of Brookside, both financial and quality of service. Brookside is an important asset in the County, as this sector of health care has become challenged nationally, impacting quality of life for seniors and others in need of this service.

By maintaining excellence at Brookside, we will provide a valuable asset that will become more rare in other communities. It will be seen as an asset that makes our community more desirable. For example, rating agencies do look at health care when vetting governments. In order to maintain our AAA bond rating, this is one important service that helps to keep our rating.

Bio of David M. (Dave) Geertsen, CPA, CGMA

Currently

County Board Supervisor, District 15

District 15 covers most of the Village of Somers, and all of the Town of Somers. It is an elected position. The term is April 2024 through April 2026. Kenosha County is consistently rated as one of the fastest growing counties in the State of Wisconsin. It is rated AAA by Standard and Poor's Global Ratings.

President, Kenosha Community Foundation

Dave has volunteered or been a board member for KCF for about 25 years. The Foundation is a community philanthropic organization created to receive charitable gifts of any size and create endowment funds whose income is used to advance civic, cultural, educational, health, and welfare causes in Kenosha County. The fund has assets of about \$15mm.

Treasurer, Kenosha Community Health Center

Dave recently joined KCHC as its Treasurer in March of 2023. KCHC is a critical component of Kenosha County's health services network, its mission statement is to "provide patient-centered, integrated health care with excellence in access, quality, and service for everyone."

Shalom Center, Advisory Audit Committee

Dave has served on this committee for about 6 years. The Committee reviews all matters relative to the audit, and makes recommendations to the Board. The Shalom Center is a 501(c)3 organization. The Shalom Center's mission is to serve the community through food, shelter, and supportive ways. Shalom Center provides shelter to the homeless. It also has other programs, such as a food pantry, and a nightly meal program.

Past Affiliations and Professional Experience

Kenosha County

Former CFO, Finance Director (1988 to 2018)

Served as Chief Financial Officer for Kenosha County. As CFO, I served on the County Executive's cabinet. I developed the financial strategies, framework and policies necessary for the County to achieve a AAA bond rating in 2020. I reported directly to the County Executive and was the liaison to the County Board Finance Committee. In my administrative roll, I planned and coordinated the fiscal component of projects undertaken by the County and issued over \$300mm in capital financing. In addition to this administrative responsibility, I had oversight of Financial, Information Technology, and Purchasing functions of the County. Responsibilities included: development and oversight of a \$250 million annual budget and Capital Improvements Program; preparation of general purpose financial statements; cash flow and investment planning; management of cash handling, banking, and internal control systems; management of the capital planning and financing program; development of the County investment program; development, implementation, and maintenance of all fiscal IT systems; supervision of payroll functions.

Village of Somers Trustee (2015-2020)

As a Trustee for the Village of Somers, I worked to adopt policies that improved the financial condition of the Village. The Village had the lowest bond rating of any rated municipality in the State of Wisconsin. After implementation of the plans and procedures, the Village achieved a bond rating of AA-. As a volunteer for the Village, I was member of the Committee to Incorporate. The

Village successfully incorporated in 2015. Also as a volunteer, I prepared and presented to the Town Board an Economic Development strategic plan and SWOT analysis that helped to achieve the establishment of the first Industrial Park in the Village.

Trustee, State of Wisconsin Investment Board (2003-2011)

The State of Wisconsin Investment Board (SWIB), is responsible for managing the assets of the Wisconsin Retirement System (WRS), the State Investment Fund (SIF), and other state trust funds. Total assets exceed \$140 billion. As a Trustee, I developed financial, investment, and strategic policy for SWIB. I chaired the benchmark committee, and served on the finance committee. I participated in a strategic plan that resulted in the consolidation of the equities, fixed, and alternative investments portfolios under one Chief Investment Officer. SWIB is the investment arm of the Wisconsin Retirement System, which is consistently ranked as one of the most stable public retirement systems globally.

Interim Director, Information Systems (1991-1993; 2009-2011)

Supervised IT staff while coordinating the development of two IT strategic plans for the County. The Strategic plans included determining whether to privatize the Department and what platform was best suited for the future development of County systems. The 2011 strategic plan developed a new organizational strategic and long term strategy that is still in use today.

Assistant Finance Director (1987-1988)

Reported to Finance Director. Assisted with the conversion from manual to automated general ledger, created budget process, automated manual budget development process, developed centralized personnel costing system for budgeting and union contract costing.

Business Services Coordinator (1985-1987)

Within the Department of Community Programs, coordinated annual audit, automated manual ledger system, coordinated fiscal management of the Department with various contracted providers.

State of Wisconsin

Auditor, Department of Health and Social Services (1978-1985)

Planned, supervised, and conducted compliance audits of Counties, Cities, Hospitals, and non-profits.

Education

BS with Specialties in Accounting and Personnel, University of Wisconsin Parkside, 1978; CPA, 1984; attended UW Madison (CPA review and a variety of other classes) and UW Milwaukee (Geology classes).

Affiliations and Awards

Member, AICPA, WICPA, Government Finance Officers Association; Past President of Kenosha County Sunrise Rotary Club; Board of Directors Kenosha Area Chamber of Commerce; Past Treasurer, Armitage Academy; Outstanding CPA in government; KABA Community Service Award; Chamber of Commerce Community Service Award; formerly served on: KABA audit committee, Village of Somers Incorporation Committee, and Village of Somers Board of Review of Assessments.

**MEMORANDUM OF UNDERSTANDING BETWEEN KENOSHA COUNTY
AND
CAMP & CENTER LAKES REHABILITATION DISTRICT RELATING TO
THE OWNERSHIP, MAINTENANCE, AND OPERATION OF
TWO COUNTY HIGHWAY C WATER CONTROL STRUCTURES**

This Memorandum is hereby entered into by and between Kenosha County (the "County"), and the Camp & Center Lakes Rehabilitation District (the "CCLRD").

WHEREAS, the County is the owner of all components of two (2) Water Control Structures (the East Structure and the West Structure, hereinafter collectively referred to as "Structures") located on County Highway C, and as more particularly itemized on the attached Exhibit A.

WHEREAS, the Structures are comprised of components referred to as:

- A. Three (3) Culverts,
- B. One (1) fixed in-flow sump ("Sump"), and
- C. One (1) in-flow grated spillway ("Spillway") including metal grates (Grates) and two (2) control valves ("Valves"), as more particularly itemized on the attached Exhibit B-1 and B-2.

WHEREAS, the Sump, Spillway, Grates, and Valves, hereinafter will be collectively referred to as the "Property."

WHEREAS, the County wishes to permanently transfer specific ownership, maintenance and operational responsibilities related to Property to CCLRD in accordance with the dam ownership transfer process prescribed by the WI Department of Natural Resources ("DNR").

WHEREAS, the parties acknowledge that the County continues to be obligated for certain major repairs, replacements, and improvements to Property as described hereinafter in this Memorandum.

WHEREAS, this Memorandum confirms the discussions between the County and CCLRD regarding the transfer of ownership, maintenance and operation of the Property and the consideration to be provided by the parties to this Memorandum.

NOW, THEREFORE, in consideration of the terms and conditions contained herein, the parties hereto agree as follows:

1. County and CCLRD shall execute this Memorandum pursuant to Section 66.0301 of the Wis. Stats, whereby the County shall transfer by Quit Claim Deed as, the Property to CCLRD.
2. County ownership, operational maintenance, and capital repair and maintenance responsibilities:
 - A. Culverts
 - The County retains ownership of the Culverts.
 - Maintenance and inspection of the Culverts will be the responsibility of the County.
 - Major repair and/or replacement of the Culverts will be the responsibility of the County.
 - B. Property
 - Capital Repairs. If the cost of capital repairs exceeding the amounts listed in the schedule below and determined to be necessary by both CCLRD and the County will be funded by the County in the accordance with the percentages shown in the schedule below for the mutually agreed upon work.

Year	Cost Exceeding	% Share County	% Share CCLRD
2024	\$25,000	100%	0%
2025	\$32,000	88%	12%
2026	\$39,000	75%	25%
2027	\$46,000	67%	33%
2028	\$53,000	59%	41%
2029	\$60,000	50%	50%
2030	\$67,000	42%	58%
2031	\$74,000	34%	66%
2032	\$81,000	25%	75%
2033	\$88,000	12%	88%
2034+	\$0	0%	100%

- Inflow Maintenance and Brush Removal. Maintenance at the outlets and large brush/weed removal may be shared by the County and CCLRD for the next ten years after which CCLRD will be responsible for all associated maintenance fees. Between 2023 through 2034 CCLRD may, at its discretion, contact the County Highway Division for maintenance assistance. CCLRD and County will jointly review and develop action plans as required.

For the agreed upon action plan, if the County will utilize any specialized equipment and personnel, CCLRD will pay County a maximum \$1,000 mobilization charge. An invoice for such a charge will be sent to CCLRD for payment. The \$1,000 fee generally will not be enough to fully reimburse the County's expenditures, but it serves as an incentive for CCLRD to perform its routine maintenance as described below.

If the agreed upon action plan only requires the County to provide traffic-control services, there will be no charge to CCLRD.

3. CCLRD ownership, capital repair and maintenance, and operational maintenance responsibilities:

A. Public requests – CCLRD will be responsible for fielding public requests regarding issues, concerns, and maintenance. CCLRD shall share yearly contact information to transfer any call the County receives on the property.

B. Culverts

- CCLRD does not own the Culverts.
- During routine inspections, any concerns regarding the Culverts will be communicated to the County.

C. Property

- CCLRD owns the Property.
- East Structure requires inspections, the frequency will be based on weather and seasonal considerations. While CCLRD will inspect the Structures, the County does bear responsibility for Culverts and will want to inspect them from time-to-time. As the parties agree that the County owns the culverts, the CCLRD agrees that the County has an unrestricted right to access and enter the property for the purposes of inspection and necessary repairs.

- Ten-year inspections, as required by the DNR, of the property will be the responsibility of CCLRD. The inspection shall be done in accordance with DNR standards.
- In-flow maintenance includes maintenance and cleaning of the inflow features of each Structure, including Sump, Spillway, Valves, and Grates. Inspections shall be done regularly especially after heavy rainfall and at the start of each season.
- Brush removal as necessary around the East Structure and as needed to ensure that the property is functioning as intended.
- Mutually agreed upon Capital repair and/or replacement project costs related to Property will be shared as described above.

D. The delivery of the Quit Claim Deed by the County to CCLRD shall occur not less than 30 days after DNR's approval of the asset transfer.

4. This Memorandum was mutually drafted by the County and CCLRD. Each of the undersigned hereby represents and warrant that they have the requisite power and authority to execute this Memorandum and that the execution and delivery of this Memorandum by the undersigned has been approved by all actions required by law.
5. The parties agree that this Memorandum shall be governed by the laws of the State of Wisconsin.
6. This Memorandum may be executed in two (2) counterparts, all of which shall be considered one and the same Memorandum and it shall become effective when one or more counterparts have been signed by each of the parties.
7. Any notice required to be given to any party to this Memorandum shall be in writing and delivered either by hand or certified mail, return receipt requested, to the addresses indicated below, or such address as the parties indicate in writing. Notice shall be effective as of the date of delivery, if by hand, or mailing, if by certified mail.
