12.05-4 FOUNDATION SURVEY REQUIREMENTS

- (a) Except as provided for in subsection (b), any person erecting, moving, enlarging or reconstructing a structure, which, under this ordinance, requires a zoning permit shall upon completion of the construction of footings, concrete slab or other foundations, submit to the Department of Planning and Development a survey prepared by a ~~registered~~ land professional surveyor showing the locations, boundaries, dimensions, elevations and size of the following: The boundaries of the lot, all existing structures (including foundations) and their relationship to the lot lines. The County Director of Planning and Development shall compare the location of all new or extended foundations with the location of all proposed construction activity reported on the permit application. No further construction may commence unless the Director of Planning and Development shall find that the foundation location is consistent with the permit as issued and shall so certify. Failure to comply with the requirements of this section shall be grounds for the issuance of a citation pursuant to section 12.32-3 of this Ordinance, and attendant penalties.
- (b) A foundation survey shall not be required for the construction of any non-residential structure located at least 200 feet from any property line or 200 feet from any navigable body of water in an agricultural district.
- ~~(c) In addition to the exception provided for in subsection (b) above, the foundation survey requirements may be waived at the option of the permit applicant, for any construction, except for construction of a principal structure and for the construction of a new foundation under an existing principal structure, provided that the permit applicant shall file and record with the Department of Planning and Development and with the Kenosha County Register of Deeds a "Waiver of Liability of Foundation Survey" which shall be binding on the permit applicant and his estate and which shall forewarn future owners of said parcel of the lack of a certified foundation survey verifying that structures located on the parcel are in conformity to the ordinance and further, that if any error is made on the placement of any construction or structure, or if a zoning violation is later discovered, the applicant and his estate shall move the construction or structure so as to conform with the zoning regulations effective on the date the permit was issued and shall further pay all consequent damages. Structures illegally located on a parcel are in violation of the Kenosha County Zoning Ordinance. Applicable statute of limitations for prosecution of such violations shall not begin to run until such time as a certified survey has been filed with the Department of Planning and Development and the Register of Deeds indicating the location of the structures on the parcel.~~
