

**KENOSHA COUNTY
BOARD OF SUPERVISORS
RESOLUTION NO. _____**

Subject: FY2017 Law Enforcement Justice Assistance Grant (JAG) award and request to sole source the vendor, Seiler, for the Trimble SX10 Total Station system.

Original <input checked="" type="checkbox"/>	Corrected <input type="checkbox"/>	2 nd Correction <input type="checkbox"/>	Resubmitted <input type="checkbox"/>
Date Submitted: September 19, 2017		Date Resubmitted	
Submitted By: Judiciary & Law Enforcement Committee & Finance/Administration Committee			
Fiscal Note Attached X		Legal Note Attached <input type="checkbox"/>	
Prepared By: Marc Levin, Chief Deputy		Signature: 	

WHEREAS, the Kenosha County Sheriff's Department has been awarded \$11,804 from the federal Law Enforcement Justice Assistance Grant (JAG) program through the US Department of Justice, Bureau of Justice Assistance, and

WHEREAS, these funds have been made available to the Kenosha County Sheriff's Department through a Memorandum of Understanding (MOU) of an agreed upon 60/40 split of the amount awarded to the City of Kenosha totalling \$29,509, and

WHEREAS, the funds earmarked for the Sheriff's Department will be used to purchase a Total Station use for GPS/digitally mapping a crime scene totaling \$60,459, and

WHEREAS, this purchase plan has been so designated by the Sheriff for law enforcement purposes under the JAG grant program and the spending period for this award will expire September 2020, and

WHEREAS, the Trimble Total Station system had been approved for purchase utilizing funds from the Sheriff Office-Federal Equitable Sharing Fund (Fund 280), i.e. Resolution #116, passed March 21, 2017; however, the Sheriff wishes to purchase the more robust model requiring additional funds that will come from this JAG grant and the KDOG Task Force-Federal Equitable Sharing Fund (Fund 270), and

WHEREAS, the City of Kenosha is the fiduciary of the JAG grant program, responsible for the application and subsequent financial and programmatic reporting to the federal Bureau of Justice Assistance and will, upon request, reimburse the Sheriff's Department for the expenditures herein, and

WHEREAS, the Sheriff is requesting approval to sole source the vendor, Seiler, for purchase of the Trimble brand, SX10 Total Station system for which justification for sole source is incorporated herein by reference, and

WHEREAS, this grant does not require a local match of funds, and

WHEREAS, this budget modification will not require any additional tax levy dollars.

NOW, THEREFORE BE IT RESOLVED, that the Kenosha County Board of Supervisors accept the 2017 JAG grant award of \$11,804; modifying revenue and expenditure as per the budget modification form, which is incorporated herein by reference.

BE IT FURTHER RESOLVED, that any unobligated grant funds remaining available at year end be hereby authorized for carryover to subsequent years until such time as the grant funds are expended in accord with the JAG grant requirements, and that the administration shall be authorized to modify the grant

Subject: FY2017 Law Enforcement Justice Assistance Grant (JAG) award and request to sole source the vendor, Seiler, for the Trimble SX10 Total Station system.

2017 WISCONSIN LOCAL JAG ALLOCATIONS

Listed below are all jurisdictions in the state that are eligible for FY 2017 JAG funding, as determined by the JAG formula. For additional details regarding the JAG formula and award calculation process, with examples, please refer to the updated JAG Technical report here: <https://www.bja.gov/jag/pdfs/JAG-Technical-Report.pdf> and current JAG Frequently Asked Questions here: <https://www.bja.gov/Funding/JAGFAQ.pdf>

2017 JAG Grant

Finding your jurisdiction:

(1) Disparate jurisdictions are listed in shaded groups below, in alphabetic order by county.

(2) Eligible individual allocations are listed alphabetically below the shaded, disparate groupings.

(3) Counties that have an asterisk (*) under the "Eligible Individual Allocation" column did not submit the level of violent crime data to qualify for a direct award from BJA, but are in the disparate grouping indicated by the shaded area. The JAG legislation requires these counties to remain a partner with the local jurisdictions receiving funds and must be a signatory on the required Memorandum of Understanding (MOU). A sample MOU is provided online at: <https://www.bja.gov/Funding/JAGMOU.pdf>. Disparate jurisdictions do not need to abide by the listed individual allocations, which are provided for information only. Jurisdictions in a funding disparity are responsible for determining individual amounts within the Eligible Joint Allocation and for documenting individual allocations in the MOU.

Edward Byrne Memorial Justice Assistance Grant (JAG) Program Fact Sheet

Updated April 26, 2017

PROGRAM OVERVIEW: The Edward Byrne Memorial Justice Assistance Grant (JAG) Program was created as part of the Consolidated Appropriations Act of 2005. The JAG Program, administered by the Bureau of Justice Assistance (BJA), is the leading source of federal justice funding to state and local jurisdictions. The JAG Program provides states, tribes, and local governments with critical funding necessary to support a range of program areas including law enforcement, prosecution and court, prevention and education, corrections and community corrections, drug treatment and enforcement, planning, evaluation, and technology improvement, crime victim and witness initiatives and mental health programs and related law enforcement and corrections programs, including behavioral programs and crisis intervention teams.

In Fiscal Year (FY) 2016 there was \$263.9 million available under JAG (approximately \$179 million to states and territories and \$84 million to local units of government) and 1,011 local and 56 state applications eligible to be funded.

LEGISLATION: Public Law 109-162, Title XI—Department of Justice Reauthorization, Subtitle B—Improving the Department of Justice's Grant Programs, Chapter 1—Assisting Law Enforcement and Criminal Justice Agencies, Sec. 1111 Merger of Byrne Grant Program and Local Law Enforcement Block Grant Program.

FORMULA: The Bureau of Justice Statistics (BJS) calculates, for each state and territory, a minimum base allocation which, based on the congressionally mandated JAG formula, can be enhanced by (1) the state's share of the national population and (2) the state's share of the country's Part 1 violent crime statistics. Once the state funding is calculated, 60 percent of the allocation is awarded to the state and 40 percent to eligible units of local government. For additional details regarding the JAG formula and award calculation process, with examples, please click here: [JAG technical report](#).

ELIGIBILITY AND PROGRAM GUIDANCE: All 56 states and territories are eligible, as well as units of local government identified annually in the JAG allocation charts. BJA posts annual JAG program solicitations (program guidance) and allocation charts to its [JAG webpage](#); which also contains a direct link to [JAG Frequently Asked Questions](#), which are updated regularly.

HOW/WHEN TO APPLY: All applications must be submitted via the Office of Justice Programs (OJP) [Grants Management System \(GMS\)](#). Current Fiscal Year State and Local JAG solicitations and allocations can be found on the [JAG webpage](#).

AWARD LENGTH: Awards of at least \$25,000 or more begin October 1 of the FY and are four years in length. Awards that are less than \$25,000 begin October 1 of the FY and are two years in length. Requests for up to two additional years to complete performance of the award will be granted automatically. Extensions beyond a four- year period for all JAG awards may be approved on a case-by-case basis at the discretion of BJA.

MATCH REQUIREMENT: Match is not required.

REPORTING REQUIREMENTS: JAG recipients are required to submit quarterly performance metrics reports, quarterly Federal Financial Reports (FFR-425) and an annual or semi-annual programmatic performance reports depending on award year. Detailed reporting information can be found here: [JAG Reporting Requirements](#).

ABSTRACT

Kenosha County Sheriff's Department
BJA FY2017 Edward Byrne Memorial- JAG Application
GMS Application #2017-H2225-WI-DJ
Project Title: Seiler SX10 Trimble Scanning Total Station (Sole Source Purchase)
Purpose Area: Crime Lab/Forensics
Type of Program: Forensic Evidence

Total cost of project: \$60,458

Total request for federal funds: \$11,804

The FY2017 JAG program funding will help provide the Sheriff's Department with (1) Trimble SX10 Scanning Total Station device with power kit, (1) Trimble Tablet Rugged PC Controller, Total Station and Controller Accessories, (1) Software Update (2) Trimble Software Packages (1) extended warranty, and (4) three-day software trainings for staff members.

Goal: To upgrade the department inventory with a Trimble SX10 1" Scanning Total Station which will allow the department to streamline work processes and capture accurate and reliable geospatial data for analysis and reporting of crime and crash scene investigations and for use in court presentations.

The public safety market is already using Trimble total stations to view and recreate crash and crime scenes. By providing this tool, the SX10 system will gather information quickly and accurately from crash and/or crime scene investigations which will allow officers to capture exactly what they need, saving the department time and resources on the scene.

Project identifiers associated with the project activities

Officer Safety- continue to assess benefits of improved models of surveying devices to ensure officers have reliable equipment in order to safely and effectively fulfill their duties as police officers. The SX10 can be used by either 1 or 2 people allowing for less time on scene or with roads closed. It has a direct reflex measuring capability which allows for accurate measurements of areas that are not readily accessible such as locations that are too high to reach or too destroyed to safely enter.

Equipment Forensic-the Trimble SX10 device is a full total station technology plus a high-precision scanner in one, it will enable officers to register, visualize, explore and manipulate as-built or scene point cloud data. It incorporates precision tools, modeling, and empowering features suited for the needs of the department.

System Improvements- Realworks software will allow officers to manage, process, and analyze large datasets collected using 3D scanning techniques. Rather than capturing measurements point-by-point. The automated scanning feature reduces operator strain and allows the officer to perform other field work while the scan is being performed. The improved ergonomics of screen-based control should provide a dramatic productivity increase because officers can remotely view and control the instrument. The data collected by scanning is obtained with high measurement density which significantly improves real-world visualization. Combined with camera images, the detailed scans enable those in the office to clearly see and comprehend features measured in the field. This will significantly reduce the time needed to explain site conditions or features measured. The Trimble SX10 will also help minimize road closures by reducing the time it will take to capture evidence at the scene. The simplicity of the field and office procedures should also reduce the departments investment cost. A minimal amount of software training is required to enable staff to deliver quality reports.

GMS APPLICATION NUMBER 2017-H2225-WI-DJ

BJA FY 2017 EDWARD BYRNE MEMORIAL
JUSTICE ASSISTANCE GRANT (JAG) PROGRAM
INTERGOVERNMENTAL AGREEMENT

By And Between

THE CITY OF KENOSHA, WISCONSIN,
A Wisconsin Municipal Corporation,

and

THE COUNTY OF KENOSHA, WISCONSIN,
A Wisconsin Quasi-Municipal Corporation

THIS AGREEMENT is made and entered into by and between the CITY OF KENOSHA, WISCONSIN, a Wisconsin municipal corporation organized and existing under the laws of the State of Wisconsin, and with offices located at 625 - 52nd Street, Kenosha, Wisconsin 53140 (hereinafter "CITY"), and the COUNTY OF KENOSHA, WISCONSIN, a Wisconsin quasi-municipal corporation organized and existing under the laws of the State of Wisconsin, and with offices located at 1010 - 56th Street, Kenosha, Wisconsin 53140 (hereinafter "COUNTY").

WHEREAS, CITY, and COUNTY, maintain separate, and independent, law enforcement agencies in the performance of their respective governmental functions, which agencies are fully funded from current revenues legally available to the parties; and,

WHEREAS, CITY has made application (NUMBER 2017-H2225-WI-DJ) for a Grant, under the 2017 Edward Byrne Memorial Justice Assistance Grant (JAG) Program, administered by the United States Department of Justice, Office of Justice Programs; and,

WHEREAS, the proposed Grant, as provided by the United States Department of Justice, Office of Justice Programs, stipulates that funds are to be allocated to the CITY, and COUNTY, and that the award be approved and accepted by the respective governing bodies; and

WHEREAS, the CITY, and COUNTY, find the acceptance of the 2017 Edward Byrne Justice Assistance Grant in the amount of \$29,509.00 and the allocation of Grant funds to be in the public interest and the best interest of all parties.

W I T N E S S E T H:

NOW, THEREFORE, in consideration of the mutual undertakings and agreements herein set forth, CITY, and COUNTY agree as follows:

SECTION I

CITY agrees to pay COUNTY a total sum of Eleven Thousand Eight Hundred Fout (\$11,804) Dollars of JAG funds.

SECTION II

COUNTY agrees to use a total sum of Dollars of JAG funds for the Law Enforcement Program for the period of October 01, 2016 to September 30, 2020.

SECTION III

Nothing in the performance of this Agreement shall impose any liability for claims against COUNTY other than claims for which liability may be imposed by the laws of the State of Wisconsin.

SECTION IV

Nothing in the performance of this Agreement shall impose any liability for claims against CITY other than claims for which liability may be imposed by the laws of the State of Wisconsin.

SECTION V

CITY and COUNTY will be responsible for their own actions in providing services under this Agreement and shall not be liable for any civil liability that may arise from the furnishing of the services by the other party.

SECTION VI

The parties to this Agreement do not intend for any third party to obtain a right by virtue of this Agreement.

SECTION VII

By entering into this Agreement, CITY, and COUNTY do not intend to create any obligations, express or implied, other than those set forth herein. Further, this Agreement shall not create any rights in any party not a signatory hereto.

SECTION VIII

CITY and COUNTY certify that they have authority under their respective organizational structure and governing laws to accept the Byrne Justice Assistance Grant and execute this Agreement. This Agreement was approved by the Common Council of CITY at a duly noticed and convened meeting held on the ____ day of _____, 2017. This Agreement was approved by the Board of Supervisors of COUNTY at a duly noticed and convened meeting held on the 19 day of Sept., 2017.

IN WITNESS WHEREOF, the parties hereto have herein executed this Agreement on
the dates below given.

CITY OF KENOSHA, WISCONSIN,
A Wisconsin Municipal Corporation

REQUEST FOR SOLE SOURCE - GRANT-FUNDED PURCHASES

To: Matt Fleming
Purchasing Director

From: Captain Kenneth Weyker

Date: August 24, 2017

Subject: **Sole Source Request for the Purchase of: (1) Seiler SX10 Trimble Scanning Total Station**

Requested Supplier: Seiler

Requisition Number: N/A Cost Estimate: \$60,458.31

Name or Title of Grant: 2017 Justice Assistance Grant

Per Kenosha County Ordinance 3.11(4)(d), "...the purchasing director shall make 'sole source' determinations for all county purchases under his or her control..... Sole source purchases exceeding \$25,000.....shall be approved by resolution of the county board, before the purchase is made."

This form must be submitted to the Purchasing Director, with the requisition, whenever a "sole source" purchase is requested for a grant-funded project. **Include a copy of the grant and award letter and highlight the specific language authorizing the sole-source purchase.** A "sole source" is defined by the National Institute of Governmental Purchasing as "only one vendor possesses the unique and singularly available capability to meet the requirement of the solicitation."

STATEMENT OF COMPLIANCE

This department's recommendation for sole source is based upon an objective review of the product/service required and appears to be in the best interest of the County and is in strict compliance with all grant requirements. I know of no conflict of interest, real or apparent, on my part with this request. I have no financial or other business relationship in any of the provider's businesses. I have no family relationship or other personal relationship with the provider or any member of his/her family. No gratuities of any value, no offers of employment and no favors or compromising action have taken place that would influence, or give the appearance of influencing, this contract have taken place.

By my signature, I certify that I have read and understand all administrative and financial provisions of the grant award, that this sole-source request is in strict compliance with those provisions and that the grant awarding agency has clearly authorized the use of non-competitive proposals. I have attached a copy of the specific language in the grant that authorizes this sole-source purchase.

Refer to the attached sole source justification as prepared by our department, the attached review of available products/services and to my completed purchase requisition.

Signature of Department Head (or designee)

SOLE SOURCE JUSTIFICATION

REQUISITION NUMBER: N/A

PRIOR PURCHASE ORDER NUMBER N/A

(if item has been previously approved):

1. Description of item and its function:

*The Trimble SX10 is a combination total station and laser scanner the will be used to accurately measure and document crime and crash scenes for investigation and court presentation. The machine allows for accurate measurements in 3 dimensions which allow the data to be imported into a CAD (computer aided drawing) program to render accurate scene diagrams to scale. This instrument is a survey instrument capable of delivering accurate measurements with a minimal degree of error. The SX10 has three built in cameras which provide focused photographs at different distances which allow the photographs to be overlaid and incorporated in the final diagrams.

*The Trimble SX10 scanning total station redefines the capabilities of everyday survey equipment by providing the most innovative solution for surveying and documenting crime and crash scenes. This is a new, versatile solution capable of collecting any combination of high-density 3D scan data, enhanced Trimble VISION imaging, and high-accuracy total station data, allowing you to capture exactly what you need, saving you time and resources on scene. Trimble's new Lightning 3DM enables the SX10 to capture both high-accuracy total station measurements and true high-speed 3D scans together in a single instrument providing a higher level of measurement performance than ever before.

*The SX10 can be used by either 1 or 2 people allowing for less time on scene or with roads closed. The SX10 also has DR (direct reflex) measuring capability which allows for accurate measurements of areas that are not readily accessible such as locations that are too high to reach or too destroyed to safely enter.

Key Features of the Trimble SX10:

- ▶ Combines surveying, imaging and high speed 3D scanning in one solution
- ▶ Trimble's Lightning 3DM enables both high-accuracy total station measurements and high-speed scanning capability
- ▶ Scanning speeds of up to 26,600 Hz at ranges up to 600 m and the smallest spot size in the industry—a mere 14 mm at 100 m
- ▶ Improved Trimble VISION technology allows for fast and easy capture of high resolution site imagery
- ▶ Complete integration with familiar workflows of Trimble Access and Trimble Business Center Software

2. This is a sole source because:

- ☐ The grant awarding agency has clearly authorized the use of noncompetitive proposals
- ☐ Sole provider of a licensed or patented good or service
- ☒ Sole provider of items that are compatible with existing equipment, inventory, systems, programs or services (**compatible with the system used by the WI State Patrol Division**)
- ☐ Sole provider of goods and services for which the County has established a standard
- ☒ Sole provider of factory-authorized warranty service
- ☒ Sole provider of goods or services that will meet the specialized needs of the County or perform the intended function (give detail below or in an attachment)
- ☐ The vendor/distributor is a holder of a used item that would represent good value and is advantageous to the County (attach supporting documentation)
- ☐ Other: _____

3. What necessary features does this vendor provide which are not available from other vendors?
Please be specific.

*Seiler Instrument is the first vendor in the United States that will be able to service the Trimble SX10. Service of the SX10 is currently only available in Sweden where they are built. Seiler will be a certified service center by fall of 2017 for the SX10 and will be the only one in the US at that time. Delivery of the product will take an estimated 8 weeks from the time of purchase which would be the approximate time that service will be available through Seiler.

*Seiler is located in Franklin, WI and is available for technical assistance, replacement parts and training with the product should issues arise.

*Seiler Instrument is the **sole-source** provider of survey equipment (total stations and laser scanners) for the Wisconsin State Patrol-Technical Reconstruction Unit and has tailored the instrument software for law enforcement use.

*The Trimble SX10 is compatible with the instruments used by the Wisconsin State Patrol meaning measurements taken by both agencies (which occurs frequently) can be merged into the same diagram with no compatibility issues. It will also allow for large scenes to be measured by multiple devices at once and then the data can be merged later allowing for the scene to be cleared in less time.

*The Wisconsin State Patrol has several members who are certified trainers for Trimble equipment and have offered to provide additional training for the instrument when needed without cost.

4. What steps were taken to verify that these features are not available elsewhere?

X Other brands/manufacturers that are out on the market; explain why these were not suitable.

*Faro brand name manufacturer is often mentioned in forensics, but it is a Scanner only, it has no total station measurement tools other than scanning.

*Leica brand offers many scanner only models, as well, that also are not total stations, but they have the only somewhat comparable model, MS60, but it really is too slow to be considered a true 'scanner' like the Trimble SX10.

☐ Other vendors were contacted (please list phone numbers and names, and explain why these were not suitable).

Attach additional supporting documentation if necessary.

☒ Approved ☐ Denied

Kenosha County
Administrative Proposal Form

1. Proposal Overview

Division: Law Enforcement

Department: SHERIFF

Proposal Summary (attach explanation and required documents):

Resolution: Request approval to accept the 2017 federal Justice Assistance Grant award that is shared with the City of Kenosha Police Department. The Sheriff's Department's share of the federal award is \$11,804. These funds will be used to complete the purchase of the Trimble brand SX10 Total Station system that costs \$60,459. Funding in the amount of \$38,000 has already been approved to purchase a Trimble Total Station system, via Resolution #116, passed March 21st, 2017, however, the Sheriff prefers a more robust model requiring additional funds provided by this grant and the KDOG Task Force Federal Equitable Sharing fund. Additionally, request to authorize suspending the competitive bid process, as outlined in County Ordinance 3.11 (4)(a) and approve the sole source vendor, Seiler, for this product.
