(d) Proposed use (a statement of the type, extent, area, etc. of any development project):

At the time Koch's Rollingbrooke Manor Subdivision was platted in 1978 no formal wetland delineation was completed or shown on the recorded subdivision plat. When the Town of Wheatland adopted the Kenosha County General Zoning & Shoreland/Floodplain Ordinance in July 1983, a township wide zoning map was adopted using the best information available. The wetland zoning line (C-1) that exists today does not accurately match field conditions. Today, with the use of 1-foot contour LIDAR data and the Wisconsin Department of Natural Resources Wetland Inventory Map, it is evident that the wetland zoning boundary located across this property can be more accurately located.

(For other fees see the [Fee Schedule](#))

Note: Agricultural Use Conversion Charge

The use value assessment system values agricultural land based on the income that would be generated from its rental for agricultural use rather than its fair market value. When a person converts agricultural land to a non-agricultural use (e.g. residential or commercial development), that person may owe a conversion charge. To obtain more information about the use value law or conversion charge, contact the Wisconsin Department of Revenue's Equalization Section at 608-266-2149 or visit <http://www.revenue.wi.gov/faqs/slf/useassmt.html>.

Note that the act of rezoning property from an agricultural zoning district to a non-agricultural zoning district does not necessarily trigger the agricultural use conversion charge. It is when the use of the property changes from agricultural that the conversion charge is assessed.
