Independent auditors' report

To the County Board
Kenosha County
Kenosha, Wisconsin

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Kenosha County, Wisconsin (the "County") as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

OPINIONS

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the Health and Human Services and Transportation Services Special Revenue Funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

OTHER MATTERS

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 21 and the schedules relating to pensions and other postemployment benefits on pages 99 through 101 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The financial information listed in the table of contents as supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedules of expenditures of federal and state awards are presented for purposes of additional analysis, as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration, are also not a required part of the basic financial statements.

The supplementary information and the schedules of expenditures of federal and state awards are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, the schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2020, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

Our discussion and analysis of Kenosha County's financial performance provides an overview of the County's financial activities for the year ended December 31, 2019.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the County as a whole and present a long-term view of the County's finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements report the County's operations in more detail than the government-wide statements by providing information about the County's most significant funds.

Reporting the County as a Whole

The financial statements that present the County as a whole begin on page 22. One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the County as a whole and about its activities in a way that helps answer this question. These statements include all assets, liabilities and deferred outflows/inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the County's net position and changes in them. You can think of the County's net position - the difference between assets, liabilities and deferred outflows/inflows of resources - as one way to measure the County's financial health, or financial position. Over time, increases or decreases in the County's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the County's property tax base and the condition of the County's roads, to assess the overall health of the County.

To aid in the understanding of the Statement of Activities, some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenditures, and Changes in Fund Balance. You will notice that expenses are listed in the first column, with revenues from that particular function reported to the right. The result is a Net (Expense)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the County's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing, through fees and grants.

In the Statement of Net Position and the Statement of Activities, we divide the County into two kinds of activities:

Governmental activities: Most of the County's basic services are reported here, including law enforcement, parks, planning, capital projects, administration, and human services. Sales taxes, property taxes, fines, and state and federal grants finance most of these activities.

The functions and programs of the governmental activities are as follows:

- General Government includes the County Board, Circuit Court, Juvenile Intake, County Executive, County Clerk, Personnel, Information Systems, Finance, Purchasing, Treasurer, District Attorney, Corporation Counsel, Register of Deeds, Facilities, Medical Examiner, Health Insurance, Workers Compensation, and Liability Insurance.
- Health includes the Health Division and the health-related portion of the Division of Aging and Disability Services.
- Public Works includes the infrastructure depreciation.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

Governmental activities (continued):

- Public Safety includes the Sheriff, Joint Services, Federal Equitable Sharing and Emergency Services.
- Social Services includes Division of Children and Family Services, Division of Workforce Development, a portion of the Division of Aging and Disability Services, and Veterans.
- Education and Recreation includes Parks, UW Extension, and the Library.
- Conservation and Development includes Planning and Development, Economic Development, and the Housing Authority.

Business-type activities: Brookside Care Center and Willowbrook Assisted Living (Brookside), Highway and the Golf Courses are reported here. For Brookside and the Golf Courses, the County charges a fee to customers to help it cover all or most of the cost of certain services it provides. Highway is funded by grants and tax levy for County highways and via charges to other municipalities for services to roads not owned by the County.

Reporting the County's Most Significant Funds

The fund financial statements provide detailed information about the most significant funds - not the County as a whole. The County's two kinds of funds - governmental and proprietary - use different accounting approaches.

Governmental funds: Most of the County's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliations following the respective governmental funds' statements.

The governmental funds present separate columns for the major funds, including the General Fund, Human Services Fund, and Debt Service Fund. All other governmental activities including capital projects, library, housing authority, health department, GIS (Geographical Information System), and Federal Equitable Sharing are included in the non-major column. The General Fund includes the Sheriff, District Attorney, Courts, Juvenile Intake, Joint Services, Facilities, Parks, Veterans, Personnel, Emergency Management, Finance, Purchasing, Information Systems, Planning and Development, County Clerk, Treasurer, Register of Deeds, County Executive, Corporation Counsel, and the Medical Examiner. Revenues and expenditures not allocated back to departments (referred to as Non-Departmental in the County budget) are also included in the General Fund. Some of the larger elements included in Non-Departmental are shared revenue, sales tax, and the vacancy adjustment. The vacancy adjustment is a reduction of personnel costs based upon an estimate of County vacancies.

The Human Services Fund includes the Divisions of Children and Family Services, Workforce Development, Child Support, Aging and Disability Services.

The Debt Service Fund is used to account for debt payments of principal and interest and the taxes levied to cover the payments.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

Reporting the County's Most Significant Funds (continued)

Proprietary funds: When the County charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the County's enterprise funds are the same as the business-type activities we report in the government-wide statements, but provide more detail and additional information, such as cash flows. The proprietary funds include Golf, Brookside, Highway, Insurances, and the Human Services Building.

The County as Trustee

The County is the trustee, or fiduciary, for the Culich/Schneider Memorial Fund and for fees collected for the State of Wisconsin. The Culich/Schneider Memorial Fund is reported within the Brookside Care Center Fund because it is a restricted fund used solely for Brookside. We exclude the remaining activities from the County's other financial statements because the County cannot use these assets to finance its operations. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

THE COUNTY AS A WHOLE

Government-wide Financial Analysis

The condensed financial statements on the next two pages present the net position of the County and changes in net position. These statements are presented with comparisons to 2018.

Net position may serve over time as a useful indicator of a government's financial position. In 2019, the County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$88,117,376. The largest portion (\$90.8 million) reflects the County's investment in capital assets less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to the citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted net position amount which is subject to external restrictions on how it may be used is \$1.2 million.

The remainder of the County's net position total is the category of unrestricted net position which is normally used to meet the County's ongoing obligations to citizens and creditors. At the end of 2019, this category has a deficit balance of (\$3.9 million). This negative balance resulted primarily from the recording of other post-employment benefits for which the County has not funded. This category has shown an improvement of \$11.6 million from the previous year.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

THE COUNTY AS A WHOLE (continued)

Total assets for the County increased by \$14.1 million mainly resulting from investments in new capital assets of \$16.9 million. This was supplemented by a decrease in current and other assets of \$2.8 million. Deferred outflows of resources increased by \$20.6 million mostly related to the County's increase in the deferred outflows related to pension benefits.

Total liabilities increased by \$26.9 million due to a net increase in long term liabilities, particularly from the County's market share of the state pension fund swinging from an asset in 2018 to a liability in 2019. Additionally, the Governmental type activities show an increase in long-term liabilities because bond proceeds were issued to finance additional capital projects.

The County's total net position increased by \$5.7 million. Net investment in capital assets increased by \$3.8 million and restricted amounts decreased by \$9.7 million, mainly due to the swing from an asset in 2018 to a liability in 2019 of the Wisconsin Retirement System of \$12.0 million.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

THE COUNTY AS A WHOLE (continued)

Revenue for governmental activities increased by a net amount of \$4.4 million when compared to 2018. Key elements of this net increase are as follows:

- Increased property tax of \$0.33 million.
- Increase in sales tax revenue of \$0.9 million
- Increase in mental health CCS grants received through Human Services of \$0.3 million.
- Increase in HUD grants and Prevention grants through the Health Department \$0.4 million.
- Increase in Income Maintenance reimbursements \$1.0 million.
- Increase in new Human Services state grants of \$0.3 million
- Increase in Federal Interdepartmental Revenue of \$1.0 million.
- Increase in interest and investment income of \$0.2 million.
- Decrease in WIOA grants through Human Services of \$0.8 million.
- Decrease in penalty and interest on delinquent properties of \$0.8 million.
- Decrease in Federal inmate housing fees of \$0.6 million.

Expenditures for governmental activities increased by \$7.85 million when compared to 2018. Key elements of this increase are as follows:

- Increase in pension related expense of \$3.4 million.
- Increase in purchased services related to behavioral health for Human Services of \$1.4 million.
- Increase in purchased services related to the Health Divisions clinic, environmental, and public services of \$0.3 million.
- Increase in Human Services salaries of \$0.5 million.
- Increase in child welfare and social services for Human Services of \$1.7million.
- Decrease in Debt Service interest of \$0.5 million.

Revenue for the Business-type activities increased by \$8.4 million in 2019 when compared to 2018. Key elements of this increase are as follows:

- Increase of Brookside/Willowbrook Medicare, Medicaid and private pay revenues of \$1.0 million.
- Increase of Highway maintenance revenue of \$ 0.5 million.
- Increase of Federal/State Highway revenues for road projects of \$7.5 million.
- Decrease of Local Road Improvement Project funding of \$1.2 million.

Expenses for Business-type activities increased \$8.8 million in 2019 when compared to 2018. Key elements of this increase are as follows:

- Increase in Federal/State Highway road construction \$7.8 million.
- Increase in Brookside contractual services of \$0.3 million

(Unaudited)

THE COUNTY'S FUNDS

Kenosha County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. These funds, along with major changes that occurred in the County's funds are described below.

General Fund

The General Fund experienced an increase in the total fund balance. Sales tax revenues increased by \$0.91 million. Other items impacting the General Fund are discussed below.

Because of the approval of the Health Insurance internal service reserve policy, funds that otherwise would have lapsed to the General Fund remain in the Health Insurance internal service fund for a maximum of \$1.5 million as approved by County Board.

	2013	2014	2015	2016	2017	2018	2019
General Fund	11,588,684	15,080,088	18,200,731	18,421,373	19,640,114	18,718,617	19,834,327
Health Insurance	1,500,001	1,500,001	1,500,001	1,500,000	1,500,001	1,500,001	1,500,000
Total	13,088,685	16,580,089	19,700,732	19,921,373	21,140,115	20,218,618	21,334,327

The unassigned fund balance amount is significant, as this is the amount available for future expenditures if approved by the County Board. A summary of the primary elements for all funds resulting in the increase in unassigned fund balance in the General Fund is provided on page 15.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

THE COUNTY'S FUNDS (continued)

General Fund (continued)

The purpose of the General Fund fund balance reserve policy is:

- To maintain the fund balance of the General Fund at levels sufficient to protect the County's creditworthiness as well as its financial positions from unforeseeable emergencies.
- To ensure sufficient liquidity to provide for County obligations as they become due.
- To maintain the proper balance between maintaining a prudent level of reserves that is neither too low nor too high. The policy requires that the County maintain 17% of General Fund expenditures as unassigned fund balance in the General Fund. The County surpassed the 17% threshold by \$8.0 million at year-end 2019. See the summary on page 15 for an analysis of this.

In accord with this policy, available balances within the General Fund in excess of 17% may be used for capital expenditures and one-time operating expenditures. An amount not to exceed \$300,000 may be used for ongoing operational expenditures. In the 2019 financial statements, \$290,000 of funds from the General Fund was designated to fund a one-time expense for the 2020 budget. This policy does permit reserves to be used for mid-year budget transfers.

In compliance with County Board policy, the remainder of available and expendable resources from all non-lapsing funds has been transferred to the General Fund.

The following information summarizes the major items that impacted unassigned fund balance in the General Fund:

Items that affected the General Fund:

Sales Tax - Sales tax collections were higher than budgeted by \$1.1 million.

Insurance Internal Service Funds – The net health insurance spending was \$2.65 million more than was budgeted. The net effect to the General Fund was a \$1.0 million deficit due to \$305,000 charged to the proprietary funds of Brookside and Golf, and \$1.3 million in vacancy savings. In addition, the liability insurance spending was \$360,000 over budget with the net effect to the general fund of \$327,000 deficit due to the same factors stated above.

Vacancy Adjustment Surplus - Kenosha County reduces its total budgeted personnel costs using a vacancy adjustment. Historically, the County has an employee turnover rate in excess of 2%. Therefore, it is not necessary to fund 100% of all budgeted positions. In 2018, the budgeted County vacancy adjustment was \$665,500. In 2019, the General Fund was affected with a deficit effect of \$328,000 due to the vacancy adjustment.

Human Services – Revenues from Medicaid and government grants were \$2.4 million less than budgeted.

Sheriff – Fund balance was increased by an expense savings of \$0.59 million in the Sheriff's department personnel budget. This was offset by an amount of \$0.2 million revenue less than budget for housing of federal inmates and other Sheriff related revenues.

Elected Officials Revenue- The tax delinquency revenue and interest on taxes was \$760,000 less than budgeted.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

THE COUNTY'S FUNDS (continued)

General Fund (continued)

Decrease in Tax Delinquencies - The amount of delinquencies at year end 2019 was \$3.4 million compared to year end 2018 delinquencies of \$3.5 million or a decrease of \$0.1 million.

Highway revenues and expenses – Revenues from providing road services to the State, other municipalities and local transportation aids were \$306,000 less than budgeted. This was offset with a budget surplus in expenses for operations of \$231,000 resulting in a deficit of \$75,000.

Brookside Care Center Fund

The County's lapsing policy changed in 2016 allowing the Brookside Care Center fund to retain any surplus so their activity no longer affects the General Fund. The Brookside Care Center fund must also cover its losses within its operations. In prior years, Brookside was able to cover any losses within the Human Services Department. In 2018, the Brookside Care Center fund experienced a loss of \$2.2 million before transfers. This loss was expected due to the construction of the Willowbrook addition completed during the early part of 2018 which resulted in a decrease in available beds. In 2019, the Brookside fund experienced an increase in charges for service of \$1.6 million, and operating expenses increased by \$ 1.7 million for which resulted in a similar loss operating loss. External forces such as length of stay guidelines for rehabilitation services have affected the bottom line. Brookside continues to work on maximizing revenues while keeping quality care to progress through their long-term plans of being self-sufficient.

The long-term plan for Brookside/Willowbrook estimates a period of negative cash that will be recovered by 2028. The County set aside \$2.3 million as nonspendable for this long-term advance. Brookside will gain a positive cash balance during 2019 due to State budget approved rate increases for Medicaid and unexpected additional revenue from the State.

Golf Course Fund

Golf fee revenue was \$2.8 million for 2019. Any surplus remains in the Golf Course fund to cover future operations or capital outlays. This is the seventh year in a row in which this fund did not experience a deficit.

Summary of 2019 Operations: Review of Major Elements Impacting the Unassigned Fund Balance in the General Fund

2019 General Fund Year-End Forecast

In 2019, the County's general fund closed with an unassigned fund balance of approximately \$19.83 million or \$8.09 million over the County general fund reserve policy minimum threshold. This year end balance is 28.7% of the unaudited 2019 General Fund operating expenditures of \$69.11 million.

	Year End 2019
Prior Year Unassigned Reserves	\$18,718,617
<u>Items causing increase to the General Fund</u>	
Sales Tax revenue surplus	\$1,103,600
Decrease in Tax Delinquencies net of Profit/Loss Tax Deed Sale revenues	995,000
Workers Compensation Insurance surplus	599,285
Miscellaneous operating expenditures/revenues surplus	579,602
Human Services - Institute Placements net against Medicaid revenue surplus	385,000
Public Works operating expenditures/revenue surplus	222,500
Circuit Court/County Clerk/Register of Deeds revenue surplus	95,500
Sheriff - operating expenditures/revenue surplus	59,000
Total increases to General Fund	\$4,039,487
<u>Items causing decrease to the General Fund</u>	
Health Insurance deficit	(\$1,042,803)
Treasurer Tax Delinquency and Interest on Taxes revenue deficit	(760,000)
Vacancy	(328,000)
Liability Insurance deficit	(312,974)
Reserves to fund budget approved one time expenditures permitted by Reserve policy	(290,000)
Federal Inmate Housing/Other KSD revenue deficit	(190,000)
Total net reduction to Fund Balance	(\$2,923,777)
Year-end unassigned fund balance	<u>\$19,834,327</u>
Less: County Board minimum requirement of 17% of General Fund Expenditures	\$11,748,884
Amount over 17% Minimum	<u>\$8,085,443</u>

Year-End Unassigned General Fund Balance	\$19,834,327
Increase in General Fund Over Year Prior	1,115,710
General Fund Expenditures	\$69,111,083
Unassigned Reserves as a Percentage of General Fund Expense	28.70%

THE COUNTY'S FUNDS (continued)

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the County Board revised the County budget several times. These budget amendments fall into five categories.

- The first category includes amendments for continuing appropriations from the prior year. The carryover of these funds allows the County to complete projects previously authorized by the Board.
- The second category includes budget amendments done to reflect changes in intergovernmental aids and grants.
- The third category includes transfers the Board approved for use between appropriations to prevent budget overruns. All of the transfers in this category were done within the total budget.
- The fourth category includes transfers from the General Fund approved by the County Board.
- The fifth category is reprogrammed surplus funds re-budgeted for a new purpose using surplus funds identified as part of the year-end closeout. The County approved the reprogramming of \$100,000 for Kenosha County Veteran's Memorial Park improvements and \$128,427 for the Brookside Care Center facility improvements.

(Unaudited)

GENERAL FUND BUDGETARY HIGHLIGHTS (continued)

The County Board has approved all budget amendments. See "Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual" presented for the General Fund on page 29 for more detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The County continued the trend of growth in the General Fund in 2019 due to operations increasing by \$1.12 million in 2019. The fact remains that the balance reflects a material recovery from 2009, when the General Fund declined to \$5.9 million.

The County reached a milestone in 2012 when its General Fund unassigned balance exceeded 17% of general fund expenditures, climbing above the policy benchmark for the first time in 6 years. This trend continued in 2019 with the balance being \$19.8 million which is \$8 million above the 17%. Many factors contributed to this event, as explained in this report.

Now, as a result of many factors as reflected on page 15, the County exceeds its reserve policy benchmark. It is worth noting that the County was able to return to reserve policy compliance without a significant decrease in property tax delinquencies. As the economy continues to improve, a decline in delinquencies has demonstrated the ability to significantly increase reserves above the policy benchmark.

The General Fund had experienced a trend of increases in cash reserves, beginning in 2002 when the County Board implemented a permanent budget reduction of \$1.1 million with the adoption of Resolution 27. This permanent reduction combined with increases in sales tax revenue and other revenues, a reduction in juvenile placement costs and new revenue from the Sheriff for housing federal inmates enabled the County to adopt its budgets without the use of accumulated surplus. The year 2003 was the first year since 1997 that the County did not use a significant amount of reserves to fund ongoing operating costs. As a result of not using reserves to fund operating costs, unassigned fund balance in the General Fund had grown from \$5.7 million in 2001 to \$8.1 in 2002, to \$10.4 million in 2003, \$10.6 million in 2004, and \$11.5 million in 2005. However, because of the County policy to use reserves in excess of the 17% target to fund capital costs, it was expected that this trend in the growth of the level of reserves would end.

As predicted, in 2006, the General Fund declined from \$11.5 million to \$9.7 million. In 2007, this trend continued with a reduction to \$8.2 million. The primary reason for the decline in 2007 is that tax delinquencies increased by \$889,065, the vacancy adjustment was \$979,165 below budget, and sales tax collections were \$597,190 below budget.

KENOSHA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES (continued)

In 2008, the County was impacted by the recession. While the General Fund increased slightly, this was primarily because it borrowed \$2.6 million in lieu of using cash reserves to fund certain projects in lieu of using reserves, or to reimburse certain capital projects that had been financed with reserves.

The recession continued into 2009. The General Fund declined by \$2.5 million to \$6.2 million. The primary reason for the decline in the General Fund had been the increase in property tax delinquencies. From the low point of \$4 million in 2005, tax delinquencies have now decreased to \$3.5 million in 2019.

In 2010, the unassigned General Fund balance experienced an increase of \$1.4 million primarily due to a mid-year budget adjustment.

In 2012, the unassigned General Fund balance increased again due to many factors, including a surplus in health insurance and sales tax collections. Also, for the first time in 6 years, the unassigned General Fund balance was in compliance with County policy when it exceeded 17% of General Fund expenditures.

In 2013, the trend continued when the unassigned General Fund balance increased by \$1.8 million to \$11.6 million, and then in 2014, when the unassigned balance increased by \$3.5 million which represented 25% of general fund expenditures.

State and National events have had and will continue to have a significant impact upon the County. In 2017, the County demonstrated continued economic recovery, as property values of the average home in Kenosha County per equalized valuation (TID IN) increased from a low of \$97,000 in 2013 to \$175,198 in May of 2018. In 2019, we are well beyond economic recovery phase. Kenosha County is one of the strongest economic growth communities nationally. The current 5-year budget forecast reflects sustainability with regard to County operations. Because we are in such a rapid growth economy reduction in service does not appear to be necessary at this time. If it was necessary, the County is well prepared to deal with this.

The preliminary State 2019 – 2021 biennial budget does not change County levy limits. County operations are financially sustainable under these levy limits.

Other indicators of economic growth are the material decline in property tax delinquencies for Kenosha County from \$5.8 million in 2017 to \$3.4 million in 2019. Kenosha County also experienced a decline in the unemployment rate to a low of 3.9% at yearend 2019.

In calendar year 2020, the County as did the rest of the United States and more broadly the entire world, experienced an unprecedented economic downturn as a result of the COVID-19 pandemic. As of the audit date, the exact effect of this downturn is not fully known nor developed however, generally the County expects to see the effects of the pandemic both in its budgeted revenues and expenditures. In its revenues, the County is expecting a decrease in its sales tax revenue in the range of \$1.0 to \$1.5 million or 8 to 10 percent of its 2020 budget. In addition, as a result of the pandemic, the federal government removed its U.S Immigration and Customs Enforcement (ICE) detainees from the County housing facility in mid-March 2020 resulting in an estimated loss of revenue of \$4.3 million. This loss of revenue is significantly mitigated by the reduction in expenditures for personnel and related variable costs directly related to the housing of these detainees. Also regarding County expenditures, the County expects increased costs for personnel and other related expenditures in its Health Division as it works to assist State health officials in the area of testing and contact tracing. As of the audit date, the County has been awarded grants exceeding \$3 million for reimbursement of eligible costs related to the pandemic. The County will work diligently in drawing down from the grants to offset the increased costs relate to the pandemic. Overall, the County expects a net negative effect of the pandemic however, it does not appear as of the audit date to create a significant and material effect to the County's current excellent financial position.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of December 31, 2019, the County had \$228.8 million invested in net capital assets including land, buildings, park and golf facilities, vehicles, equipment, and infrastructure.

The \$15.4 million increase in construction in progress reflects the County's continued investment in roads related to new development projects that will increase the County's value in the years to come. See Notes to the Financial Statements page 62 through 65 for more detail about the capital assets. Summary report (rounded to millions) is as follows:

	Governmental Activities		Business-type Activities		Totals	
	2019	2018	2019	2018	2019	2018
Construction in progress	\$ 24.85	\$ 9.84	\$ 0.36	\$ -	\$ 25.21	\$ 9.84

CAPITAL ASSETS AND DEBT ADMINISTRATION (continued)

Debt

At year-end, the County had \$136,130,000 in outstanding general obligation debt.

Bonded debt outstanding at 12/31/18	\$ 124,885,000
Principal retired in 2019	(14,255,000)
Notes issued to fund 2019 capital projects	25,500,000
Debt outstanding at 12/31/19	<u>\$ 136,130,000</u>

New principal issued was \$25,500,000. Total general obligation debt outstanding increased by \$11,245,000 or 9%.

In 2016, Standard and Poor's Ratings Service revised its outlook to positive from stable and increased its 'AA' rating to 'AA+'. The outlook revision reflects S&P's view of the positive trends in economic indicators. Fitch Ratings also revised the County's rating to 'AA+' rating with a stable outlook.

In 2013, Moody's rating decreased from AA1 to AA2. The decline in equalized value was a major contributing factor to this decline. Prior to 2013, the County's credit rating with Moody's last changed in 2009 as part of Moody's recalibration. The Moody's credit rating increased to Aa1. Prior to that, the County received a rating increase from Moody's in 2007, from Aa3 to Aa2. Prior to 2007, the last change in the Moody's rating came in 2004, when it increased from A1 to Aa3. The most recent increase in the County's Standard and Poor's credit rating occurred in 2003 when the County's rating increased from AA- to AA.

Since 2008, the County has experienced an overall decline in total long-term obligations despite the increase in total debt outstanding to the present. County total long-term obligations hit its highest level of \$216.8 million in 2008, including the County's unfunded actuarial pension liability. As of yearend 2019, total County long-term obligations decreased to \$182.6 million compared to 2008 with the decrease due to reduction in post-retirement health insurance benefits (OPEB) liabilities along with the accrual liability for vacation/casual time.

The chart below reflects the change in Kenosha County long term obligations since the implementation of GASB 45. GASB 45 required that Kenosha County account for its long-term obligations relative to post retirement benefits for health insurance. Because of changes made to the County OPEB program, total long-term obligations have declined since the inception of GASB 45. In addition to making changes to post-retirement health insurance benefits, the County established a Paid Time Off (PTO) program in 2012. The program eliminated vacation accruals for all nonprotective employees by year end 2013. Changes to the post-retirement benefit for health insurance, combined with the implementation of the PTO program, will result in continued significant declines in County long term obligations. Effective 2018, the County adopted GASB 75 for OPEB liability for health insurance and retiree life insurance.

KENOSHA COUNTY TOTAL LONG TERM OBLIGATIONS								
	2012	2013	2014	2015	2016	2017	2018	2019

KENOSHA COUNTY
Reconciliation of the Governmental Fund Balance Sheet
and the Statement of Net Position
December 31, 2019

Total fund balances as shown on previous page \$ 35,797,449

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds. 192,142,659

Other long-term assets are not available to pay current period expenditures and therefore are deferred in the funds.

Loans receivable 1,191,246

Net position of the internal service fund is reported in the statement of net position as governmental activities 3,029,559

Some deferred outflows and inflows of resources reflect changes in long-term liabilities and are not reported in the funds.

Loss on advance refunding	125,178
Deferred outflows related to pensions	31,511,949
Deferred inflows related to pensions	(16,107,399)
Deferred outflows related to other postemployment benefits	6,274,603
Deferred inflows related to other postemployment benefits	(871,450)

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Bonds and notes payable	(117,840,000)
Premium on debt	(4,296,846)
Net pension liability	(11,651,684)
Compensated absences	(127,494)
Other postemployment benefit	(40,297,284)
Accrued interest on long-term obligations	<u>(1,080,456)</u>

Net position of governmental activities as reported on the statement of net position \$ 77,800,029

See accompanying notes to the financial statements.

KENOSHA COUNTY
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2019

Net Change in Fund Balances - Total Governmental Funds	\$	1,827,364
--	----	-----------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital assets reported as capital outlay in governmental fund statements		13,919,618
Contributed capital assets		14,145,766
Depreciation expense reported in the statement of activities		(10,412,103)
Net book value of disposals and adjustments		(175,523)

Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the statement of activities when earned.

1,692

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Long-term debt issued		(25,500,000)
Premium on debt issued		(1,371,751)
Principal repaid		14,255,000

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds:

Accrued interest on long-term debt		(65,537)
Amortization of premiums, discounts and loss on advance refunding		492,706
Loss on advance refunding		(41,726)
Compensated absences		(27,362)
Net pension asset		(9,566,877)
Net pension liability		(11,651,684)
Deferred outflows of resources related to pensions		13,957,862
Deferred inflows of resources related to pensions		2,771,652
Other postemployment benefits		(2,678,531)
Deferred outflows of resources related to other postemployment benefits		2,259,961
Deferred inflows of resources related to other postemployment benefits		(505,833)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.

(417,488)

Change in net position of governmental activities as reported in the statement of activities		
--	--	--

	\$	1,217,207
--	----	-----------

See accompanying notes to the financial statements.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Kenosha, Wisconsin conform to generally accepted accounting principles as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of Kenosha County. The reporting entity for the County consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A legally separate organization should be reported as a component unit if the elected officials of the primary government are financially accountable to the organization. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to or burdens on the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government.

A legally separate tax exempt organization should be reported as a component unit of a reporting entity if all the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units or its constituents, (2) the primary government is entitled to or has the ability to otherwise access a majority of the economic resources received or held by the separate organization, (3) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to or has the ability to otherwise access are significant to that primary government. This report does not contain any component units.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The County allocates indirect expenses to functions in the Statement of Activities by using a cost allocation plan. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which, are considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, deferred outflows/inflows of resources, fund equity, revenues, and expenditure/expenses.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

Funds are organized as major funds or non-major funds within the governmental, proprietary, and fiduciary statements. An emphasis is placed on major funds within the governmental and proprietary categories.

A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

- a. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental fund or enterprise fund that met the 10 percent test is at least 5 percent of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or proprietary fund that the County believes is particularly important to financial statement users may be reported as a major fund.

The County reports the following major governmental funds:

- General – accounts for and reports all financial resources not accounted for and reported in another fund.
- Human Services – Accounts for resources legally restricted to supporting expenditures for the Social Services and Aging programs.
- Debt Service – accounts for resources accumulated and payments made for principal and interest on long-term debt other than enterprise fund debt.

The County reports the following major enterprise funds:

- Brookside Care Center – accounts for the operations of the County nursing home including the Willowbrook assisted living home.
- Highway – accounts for the maintenance of the County, state and local roads.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The County reports the following non-major governmental and enterprise funds:

- Special Revenue Funds – used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. These specific restricted or committed revenues should be the foundation for a special revenue fund. These funds are:

Housing Authority	Federated Library System
Health Department	Geographic Information Systems
Federal Inmate	Sheriff Federal Equitable Sharing
Federal Equitable Sharing	

- Capital Projects Funds – used to account for financial resources to be used for the acquisition or construction of equipment and/or major capital facilities. These projects include:

Parkland Development	Energy Reduction Technology
Public Safety Access Point	Other Capital Projects
Public Safety Building	

- Enterprise Fund – Golf Course Fund – accounts for the operations of the County golf courses.

In addition, the County reports the following fund types:

- Internal Service Funds - used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis. These funds consist of:

Human Services Building	Workers' Compensation
Health Insurance	General Liability Insurance

- Agency Funds - used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units. These funds consist of the following:

Clerk of Courts	Social Services
Child Support	Other Agency Funds

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows of resources. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special charges are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for human services, victim witness, and other reimbursable grants, for which available is defined as 180 days. This exception is necessary because the funding source reimbursement process routinely extends to this period and the revenue then more appropriately matches to the related expenditures. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows of resources. They are recognized as revenues in the succeeding year when services financed by the levy are being provided. Sales taxes are recognized as revenues in the year in which the underlying sales relating to it take place.

Intergovernmental aids and grants are recognized as revenues in the period the County is entitled to the resources and the amounts are available. Amounts owed to the County which are not available are recorded as receivables and liabilities or deferred inflows. Amounts received prior to the entitlement period are also recorded as liabilities or deferred inflows.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION
(cont.)

Fund Financial Statements (cont.)

Special charges are recorded as revenues when they become measurable and available as current assets. Annual installments due in the future years are reflected as receivables and unearned revenues. Delinquent special assessments being held for collection by the County are reported as receivables and due to other governments in the General Fund.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special charges and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

The County reports unearned revenues on its governmental funds balance sheet. Deferred inflows of resources arise from taxes levied in the current year which are for subsequent years' operations. For governmental fund financial statements, unearned revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period.

Unearned revenues also arise when resources are received before the County has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note. Agency funds use the accrual basis of accounting and do not have a measurement focus.

The proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION
(cont.)

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows, the County considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

The County has adopted an investment policy which follows the state statute for allowable investments. Available investments are limited to:

1. Time deposits in any credit union, bank, savings bank or trust company maturing in three years or less.
2. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority or the Wisconsin Aerospace Authority.
3. Bonds or securities issued or guaranteed by the federal government.
4. The local government investment pool.
5. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
6. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
7. Repurchase agreements with public depositories, with certain conditions.

Investments are stated at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of accounting funds is allocated based on average balances. The difference between the bank balance and carrying value is due to outstanding checks and/or deposits in transit.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2019 the fair value of the County's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note IV. A. for further information.

2. Receivables

The County's property taxes are levied on or before December 31 on the equalized valuation as of the prior January 1 for all general property located in the county. The taxes are due and payable in the following year.

Property taxes are recorded in the year levied as receivables and deferred inflows of resources. They are recognized as revenues in the succeeding year when services financed by the levy are being provided. If not collected by July 31, the delinquent property taxes are recorded as delinquent taxes receivable and nonspendable fund balance in the general fund. Interest on delinquent property taxes is recognized as revenue when received.

The County purchases uncollected property taxes from other taxing authorities as the unpaid amount to facilitate the collection of taxes.

The purchases are a financing arrangement and are not included in property tax revenues. Delinquent property taxes purchased from other taxing authorities are included as a nonspendable fund balance at year end. Delinquent special assessments are recorded as a receivable and due to other units of government until collected and paid to the taxing jurisdiction.

Property taxes as levied are collected by local treasurers until January 31 in eleven municipalities and July 31 in two municipalities. At the end of the local treasurer's collection process, a settlement between the County treasurer and local treasurers determine the amount due the various taxing districts. Tax collection becomes the responsibility of the County and delinquent taxes receivable represent unpaid taxes levied for all taxing entities within the County. On August 31, the tax lien date, all unpaid taxes are reflected as tax certificates. No allowance for losses on delinquent taxes has been provided because the County has demonstrated its ability to recover any losses through the sale of property.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

2. Receivables (cont.)

Following is the property tax calendar for municipalities within the County except for the City of Kenosha and the Village of Pleasant Prairie which collect taxes in three installments through July 31.

Property tax calendar – 2019 tax roll:

Lien date and levy date	December 2019
Tax bills mailed	December 2019
Payment in full, or	January 31, 2020
First installment due	January 31, 2020
Second installment due	July 31, 2020
Personal property taxes in full	January 31, 2020
Tax sale – 2018 delinquent real estate taxes	October 2022

During the course of operations transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as “due to and from other funds”. Long-term interfund loans (noncurrent portion) are reported as “advances from and to other funds”. Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

The County has a 0.5% sales tax which is collected by the State of Wisconsin and remitted to the County monthly. Sales tax is accrued as a receivable when the underlying sale related to it takes place. At December 31, 2019, the County has accrued two months of the subsequent year’s collections as receivable. In 2019, sales tax revenue totaled \$15,753,704 of which \$2,864,201 has been accrued.

The County has received federal grant funds for economic development and housing rehabilitation loan programs to various businesses and individuals. The County records a loan receivable when the loan has been made and funds have been disbursed.

It is the County’s policy to record deferred inflow in the governmental funds for the net amount of the receivable balance. As loans are repaid, revenue is recognized. When new loans are issued from the repayments, expenditures are recorded. In the government-wide statements, revenue is recorded when new loans are made. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

3. Inventories and Prepaid Items

Governmental fund inventory items are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund inventories are generally used for construction and for operation and maintenance work. They are not for resale. They are valued at cost based on weighted average, and charged to construction, and/or operation and maintenance expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

5. Capital Assets

Government-Wide Financial Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 (Brookside Care Center's threshold is \$1,000) for general capital assets and infrastructure assets, and an estimated useful life based on the asset type. All capital assets are valued at historical cost, or estimated historical cost, if actual amounts are unavailable based on the amount provided by the appraisal firm retained by the County. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation/amortization.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

5. Capital Assets (cont.)

Depreciation/amortization of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation/amortization reflected in the Statement of Net Position. Depreciation/amortization is provided over the assets' estimated useful lives using the straight-line method of depreciation/amortization. The range of estimated useful lives by type of asset is as follows:

Intangible Assets	3-5 Years
Land Improvements	20 Years
Buildings	50-100 Years
Machinery and Equipment	5-40 Years
Infrastructure	15-50 Years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

6. Other Assets

In all funds, debt issuance costs are recognized as expenditures in the current period. GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, requires debt issuance costs to be expensed in the period incurred, rather than recorded as assets and amortized over the life of the related debt issue. Discounts and premiums are amortized over the life of the related debt issue.

7. Compensated Absences

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements. Sick leave does not vest.

Vested vacation and casual days are accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and are payable with expendable available resources.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

7. Compensated Absences (cont.)

Non-classified employees are subject to a PTO (paid time off) bank in which unused benefit time is not matured at resignation or retirement. Previously, these employees earned vacation and casual benefit days during the current year for the following year. Currently, two bargaining units will accrue a full year of compensated benefit time that can mature. All other employees will have PTO banks and the benefit time will not be a liability to the County.

Accumulated liabilities at December 31, 2019 are determined on the basis of current salary rates and include salary related payments.

8. Deferred Outflows/Inflows of Resources

Deferred outflows of resources are a consumption of net position by the government that is applicable to a future reporting period. Deferred inflows of resources are an acquisition of net position by the government that is applicable to a future reporting period. The recognition of those outflows and inflows as expenses or expenditures and revenues are deferred until the future periods to which the outflows and inflows are applicable.

Governmental funds may report deferred inflows of resources for unavailable revenues. The County reports unavailable revenues for special assessments and loan receivables. These inflows are recognized as revenues in the government-wide financial statements.

9. Long-Term Obligations/Conduit Debt

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable and accrued compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources. The payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are deferred and amortized over the life of the issue using the effective interest method. Gains or losses on prior refunding are amortized over the remaining life of the old debt, or the life of the new debt, whichever is shorter. The balance at year end for both premiums/discounts is shown as an increase or decrease in the liability section of the balance sheet.

In September 2009, the County Board authorized issuance of conduit debt titled "Kenosha County, Wisconsin Community Facility Revenue Bond, Series 2009" whose principal may not exceed \$8,300,000. The purpose of the bond was to assist a nonprofit community organization in the construction of a facility within the County. In 2013, the agency refinanced this bond at \$5,713,550. In 2019, the interest rate was reset to 78% of Libor plus 3.60% and will be reset every five years.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

The bank covenant also requires the agency to prepay \$60,000 by December 1 of each year. Final maturity of the bond is September 2034. The bond is secured by various assets of the borrower. The balance of the debt as of December 31, 2019 is \$4,538,589.

The County has no liability for this conduit debt in the event of default by the borrowers. Accordingly, the bonds are not reported as liabilities in the County's financial statements.

10. Claims and Judgments

Claims and judgments are recorded as liabilities if all of the conditions of Government Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred. See Note V. B. on commitments and contingencies.

11. Equity Classifications

Government-Wide Financial Statements

Equity is classified as net position and displayed in three components:

- a. Net Investment in Capital Assets – includes the County's capital assets (net of accumulated depreciation and capital related deferred outflows of resources) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets and any capital related deferred inflows or outflows of resources, deferred loss on refunding and any unspent bond proceeds. Certain capital assets reported in the proprietary funds are financed by debt for which the governmental funds are making payment.
- b. Restricted Net Position – includes assets that have third party (statutory, bond covenant, or granting agency) limitations on their use. The County typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a future project.
- c. Unrestricted Net Position – typically includes unrestricted liquid assets. The County has the authority to revisit or alter this position.

The calculation of net investment in capital assets includes the adjustment for capital assets owned by the business-type activities column, but financed by the debt of the governmental activities column. See Note IV. C. Capital Assets for detail.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

11. Equity Classifications (cont.)

Fund Financial Statements

Governmental fund equity is classified as fund balance. GASB 54 requires the fund balance amounts to be reported in the following categories:

- a. Nonspendable – Amounts that cannot be spent either because they are in a nonspendable form, or because they are legally or contractually required to be maintained intact.
- b. Restricted – Amounts that can be spent only for the specific purposed stipulated by constitution, external resource providers, or through enabling legislation.
- c. Committed – Amounts that can be used only for the specific purposed determined by a formal action or resolution of the County Board (the County's highest level of decision-making authority).
- d. Assigned – Amounts that are intended to be used for a particular purpose expressed by the Board or other authorized committee or individual.
- e. Unassigned – All amounts not included in other spendable classifications.

It is the practice of the County to spend committed amounts first followed by assigned then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the fund balance classifications could be used.

Proprietary fund equity is classified the same as in the government-wide statements.

NOTE II – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities applicable to the County's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities.” All liabilities, both current and long-term, are reported in the statement of net position.

Internal service funds are classified as proprietary funds in the fund statements but as governmental activities in the government-wide statements.

Internal Service Funds:	
Human Services Building	\$ 1,529,559
Health Insurance	<u>1,500,000</u>
Total	<u>\$ 3,029,559</u>

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I.

For the governmental funds, a budget has been adopted for the general fund, special revenue funds, debt service fund, and capital projects funds. Comparisons of actual to budget are presented in the basic financial statements for the general fund and human services special revenue fund. Budgetary comparisons are not required for proprietary funds.

The budgeted amounts presented include any amendments made. Various approvals are required to transfer budgeted amounts within departments, between departments, or changes to the overall budget.

The County follows these procedures in establishing the budgetary data reflected in the basic financial statements:

Prior to November, County Executive submits to the County Board a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them. After submission to the governing body, public hearings are held to obtain taxpayer comments. Following the public hearings, the proposed budget, including authorized additions and deletions, is legally enacted by County Board action.

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America and the modified accrual basis of accounting. Budgets are adopted for all the funds. The Amended Budget is defined as the originally approved budget plus or minus approved amendments. Individual amendments throughout the year were not material in relation to the original budget. Appropriations lapse at year end unless specifically carried over. Continuing appropriations to the following year are included in assigned fund balance (for government funds) as follows:

General Fund	\$ 660,383
Special Revenue Funds	7,369
Capital Projects Funds	<u>6,788,269</u>
	<u>\$ 7,456,021</u>

During the year, formal budgetary integration is employed as a management control device for all funds. Expenditures may not exceed appropriations provided in detailed budget accounts maintained for each activity or department of the County. Excess expenditures were funded using budget transfers from other departments and available fund balance in the governmental funds. Amendments to the budget during the year require initial approval by management and are subsequently authorized by the County Board.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont)

B. GOVERNMENTAL FUNDS - EXCESS EXPENDITURES OVER APPROPRIATIONS

The County controls expenditures at the business unit level which is defined as a cost center. There were no expenditure line item accounts that experienced expenditures which exceed appropriations.

C. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

The following fund had deficit balances at December 31, 2019:

<u>Fund</u>	<u>Amount</u>
Capital Projects – Public Safety Building	2,399,139

Future borrowing or transfers from other funds are expected to finance the deficit.

D. LIMITATIONS ON THE COUNTY'S TAX LEVY RATE AND ITS ABILITY TO ISSUE NEW DEBT

The State budget repealed the county operating tax (mill) rate limit. Counties remain subject to levy limits and current law provisions pertain to the issuance of debt.

The State budget continues the property tax “freeze” by limiting levy growth (with some exceptions) to the greater of 0.0 percent or the change in property values due to net new construction. Levy limit exceptions for debt service, service consolidations, and annexations are retained. The budget increases the carry forward of unused levy capacity (“use it or lose it”) from 0.5 percent of the prior year’s levy to 1.5 percent. In order for a county to carryforward unused levy capacity of up to 0.5 percent, a simple majority vote of the board is required. In order for a county to carry forward between 0.5 percent and 1.5 percent, a super majority vote of the board is required.

The budget also includes an exception to the pre-2005 negative debt adjustment for counties that do not carry forward unused levy capacity from the prior year.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

Deposits with financial institutions within the State of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for the combined amount of all time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the State of Wisconsin are insured by the FDIC in the amount of \$250,000 for the combined amount of all deposit accounts per official custodian per depository institution. The National Credit Union Share Insurance Fund (NCUSIF) insures a member's interest in all joint accounts combined in federally insured credit unions up to \$250,000. Also, the State of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available. This coverage has been considered in determining custodial credit risk.

The County has an agreement with Johnson Bank for collateralization of its deposits and investments. The bank has pledged \$6,070,947 of various governmental securities as collateralization for the County's deposits.

The County maintains a cash and investment pool that is available for use by all funds. The carrying amount of the various fund types on December 31, 2019 are as follows:

General	\$	15,845,121
Special Revenue		398,834
Capital Projects		7,629,507
Debt Service		513,466
Enterprise		5,419,309
Internal Service		5,461,046
Agency		5,257,138
	\$	<u>40,524,421</u>

The distribution of deposits and investments is as follows:

Petty Cash	\$	10,810
Deposits with financial institutions		5,698,406
Deposits with external administrators		2,179,719
Investments		32,635,486
	\$	<u>40,524,421</u>

Deposits – Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the custodian holding the County's deposits, the deposits may not be returned.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

As of December 31, 2019, the carrying amount of the County's deposits was \$5,698,406 and the bank balance was \$7,033,154. As of December 31, 2019, \$6,070,547 of the County's deposits with financial institutions were in excess of federal and state depository insurance limits of which all were collateralized with securities held by the pledging financial institution or its trust department or agent but not in the County's name. In addition, the County maintains petty cash funds in the amount of \$10,810.

Investments

The County's investment policy follows Wisconsin State Statute 34 and County ordinance which delegates authority to the Treasurer to invest money of the County, to sell or exchange securities purchased and to provide for the safekeeping of such securities. The County contracts with investment advisory firms for investment management services.

State statutes authorize the County to invest in obligations of the U.S. Treasury, agencies and instrumentalities; obligations of Wisconsin governmental units; bonds issued by a local exposition district, a local professional baseball park district, the University of Wisconsin Hospitals and Clinics Authority or by the Wisconsin Aerospace Agency; time deposits with maturities of less than three years in any financial institution in Wisconsin; the State of Wisconsin Local Government Investment Pool; any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency; securities of an open-end management investment company or investment trust subject to various conditions and investment options; and repurchase agreements with public depositories, with certain conditions. The County only deposits and invests its monies in investments allowed by State Statute.

Investments are stated at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair values are based on quoted market prices. No investments are recorded at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income.

The County has investments in the Wisconsin local government investment pool of \$18,296,804 at year-end. The Wisconsin local government investment pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2019, the fair value of the County's share of the LGIP's assets was substantially equal to the carrying value.

Investment Risk Factors

There are many factors that can affect the value of investments, such as credit risk, custodial credit risk, interest rate risk and foreign currency risk.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Credit Risk

Fixed income securities are subject to credit risk, which is the risk that a bond issuer will fail to pay interest or principal in a timely manner, or that negative perceptions of the issuer's ability to make payments will cause security prices to decline. The circumstances may arise due to a variety of factors such as financial weakness, bankruptcy litigation and/or adverse political developments.

A bond's credit quality is an assessment of the issuer's ability to pay interest on the bond, and ultimately, to pay the principal. Credit quality is evaluated by one of the independent bond rating agencies, such as Moody's Investors Service (Moody's) or Standard and Poor's (S&P). The lower the rating, the greater the risk, in the rating agency's opinion, that the bond issuer will default or fail to meet its payment obligations. Generally, the lower a bond's credit rating, the higher its yield should be to compensate for the additional risk.

Certain fixed income securities, including obligations of the U.S. government or those explicitly guaranteed by the U.S. government are not considered to have credit risk.

The credit risk profile for fixed income securities at December 31, 2019 is as follows:

U.S. Government Guaranteed		
Investment	Moody's Rating	Amount
AIM		
Government & Agency- Institutional	AAA	\$ 5,939,809
Treasury - Institutional	AAA	263,085
DANA		
International Bank for Reconstruction and Development	AAA	307,888

Small Business Association	AAA	663,018
Total U.S. Government Guaranteed		14,229,171
Pooled Funds		
Wisconsin Local Government		
Investment Pool	Unrated	18,296,804
Money Market Accounts		
DANA Money Market Account	AAA	109,511
Total Money Market Accounts		109,511
Grand Total		\$ 32,635,486

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the custodian holding the County's investments, the investments may not be returned.

The County's Investment Policy requires all investment institutions acting as a depository for the County to enter into a "depository agreement" requiring the depository to pledge collateral to secure deposits over and above the \$250,000 of federal depository insurance and the \$400,000 covered by the State Deposit Guarantee. All securities serving as collateral shall be specifically pledged to the County (not as part of a pooled fund) and placed in a custodial account at a Federal Reserve Bank, a trust department of a commercial bank, or through another financial institution. The custodian may not be owned or controlled by the depository institution or its holding company unless it is a separately operated trust institution. The custodian shall send statements of pledged collateral to the Treasurer's Office on a monthly basis.

The County's Investment Policy does not address custodial credit risk for investments. In practice, all of the County's investments are held in the County's name by a third party custodian (a bank trust company), or are part of an external investment pool. There is no custodial credit risk exposure for these investments.

Concentration of Credit Risk

Concentration of credit risk is the risk associated with a lack of diversification of having significant funds invested in a few individual issuers, thereby exposing the County to greater risks resulting from adverse economic, political, regulatory, geographic or credit developments. The County's Investment Policy follows the "prudent investor rule" which strives toward the preservation of capital and diversification of the portfolio to minimize losses.

Major issuers (over five percent of total investments) in the County's portfolio as of December 31, 2019 are as follows:

Issuer	Amount	Percentage
Federal National Mortgage Association	\$ 2,863,085	9%
U.S. Treasury	6,510,782	20%
Federal Home Loan Mortgage Corp.	3,774,692	12%
Other issuers (none over 5%)	19,486,927	60%
	<u>\$ 32,635,486</u>	100%

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Interest Rate Risk

The County's Investment Policy does not address interest rate risk for its investments. In practice, the County contracts with professional portfolio management firms for its investments. Each portfolio management firm has been assigned a widely recognized benchmark consistent with their management strategy.

AIM has been assigned the Lehman Intermediate Government Index as their benchmark. Dana Investment Advisors uses the Merrill Lynch three month Treasury Bill index as their official benchmark.

In addition to using the assigned benchmarks to evaluate the performance of the portfolio management firms, the firms also manage interest rate risk by maintaining the effective duration of their portfolios consistent to the duration of the assigned benchmark. The duration of the County's overall investments at December 31, 2019 is as follows (total duration includes money market accounts, which are not listed in the table):

<u>Investment Type</u>	<u>Amount</u>	<u>Effective Duration</u>
Federal Home Loan Mortgage Corp. (FHLMC)	\$ 3,774,692	Average 270 days
International Bank for Reconstruction and Development (World Bank)	307,888	Average 573 days
Federal Farm Credit Bank	410,658	Average 420 days
Federal National Mortgage Association (FNMA)	2,863,085	Average 179 days
Government National Mortgage Association	6,937	Average 274 days
Small Business Association	663,018	Average 139 days
	<u>\$ 8,026,278</u>	

For money market fund investments and the Wisconsin Local Government Investment Pool, weighted average maturity is used to measure interest rate risk. The weighted average maturity of all of the County's money market investments at December 31, 2019 is as follows:

<u>Fund Name</u>	<u>Amount</u>	<u>Weighted Average Maturity</u>
Wisconsin Local Government Investment Pool	\$ 18,296,804	16 days
AIM Short Term Government & Agency	5,939,809	17 days
AIM Short Term Treasury	263,085	24 days
	<u>\$ 24,499,699</u>

A. DEPOSITS AND INVESTMENTS (cont.)

Fair Value Measurements

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

Methods Used to Value Investments

Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant observable inputs. Level 2 consists of government and debt securities with reported fair values obtained from independent pricing services. Level 3 inputs are significant unobservable inputs.

	Fair Value Measurements Using:		
	Level 1	Level 2	Level 3
U.S. Treasuries	\$ -	\$ 263,085	\$ -
U.S. Agencies	-	6,609,764	-
Money market mutual funds	109,511	-	-
World Bank	-	307,888	-
FFCB	-	410,658	-
FNMA	-	2,863,085	-
FHLMC	-	3,774,692	-
	<u>\$ 109,511</u>	<u>\$ 14,229,172</u>	<u>\$ -</u>

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES

Accounts receivable are recorded at gross amount with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that the amount of such allowance would not be material to the financial statements.

Loans issued by the Housing Authority are not due until the related real estate property is sold by the borrower. Therefore, the amount that will be due within one year cannot be determined.

Delinquent property taxes purchased from other taxing authorities are reflected as nonspendable fund balance at year-end. Delinquent property taxes collected within sixty days subsequent to year-end are considered to be available for current expenditures and are therefore excluded from the nonspendable portion of fund balance. The County adjusts the nonspendable fund balance for delinquencies by the full amount net of the first sixty days of collections in the following year.

For the year ended December 31, 2019, collections in the first sixty days aggregated \$442,974. Therefore, the delinquent property tax nonspendable fund balance is \$3,844,188 less \$442,974 or \$3,401,214.

At December 31, 2019, delinquent property taxes by year levied consists of the following:

	<u>Total</u>	<u>County Levied</u>	<u>County Purchased</u>
Tax Certificates			
2018	\$ 2,160,070	\$ 361,530	\$ 1,798,540
2017	1,060,185	177,443	882,742
2016	310,152	51,910	258,242
2015	103,759	17,366	86,393
2014	60,460	10,119	50,341
2013	36,776	6,155	30,621
2012	27,255	4,562	22,693
2011 and prior	85,532	14,315	71,217
Total Tax Certificates	<u>3,844,188</u>	<u>\$ 643,400</u>	<u>\$ 3,200,788</u>
Delinquent Special Assessments	662,903		
Tax Deeds held by County	1,846,596		
Other	<u>1,440</u>		
Total Delinquent Property Taxes Receivable	<u>\$ 6,355,126</u>		

For economic development loans, the County is limited by the Wisconsin Department of Commerce to the amount of program income from economic development loans it may retain and loan to other businesses. Program income includes the principal and interest received from economic development loans repayments. Based upon its current population, the County may retain \$750,000. At December 31, 2019, the County has not exceeded its maximum retention cap. If it does, a liability to the state will be recorded.

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

C. CAPITAL ASSETS

The County defines their capital assets as assets with an initial individual cost of more than \$5,000. The addition column represents the new assets in 2019 including new infrastructure assets. The deletion column represents the assets that were discarded in 2019.

Capital asset valuation and activity for the year ended December 31, 2019 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental Activities, excluding Internal Service Capital Assets				
Capital Assets not being depreciated:				
Construction in Progress	\$ 9,837,471	\$ 17,129,605	\$ (2,117,421)	\$ 24,849,654

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund		\$ 4,840,370
Health Insurance		2,983,522
Other Capital Projects		2,710,117
	Human Services	(110,758)
	Health Department	(843,384)
	Public Safety Building	(2,338,607)
	Public Safety Access Point Project	(371,511)
	Brookside Care Center	(6,733,540)
	Golf	(136,209)
		<u>\$ -</u>

All of these balances are expected to be repaid within the year.

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. For the statement of net position, interfund balances which are owed within the governmental activities or business-type activities are netted and eliminated.

Amounts owed between governmental and business-type activities are shown as “internal balances” on the statement of net position.

Noncurrent portions of the interfund receivables for the governmental funds are reported as “advances due from other funds” and “advances due to other funds” and are offset by nonspendable fund balance since they do not constitute expendable available financial resources and therefore are not available for appropriation.

Long-term Cash Advances to Finance Operating Cash Deficits of Other Funds

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund		\$ 2,288,000
	Brookside Care Center	(2,288,000)
		<u>\$ -</u>

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (cont.)

The following is a schedule of interfund transfers in the governmental fund statements:

Fund Transferred To	Fund Transferred From	Amount		Principal Purpose
		In	Out	
Public Safety Bldg Remodel		208,370		Transfer Reserves for Capital Projects
Brookside		205,000		
Other Capital Projects		365,225		
	General Fund		415,000	
	PSAP Update		145,546	
	Other Capital Projects		62,824	
	Highway		155,225	
Other Capital Projects		16,000		Transfer for purchase of equipment shared between Golf and Parks.
	Golf		16,000	
Human Services		970,821		Surplus available to cover deficit
	Human Services Building		970,821	
Sheriff Equitable Sharing		65,020		Closeout Federal Equitable Sharing Fund
	Federal Equitable Sharing		65,020	
General Fund		849,476		Surplus available to lapse into General Fund.
	Federal Inmate		849,476	
Brookside		94,000		To allocate bond proceeds to appropriate funds per adopted budget.
Golf		202,000		
Highway		13,954,291		
Human Services Building		45,000		
	Other Capital Projects		14,295,291	
	Totals	<u>\$ 16,975,203</u>	<u>\$ 16,975,203</u>	

The following reconciles the governmental statements to the government-wide presentation:

	Governmental Activities	Business-type Activities
Net activity above	\$ (13,358,245)	\$ 13,358,245
Infrastructure	14,145,766	(14,145,766)
Internal service elimination	(925,821)	925,821
Transfer in, (out)	<u>\$ (138,300)</u>	<u>\$ 138,300</u>

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (cont.)

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

E. LONG-TERM OBLIGATIONS

Long-term obligations activity for the year ended December 31, 2019 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Amounts Due Within One Year
Governmental Activities					
Bonds and Notes Payable:

Total Business-type Activities- Long-Term Obligations	\$ 24,438,540	\$ 603,179	\$ 39,999	\$ 25,001,720	\$ 915,286

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

E. LONG-TERM OBLIGATIONS (cont.)

General Obligation Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the County. Notes and bonds in the governmental funds will be retired by future property tax levies accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

In accordance with Wisconsin Statutes, total general obligation indebtedness of the County may not exceed five percent of the equalized value of taxable property within the County's jurisdiction. The debt limit as of December 31, 2019, was \$841,566,955. Total general obligation debt outstanding at year end was \$136,130,000.

2035-2039	3,855,000	270,794	1,550,000	62,000
Totals	<u>\$ 117,840,000</u>	<u>\$ 18,426,071</u>	<u>\$ 18,290,000</u>	<u>\$ 6,471,725</u>

Other Debt Information

Estimated payments of compensated absences are not included in the debt service requirement schedules. The compensated absences and post-retirement benefits liability attributable to governmental activities will be liquidated primarily by the general fund.

There are a number of limitations and restrictions contained in the various bond indentures and loan agreements. The County believes it is in compliance with all significant limitations and restrictions.

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. PENSION PLAN

Summary of Significant Accounting Policies

Pensions. For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011 and expected to work at least 1200 hours a year and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits provided. Employees who retire at or after age 65 (54 for protective occupations and 62 for elected officials and executive service retirement plan participants, if hired on or before 12/31/2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. PENSION PLAN (cont.)

General Information about the Pension Plan (cont.)

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

Post-Retirement Adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

Year	Core Fund Adjustment	Variable Fund Adjustment
2008	6.6	0
2009	(2.1)	(42)
2010	(1.3)	22
2011	(1.2)	11
2012	(7.0)	(7)
2013	(9.6)	9
2014	4.7	25
2015	2.9	2
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee Category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the year ending December 31, 2019, the WRS recognized \$4,306,385 in contributions from the employer.

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. PENSION PLAN (cont.)

General Information about the Pension Plan (cont.)

Contribution rates for the reporting period are:

Employee Category	Employee	Employer
General (including executives, and elected officials)	6.7%	6.7%
Protective with Social Security	6.7%	10.7%
Protective without Social Security	6.7%	14.9%

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2019 the County reported a liability of (\$14,736,687) for its proportionate share of the net pension liability (asset). The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017 rolled forward to December 31, 2018. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2018, the County's proportion was 0.41422110%, which was an increase of 0.004812% from its proportion measured as of December 31, 2017.

For the year ended December 31, 2019 the County recognized pension expense of \$9,988,323.

At December 31, 2019 the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,477,647	\$ 20,288,353
Net differences between projected and actual earnings on pension plan investments	21,521,923	-
Changes in assumptions	2,484,065	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	39,428	83,784
Employer contributions subsequent to the measurement date	4,306,386	-
Total	<u>\$ 39,829,449</u>	<u>\$ 20,372,137</u>

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. PENSION PLAN (cont.)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

The \$4,306,386 reported as deferred outflows related to pension resulting from the WRS Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year ended December 31	Expense
2019	\$ 5,506,009
2020	1,362,303
2021	2,395,811
2022	<u>5,886,804</u>
Total	<u>\$ 15,150,927</u>

Actuarial assumptions. The total pension liability in the December 31, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2017
Actuarial Cost Method:	Entry Age
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	7.0%
Discount Rate:	7.0%
Salary Increases:	
Inflation	3.0%
Seniority/Merit	0.1% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table
Post-retirement Adjustments*	1.9%

** No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. The 1.9% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.*

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. PENSION PLAN (cont.)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

Actuarial assumptions are based upon an experience study conducted in 2018 using experience from 2015 – 2017. Based on this experience study, actuarial assumptions used to measure the total pension liability changed from prior year, including the discount rate, long-term expected rate of return, post-retirement adjustment, wage inflation rate, mortality and separation rates. The total pension liability for December 31, 2018 is based upon a roll-forward of the liability calculated from the December 31, 2017 actuarial valuation.

Long-term expected Return on Plan Assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Allocation Targets and Expected Returns As of December 31, 2018			
<u>Core Fund Asset Class</u>	<u>Asset Allocation %</u>	<u>Long-Term Expected Nominal Rate of Return %</u>	<u>Long-Term Expected Real Rate of Return %</u>
Global Equities	49	8.1	5.5

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. PENSION PLAN (cont.)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

Single Discount rate. A single discount rate of 7.00% was used to measure the Total Pension Liability, as opposed to a discount rate of 7.20% for the prior year. This single discount rate is based on the expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.71%. Because of the unique structure of WRS, the 7.00% expected rate of return implies that a dividend of approximately 1.9% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension liability (asset) to changes in the discount rate. The following presents the County's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease to Discount Rate (6.00%)	Current Discount Rate (7.00%)	1% Increase To Discount Rate (8.00%)
County's proportion ate share of the net pension liability (asset)	\$ 58,565,143	\$ 14,736,687	\$ (17,853,167)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <http://etf.wi.gov/publications/cafr.htm>

At December 31, 2019 the County reported a payable of \$323,329 for the outstanding amount of contributions to the pension plan for the year ended December 31, 2019.

G. RESTRICTED ASSETS

The County has restricted assets which consist of a deposit in Wisconsin Municipal Mutual Insurance Company (WMMIC) in the amount of \$1,157,860. This deposit is the County's original capitalization investment. In addition, cash in the amount of \$438,659 is restricted for liability insurance at WMMIC.

In addition, the County has cash in the amount of \$583,200 restricted for health insurance claims with the plan manager, Humana Insurance Company.

H. LEASE DISCLOSURES

Lessor – Operating Leases

The County leases a portion (51%) of the Public Safety Building facility to the City of Kenosha and the Kenosha City-Joint Services Board under operating leases that are renewed on a year to year basis. The 2019 revenues of \$968,304 related to these leases were recorded in the General Fund. The provisions of the lease agreement allow for an annual adjustment of the lease amount based on the actual costs to the County of maintaining the facility. The book value of the entire building is \$36,127,166 with a net book value of \$23,004,544.

The County has no material operating leases with a remaining non-cancellable term exceeding one year.

Capital Leases – Lessee/Lessor

The County has no material capital leases as lessee or lessor.

NOTE V – OTHER INFORMATION

A. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. The County participates in a public entity risk pool called WMMIC to provide coverage for losses from torts; errors and omissions; and public liability. However, other risks, such as workers compensation is accounted for and financed by the County in internal service funds. Theft, damage to, or destruction of assets is covered through the purchase of an insurance policy. Settled claims have not exceeded the commercial coverage in any of the past three years. Health insurance claims are self-insured with a purchased stop loss policy with a maximum \$150,000 per employee exposure. There were no significant reductions in coverage compared to the prior year.

Public Entity Risk Pool

The County, together with certain other units of government within the State of Wisconsin, created the Wisconsin Municipal Mutual Insurance Company (WMMIC), a non-assessable mutual company which provides liability insurance and risk management services to its members. The County became a member of WMMIC in 1992 by issuing a general obligation note for \$1,157,860 and investing the proceeds in WMMIC. The scope of insurance protection provided by WMMIC is broad, covering automobile liability, general liability, law enforcement liability, public official's errors and omissions, civil rights, incidental medical malpractice, personal injury, equal rights, and American with Disabilities Act at policy limits of \$10,000,000 per occurrence and \$30,000,000 annual aggregate on an excess basis above members per occurrence and annual aggregate self-insured retentions. The County's self-insured retention limit is \$400,000 for each occurrence and \$1,000,000 for the annual aggregate.

WMMIC's exposure in its layer of insurance is limited to \$1,000,000 per occurrence in that the company purchases \$9,000,000 per occurrence in reinsurance for losses in excess of its retained layer of coverage. The amount of reinsurance may vary from year to year as determined by the WMMIC Board of Directors.

WMMIC is governed by one entity-one vote. Member entities include Kenosha County and; the counties of Brown, Chippewa, Dane, Dodge, Eau Claire, Jefferson, Lacrosse, Manitowoc, Marathon, Outagamie, Rock, Walworth, St. Croix and Waukesha; and the cities of Eau Claire, La Crosse, and Madison. All member entities participate in the governing of the company. Its Board of Directors is made up of at least five representatives of the participating entities and the company's charter allows for the appointment of two at-large members to the Board of Directors. The board members are elected at the annual meeting by the participants. The board has the authority to adopt its own budget, set policy matters and control the financial affairs of the company.

The actuary for WMMIC determines the insurance premiums for each member based upon the relevant rating exposure bases as well as the historical loss experience by member. WMMIC's ongoing operational expenses, other than loss adjustment expenses, are apportioned pro rata to each participant based on equity interest in the company.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – OTHER INFORMATION (cont.)

A. RISK MANAGEMENT (cont.)

Public Entity Risk Pool (cont)

The participant's share in the operation of WMMIC as of December 31, 2019 is as follows:

	<u>Percentage</u>
Brown County	6.92
Chippewa County	3.21
Dane County	9.02
Dodge County	3.76
Eau Claire County	3.84
Eau Claire, City of	3.20
Jefferson County	2.81
Kenosha County	5.97
La Crosse County	3.44
La Crosse, City of	1.42
Madison, City of	15.00
Manitowoc County	5.55
Marathon County	6.04
Outagamie County	5.94
Rock County	5.05
St. Croix County	3.47
Walworth County	5.57
Waukesha County	<u>9.79</u>
Total	<u><u>100.00</u></u>

The County's investment in WMMIC is reported on the General Liability Insurance Fund balance sheet as a deposit. The amount reported is the original capitalization of \$1,157,860. For 2019, WMMIC prepared its statutory financial statements in accordance with accounting practices prescribed or permitted by the Office of the Commissioner of Insurance of the State of Wisconsin (OCI). This reflects a change in basis in presentation since 2005 when the financial statements were prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Therefore, in 2019, the participant's share in the operation of WMMIC and the market value are shown using the new presentation. Using this presentation, the market value of the original capitalization as of December 31, 2019 is \$1,856,911. The financial statements can be obtained from WMMIC at their address of 4785 Hayes Road, Madison, Wisconsin, 53704-7364.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – OTHER INFORMATION (cont.)

A. RISK MANAGEMENT (cont.)

Public Entity Risk Pool (cont.)

The estimated liability for the County's self-insured retention (SIR) limits related to coverage provided by WMMIC has been determined on an actuarial basis.

Claims Liability – WMMIC	2019	2018
Unpaid claims, including IBNR – beginning of year	\$ 1,575,758	\$ 1,209,594
Current year claims and changes in estimates	579,887	876,555
Claim payments	<u>(349,944)</u>	<u>(510,391)</u>
Unpaid Claims – end of year	<u>\$ 1,805,701</u>	<u>\$ 1,575,758</u>

Self-Insurance – Workers Compensation

The County has also established a Risk Management program for workers compensation. All funds of the County participate in this program. The workers compensation internal service fund is maintained to provide for self-insured workers compensation insurance coverage and employee safety and loss control programs. The County contracts with a third party claims administrator for the purpose of adjusting workers compensation claims. An excess claims insurance policy covers individual claims in excess of the County's \$650,000 self-insured retention up to statutory requirements (unlimited) per claim. One settled claim has exceeded the commercial coverage in the past three years. Costs associated with the workers compensation program are billed to other County departments based on exposure and historical loss experience and include amounts necessary to fund current year claims to be paid in the current year and in the future. At December 31, 2019, the County has established a future claims insurance liability in the amount of \$2,194,604 to fund the estimated liability for the County's self-insured retention limits under its workers compensation program.

This represents a discounted reserve determined on an actuarial basis with a mean confidence level which achieves the County's objective of providing a reserve confidence level not less than 50%, but not more than 95% as a reflection of the County's risk tolerance.

A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. The County does not allocate overhead costs or other non-incremental costs to the claims liability.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

A. RISK MANAGEMENT (cont.)

Self-Insurance – Workers Compensation (cont.)

Claims Liability	2019	2018
Unpaid claims, including IBNR – beginning of year	\$ 2,470,431	\$ 2,449,825
Current year claims and changes in estimates	854,504	1,354,022
Claim payments	<u>(1,130,332)</u>	<u>(1,333,416)</u>
Unpaid Claims – end of year	<u>\$ 2,194,604</u>	<u>\$ 2,470,431</u>

Self-Insurance – Health Insurance

In the Health Insurance internal service fund, revenues from County departments and other sources totaled \$22,714,366. Expenditures in the same fund totaled \$25,366,632. A deficit of \$2,652,266 was allocated in the form of a chargeback resulting in additional revenue equal to the deficit from the County departments.

The estimated liability for the County's self-insured incurred but not recorded (IBNR) expenditures related to outstanding claims has been determined on an actuarial basis.

Claims Liability	2019	2018
Unpaid claims, including IBNR – beginning of year	\$ 1,741,000	\$ 1,628,000

B. COMMITMENTS AND CONTINGENCIES

From time to time, the County is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the County's Attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the County's financial position or results of operations.

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

During 2019, the County borrowed \$25,500,000 for the purpose of making various capital improvements. These monies, as well as other revenue sources, are reflected in the various Capital Project and Proprietary funds. Work that has been completed but not yet paid for (including contract retainages) is reflected as accounts payable and expenditures. Open purchase orders for the General Fund, Health, Federal Equitable Sharing and Capital Projects-Other Fund totaled \$2,056,317 at year end and is included in Assigned Fund Balance for encumbrances.

Funding for the operating budget of the County comes from many sources, including property taxes, grants and aids from other units of government, user fees, fines and permits, and other miscellaneous revenues. The State of Wisconsin provides a variety of aid and grant programs which benefit the County. Those aid and grant programs are dependent on continued approval and funding by the Wisconsin governor and legislature, through their budget processes. The State of Wisconsin is currently experiencing budget problems and is considering numerous alternatives including reducing aid to local governments. Any changes made by the State to funding or eligibility of local aid programs could have a significant impact on the future operating results of the County.

C. JOINT VENTURE

Kenosha County and the City of Kenosha jointly operate the Kenosha City-County Joint Services Board (Board) which was formed in 1981 to provide joint service functions supporting operations of the Kenosha County Sheriff's Department and the City of Kenosha Police Department. The Board provides the following support services: communications, records, property room evidence, collection of citations, vehicle maintenance and administrative services. The County and City share in the annual operation of the district equally.

The Board consists of three members appointed by the County, three by the City of Kenosha and one independent member confirmed by both. County representatives are the County Executive, the County Board Chairman and the chairman of the County Judiciary Committee or their designees. The Board has the authority to adopt its own budget and control the financial affairs of the organization. The County made payments totaling \$4,367,133 to the Board for 2019.

NOTE V – Other Information (cont.)

C. JOINT VENTURE (CONT.)

The current intergovernmental agreement was negotiated and agreed upon by Kenosha County and the City of Kenosha effective January 1, 2010.

The transactions of the Board are not reflected in these financial statements.

The County accounts for its share of the operation in the general fund. Financial information of the Board as of December 31, 2019 is available directly from the Board's office.

D. OTHER POSTEMPLOYMENT BENEFITS

The County reports OPEB related balances at December 31, 2019 as summarized below:

	OPEB Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	OPEB Expense
Local Retiree Life Insurance Fund (LRLIF)	\$ 3,156,336	\$ 376,594	\$ 876,960	\$ 313,569
Single-employer defined OPEB plan	43,212,690	6,813,295	251,146	3,692,018
Total pension liability	<u>\$ 46,369,026</u>	<u>\$ 7,189,889</u>	<u>\$ 1,128,106</u>	<u>\$ 4,005,587</u>

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

The County adopted the Other Post-Employment Benefit Health Insurance Policy with an effective date of January 1, 2013. All of the following actuarially determined liability estimates were calculated taking this adoption into consideration.

Plan Description. Kenosha County (County) provides medical insurance benefits to eligible retirees and their spouses. Eligibility requirements and benefits by County employee group are as follows:

Deputy Sheriffs

Eligibility Any classified or non-classified sworn active employees who are between the ages of 50 and Medicare eligibility age as of effective date are eligible.

Benefits Before age 52, the retiree pays 100% of the premium. Between the ages of 52 and Medicare eligible age, the County pays 100% of the premium for single or family coverage. After Medicare eligible age, the retiree may continue in the plan, paying 100% of the premium.

All Others

Eligibility Active employees hired before January 1, 2012 who have had at least ten years of continuous employment as of the effective date are eligible.

Benefits Eligible active employees who as of the date of retirement are at least 60 years of age and have had at least 15 years of continuous employment are eligible to receive post-employment health insurance benefit which includes paying the same copayments, deductibles, and premium contributions and remaining in the same risk pool as active employees. Eligibility continues until employee is eligible for Medicare. After Medicare eligible age, the retiree may purchase coverage under the County-sponsored Medicare supplement plan or another Medicare supplement plan at their own expense.

Eligible active employees who retire at age 55, 56, 57, 58, or 59 with 15 years of continuous employment with the County as of the date of retirement may find alternative health insurance coverage and then return to the County health insurance plan (one re-entry allowed per retiree) at or after age 60 subject to the terms described in the preceding paragraph if the retiree has no other health coverage. In addition, eligible active employees who retire after age 60 with at least 15 years of continuous employment with the County as of the date of retirement may find alternative coverage and then return to the County health insurance plan (one re-entry allowed per retiree) subject to the terms described in the preceding paragraph if the other coverage ends. Under either of these options, proof of other insurance is required. All employees hired after December 31, 2011 are not eligible for post-employment retiree health insurance benefits.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

All Others (continued)

Benefits COBRA- Employees may be eligible to continue coverage under the County health insurance plan by paying the monthly budgeted premium cost (at an implicit subsidized rate-see definition section) adding the allowed administrative cost in accordance with State and Federal law concerning a qualifying event. This may occur as the result of resignation, layoff, reduction in hours, injury or illness and other leaves of absence.

Consolidation of Years of Service- An employee who is reemployed by the County within three years of his/her resignation may request a bridge in service from the Director of Human Resources if that employee had a minimum of ten years of previous service with the County and had resigned in good standing. Such a request may be made only after the employee has been reemployed for a period of 24 months. National Health Insurance- In the case a plan of national health insurance should be established, the County reserves the right to make changes to a retiree's health insurance benefit. Such changes could include but are not limited to the reduction or cessation of the County's contributions for that benefit, changes in plan design, or changes in the benefits available under the plan. For example (and without limitation), the County could reduce its contribution or the benefits available in proportion to benefits which may be provided by the government under any plan.

For active employees who are not eligible for a post-employment health insurance benefit as described in the preceding paragraphs, the County agrees to include retired/former employees in the group for which the County shall negotiate a comprehensive hospital-surgical-major medical coverage policy. Retiring/terminating employees (other than employees who are terminated for cause) who are at least 55 years of age as of the date of retirement/termination may enroll in the County health insurance plan at the monthly budgeted premium cost (see definition section) and may maintain coverage until they become eligible to enroll in Medicare.

If a retiree and the retiree's spouse are both participating in the County health insurance plan under this policy and the retiree becomes eligible to enroll in Medicare and is therefore no longer eligible for coverage under the County health insurance plan, the spouse may purchase single coverage under the County health insurance plan at the budgeted premium cost until he/she becomes eligible to enroll in Medicare.

Active employees who otherwise had qualified for a post-employment health benefit who retire as the result of a disability are eligible to purchase County health insurance benefits in the specific plan they were previously enrolled in at the monthly budgeted premium cost and may continue coverage under the plan until becoming eligible to enroll in Medicare. Medicare-eligible retirees may purchase coverage under the County-sponsored Medicare supplement plan or another Medicare supplement plan at their own expense.

In the event a retired employee who otherwise had qualified for a post-employment health benefit who has family coverage under the County health insurance plan dies before reaching Medicare eligibility age, his/her surviving spouse may continue

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

All Others (continued)

Benefits coverage under the County health insurance plan until becoming eligible for Medicare by paying the monthly budgeted premium cost (at an implicit subsidized rate) for single coverage. Medicare-eligible spouses of retired employees may purchase coverage under the County-sponsored Medicare supplement plan or another Medicare supplement plan at their own expense

County Board - Effective April 30, 2012, all current County Board members (of which there are 23) can only obtain County health insurance if they pay the full County budgeted Family/Single rate.

All Public Officials (including County Board) – County Board members are elected for two year terms. The other six public officials (Sheriff, Treasurer, County Clerk, Clerk of Courts, Register of Deeds, and County Executive) are elected to four year terms. By County Board resolution, all former public elected officials are allowed to continue on the County health insurance indefinitely at the County budgeted Single/Family rate. Upon reaching Medicare age eligibility, they may continue coverage at the calculated self-supporting rate and the County's insurance is secondary to Medicare.

Employees Covered by Benefit Terms

At December 31, 2019, the following employees were covered by the benefit terms using membership information as of January 1, 2020:

Active participants	897
Retirees and surviving spouses	174
<u>Total</u>	<u>1,071</u>

Funding Policy. The contribution requirements of plan members and the County are established and may be amended by the Kenosha County Board by approving bargaining unit contracts in which plan eligibility and benefits are detailed and setting plan eligibility and benefits for non-represented employees. The County contribution is based on actual pay-as-you-go all-inclusive (pre-Medicare and Medicare eligible age) plan member expenditures. Plan members that are Medicare eligible age contribute premium amounts that are adjusted annually. These premium amounts vary depending upon the plan benefit level under which the plan member retired. In addition, plan members that are Medicare eligible are eligible to select a fully insured wrap-around plan in which all premiums are paid by the member with Kenosha County only used in a pass-thru capacity.

Total OPEB Liability

The County's total OPEB liability was measured as of December 31, 2018, and the total OPEB liability determined by an actuarial valuation as of December 31, 2019.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Actuarial Assumptions

Mortality Rate:	Wisconsin 2018 Mortality Table
Turnover Rate General Employees -:	ranging from 4.0% - 20% for next 10 years
Turnover Rate Protective employees with Social Security –	ranging from 2.5% - 16.0% for next 10 years
Healthcare Trend Rates:	6.20% decreasing by 0.40% per year through 2023; decreasing every 10 years to 4.0% in 2070

The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumption, applied to all periods included in the measurement, unless otherwise specified:

Inflation:	3.00%
Discount Rate:	4.10%

The County has not established a separate, irrevocable trust to fund the annual OPEB cost and does not issue separate plan statements. As a result, actuarial assumptions included an annual healthcare cost trend rate of 6.2 percent per annum for 2019 grading down to an ultimate rate of 3.9 percent over a 56 year period. Medical inflation was based on the “Getzen” model published by the Society of Actuaries for purposes of evaluating long term medical trend. This model reflects the most current academic research regarding future healthcare cost trends. The discount rate is based upon the Bond Buyer General Obligation 20-Year Municipal Bond Index as of the measurement date. Expected medical relative cost factors were developed from the Milliman Health Cost Guidelines. Based on the County’s recent claim experience, plan provisions, and relative age cost factors assumptions, the actuary developed age adjusted “per member per month” (PMPM) cost for 2019. Participation rate and spouse election was based on recent experience in the plan. In addition, the actuarial valuation calculated the liability estimates using actuarial assumptions related to the eligibility for Medicare, termination rates, retirement rates, disability rates, and mortality based on information provided by the County to the Wisconsin Retirement System (WRS), and the actuarial firm’s judgment.

Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
Balance at January 1, 2019	<u>\$ 39,390,150</u>
Changes for the year:	
Service Cost	1,729,125
Interest on total OPEB liability	1,362,328
Effect of plan changes	-
Effect of economic/demographic gains/losses	3,236,537
Effect of assumptions changes inputs	553,867
Benefit changes	<u>(3,059,317)</u>

December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the total OPEB liability of the County calculated using a discount rate that is one percentage point lower (3.10%) or one percentage point higher (5.10%) than the current rate of 4.10%:

	1% Decrease to Discount rate (3.10%)	Current Discount Rate (4.10%)	1% Increase to Discount Rate (5.10%)
Total OPEB Liability	\$ 46,226,756	\$ 43,212,690	\$ 40,377,587

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the total OPEB liability of the County, as well as what the County's total liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower (5.2% decreasing to 2.9%) or one percentage point higher (7.2% decreasing to 4.9%) than the current healthcare cost trend rates:

	1% Decrease (5.2% decreasing to 2.9%)	Healthcare Cost Trend Rates (6.2% decreasing to 3.9%)	1% Increase (7.2% decreasing to 4.9%)
Total OPEB Liability	\$ 39,842,606	\$ 43,212,690	\$ 47,061,037

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB

For the year ended December 31, 2019, the County recognized OPEB expense of \$3,692,018. At December 31, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,772,184	\$ -
Changes in assumptions	1,031,641	251,146
Employer contributions subsequent to the measurement date	<u>3,009,470</u>	<u>-</u>
Total	<u>\$ 6,813,295</u>	<u>\$ 251,146</u>

The \$3,009,470 reported as deferred outflows related to other post-employment benefits resulting from the County's contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB in the year ended December 31, 2020.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in other postemployment benefits expense as follows:

Year Ended December 31,	Expense
2020	\$ 600,565
2021	600,565
2022	615,564
2023	664,576
2024	543,817
Thereafter	<u>527,592</u>
Total	<u>\$ 3,552,679</u>

Payable to the OPEB Plan

At December 31, 2019, the County reported a payable of zero for the outstanding amount of contribution to the Plan required for the year ended December 31, 2019.

Local Retiree Life Insurance Fund (LRLIF)

Plan Description

The LRLIF is a cost sharing, multiple-employer defined benefit OPEB plan. LRLIF benefits and other plan provisions are established by Chapter 40 of the Wisconsin State Statutes. The Wisconsin Department of Employee Trust Funds (ETF) and the Group Insurance Board have statutory authority for program administration and oversight. The plan provides postemployment life insurance benefits for all eligible employees.

OPEB Plan Fiduciary Net Position

The ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

Benefits Provided

The LRLIF plan provides fully paid up life insurance benefits for post-age 64 retired employees and pre-65 retirees who pay for their coverage.

Contributions

The Group Insurance Board approves contribution rates annually, based on recommendations from the insurance carrier. Recommended rates are based on an annual valuation, taking into consideration an estimate of the present value of future benefits and the present value of future contributions. A portion of employer contributions made during a member's working lifetime funds a post-retirement benefit.

Employers are required to pay the following contributions based on employee contributions for active members to provide them with Basic Coverage after age 65. There are no employer contributions required for pre-age 65 annuitant coverage. If a member retires prior to age 65, they must continue paying the employee premiums until age 65 in order to be eligible for the benefit after age 65.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Contribution rates as of December 31, 2019 are:

<u>Coverage Type</u>	<u>Employer Contribution</u>
50% Post-retirement coverage	40% of employee contribution
25% Post-retirement coverage	20% of employee contribution

Employee contributions are based upon nine age bands through age 69 and an additional eight age bands for those age 70 and over. Participating employees must pay monthly contribution rates per \$1,000 of coverage until the age of 65 (age 70 if active). The employee contribution rates in effect for the year ended December 31, 2018 are listed below:

Life Insurance Employee Contribution Rates For the Year Ended December 31, 2018	
<u>Attained Age</u>	<u>Basic</u>
Under Age 30	\$0.05
30 – 34	\$0.06
35 – 39	\$0.07
40 – 44	\$0.08
45 – 49	\$0.12
50 – 54	\$0.22
55 – 59	\$0.39
60 – 64	\$0.49
65 – 69	\$0.57

During the year ended December 31, 2019, the LRLIF recognized \$23,567 in contributions from Kenosha County.

OPEB Liabilities, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At December 31, 2019, the County reported a liability of \$3,156,336 for its proportionate share of the OPEB liability. The net OPEB liability as measured as of December 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2017 rolled forward to December 31, 2018. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The County's proportion of the net OPEB liability was based on the County's share of contributions to the OPEB plan relative to the contributions of all participating employers. At December 31, 2018, the County's proportion was 1.223226%, which was a decrease of 0.005648% from its proportion measured as of December 31, 2017.

For the year ended December 31, 2019, the County recognized OPEB expense of \$313,569.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

At December 31, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$160,118
Net differences between projected and actual earnings on OPEB plan investments	75,431	-
Changes in assumptions	301,163	684,169
Changes in proportion and differences between employer contributions and proportionate share of contributions	-	32,673
Total	<u>\$ 376,594</u>	<u>\$876,960</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	Expense
2020	(67,784)
2021	(67,784)
2022	(67,784)
2023	(78,378)

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Actuarial Assumptions - The total OPEB liability in the January 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial valuation date:	January 1, 2018
Actuarial cost method:	Entry age normal
20-year tax-exempt municipal bond yield:	4.10%
Long-term expected rate of return:	5.00%
Discount rate:	4.22%
Salary increases:	
Inflation	3.00%
Seniority/Merit	0.2% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table

Long-term expected return on plan assets – The long-term expected rate of return is determined by adding expected inflation to expected long-term returns and reflecting expected volatility and correlation. Investments for the LRLIF are held with Securian, the insurance carrier. Interest is calculated and credited to the LRLIF based on the rate of return for a segment of the insurance carriers' general fund, specifically 10-year A-Bonds (as a proxy, and not tied to any specific investments). The overall aggregate interest rate is calculated using a tiered approach based on the year the funds were originally invested and the rate of return for that year. Investment interest is credited based on the aggregate rate of return and assets are not adjusted to fair market value. Furthermore, the insurance carrier guarantees the principal amounts of the reserves, including all interest previously credited thereto.

Asset Class	Index	Target Allocation	Long-term Expected Geometric Real Rate of Return %
U.S. Government Bonds	Barclays Government	1%	1.44%
U.S. Credit Bonds	Barclays Credit	40%	2.69%
U.S. Long Credit Bonds	Barclays Long Credit	4%	3.01%
U.S. Mortgages	Barclays MBS	54%	2.25%
US Municipal Bonds	Bloomberg	1.00%	1.68%
Inflation	Barclays Muni		2.30%
Long-term expected rate of return			5.00%

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

D. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Single discount rate – A single discount rate of 4.22% was used to measure the total OPEB liability. The Plan's fiduciary net position was projected to be insufficient to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the Total OPEB Liability is equal to the single equivalent rate that results in the same actuarial present value as the long-term expected rate of return applied to benefit payments, to the extent that the plan's fiduciary net position is projected to be sufficient to the make projected benefit payments, and the municipal bond rate applied to benefit payment to the extent that the plan's fiduciary net position is projected to be insufficient.

Sensitivity of the County's proportionate share of net OPEB liability to changes in the discount rate
The following presents the County's proportionate share of the net OPEB liability calculated using the discount rate of 4.22%, as well as what the County's proportionate share of the OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.22%) or 1-percentage-point higher (5.22%) than the current rate:

	1% Decrease to Discount Rate (3.22%)	Current Discount Rate (4.22%)	1% Increase to Discount Rate (5.22%)
County's proportionate share of the net OPEB liability (asset)	\$4,490,097	\$3,156,336	\$2,127,642

OPEB plan fiduciary net position – Detailed information about the OPEB plan's fiduciary net position is available in separately issued financial statements available at <http://eft.wi.gov/publications/cafr.htm>.

Payable to the OPEB Plan

At December 31, 2019, the County reported a payable of zero for the outstanding amount of contribution to the Plan required for the year ended December 31, 2019.

KENOSHA COUNTY
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE V – Other Information (cont.)

E. SUBSEQUENT EVENTS

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to Kenosha County, COVID-19 may impact various parts of its 2020 operations and financial results including, but not limited to, costs for emergency preparedness, disease control and preparedness and shortages of personnel and decrease in revenues. Management believes Kenosha County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

In May of 2020, the County issued \$3,785,000 of taxable general obligation refunding bonds for a current refunding of the 2010D bonds with a par amount of \$1,830,000 and an advance refunding of the 2011B bond with a par amount of \$1,955,000. For the advance refunding, \$2,089,403 was deposited to an escrow fund. Payments on the new issue will be made from 2021 to 2032 with an interest rate of 2.0% to 4.0%.

Also in May of 2020, the County issued \$11,870,000 of general obligation refunding bonds to retire the 2011A notes with a principal of \$3,030,000, the 2012A bonds with a principal of \$2,025,000, the 2012B notes with a principal of \$5,655,000, and the 2013A notes with a principal of \$5,725,000. Payments on the new issue will be made from 2021 to 2031 with an interest rate of 2.0% to 2.1%.

F. UPCOMING ACCOUNTING PRONOUNCEMENTS

The County is evaluating all GASB statements with the future effective dates. The County has determined that the following standards will have an impact on the financial statements when implemented.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. The Statement establishes criteria for identifying fiduciary activities and addresses financial reporting for these activities. This statement is effective for reporting periods beginning after December 15, 2019. The County is currently evaluating the impact this standard will have on the financial statements when adopted.

In June 2017, the GASB issued Statement No. 87, *Leases*. The Statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. This statement is effective for reporting periods beginning after December 15, 2021. The County is currently evaluating the impact this standard will have on the financial statements when adopted. !!

KENOSHA COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
December 31, 2019

NOTE A – GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT NOS. 68 AND 71

The County implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68* for the fiscal year ended December 31, 2015. Information for prior years is not available. The amounts presented for each fiscal year were determined as of the calendar year end that occurred with in the fiscal year.

NOTE B. - GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT NO. 75

The County implemented GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for the fiscal year ended December 31, 2018. Information for prior years is not available. The County currently has no assets accumulated in a trust for the single employer plan.

NOTE C – WISCONSIN RETIREMENT SYSTEM

There were no changes of benefit terms for any participating employer in WRS.

The amounts reported for each fiscal year were determined as of the calendar year-end that occurred within the fiscal year. The County is required to present the last ten fiscal years of data; however accounting standards allow the presentation of as many years as are available until ten fiscal years are presented.

Independent auditors' report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*

To the County Board
Kenosha County
Kenosha, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Kenosha County, Wisconsin, (the "County") as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated July 31, 2020.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and on compliance. Accordingly, this communication is not suitable for any other purpose.

Independent auditors' report on compliance for each major federal and state program and on internal control over compliance required by the Uniform Guidance and the *State Single Audit Guidelines*

To the County Board
Kenosha County, Wisconsin

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM

We have audited Kenosha County, Wisconsin's ("the County's") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration that could have a direct and material effect on each of the County's major federal and state programs for the year ended December 31, 2019. The County's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

MANAGEMENT'S RESPONSIBILITY

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on compliance for each of the County's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration. Those standards, the Uniform Guidance and the *State Single Audit Guidelines* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the County's compliance.

OPINION ON EACH MAJOR FEDERAL AND STATE PROGRAM

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2019.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

KENOSHA COUNTY

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS For the Year Ended December 31, 2019

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedules of Expenditures of Federal and State Awards for Kenosha County, Wisconsin are presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration.

The Schedules of Expenditures of Federal and State Awards include all federal and state awards of Kenosha County. Because the schedules present only a selected portion of the operations of Kenosha County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Kenosha County.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Revenues and expenditures in the schedules are presented in accordance with the modified accrual basis of accounting and are generally in agreement with revenues and expenditures reported in Kenosha County's 2019 fund financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and the *State Single Audit Guidelines*, wherein certain types of expenditures are not allowable or are limited to reimbursement. Accrued revenue at year-end consists of federal and state program expenditures scheduled for reimbursement to Kenosha County in the succeeding year while unearned revenue represents advances for federal and state programs that exceed recorded Kenosha County expenditures. Because of subsequent program adjustments, these amounts may differ from the prior year's ending balances.

NOTE 3 – OVERSIGHT AGENCIES

The federal and state oversight agencies for Kenosha County are as follows:

Federal – U.S. Department of Housing and Urban Development

State – Wisconsin Department of Health Services

NOTE 4 – DIRECT PAYMENTS – STATE OF WISCONSIN

Direct payments to individuals from the State of Wisconsin on behalf of Kenosha County for the year ended December 31, 2019 included:

<u>Program</u>	<u>CFDA No.</u>	<u>Unaudited Amount</u>
Food Share Wisconsin Program	10.561	\$ 26,167,346

KENOSHA COUNTY

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS For the Year Ended December 31, 2019

NOTE 5 – DIRECT PAYMENTS – WISCONSIN MEDICAL ASSISTANCE

The County received the following payments from Wisconsin Medical Assistance in 2019:

<u>County Department of Human Services:</u>	<u>Provider Number</u>	<u>Unaudited Amount</u>
Division of Aging & Disability Services	43072900	\$ 88,099
Division of Aging & Disability Services	43422900	705,980
Division of Aging & Disability Services	32975900	2,354,054
Division of Aging & Disability Services	100038404	11,295,632
Division of Children & Family Services	43073000	178,253
Brookside Care Center	20130300	4,485,227
Division of Health Services	41862400	4,462
Division of Health Services	42010200	47,969
Division of Health Services	43084000	180,754
Total		<u>\$ 19,340,430</u>

The payments are considered a contract for services between the State and Kenosha County and therefore are not reported as federal or state awards.

NOTE 6 – CARS / SPARC REPORT DATES

The Schedule of Expenditures of Federal and State Awards include adjustments through Community Aids Reporting System reports dated May, 2020 and the SPARC reports for December, 2019.

NOTE 7 – ALLOCATION OF INDIRECT COSTS

Kenosha County chooses not to utilize the de minimis rate as allowed under Uniform Guidance. Instead, Kenosha County identifies and recovers indirect costs using a cost allocation plan developed annually by Maximus Inc.

NOTE 8 – PASS THROUGH ENTITIES

Federal awards have been passed through the following entities:

GWAAR - Greater Wisconsin Agency on Aging Resources
DCF - Wisconsin Department of Children and Families
DHS - Wisconsin Department of Health Services
DMA - Wisconsin Department of Military Affairs
DNR - Wisconsin Department of Natural Resources
DOA - Wisconsin Department of Administration
DOC - Wisconsin Department of Corrections
DOJ - Wisconsin Department of Justice
DOT - Wisconsin Department of Transportation
DWD - Wisconsin Department of Workforce Development
