COUNTY SHERIFF ACTIVITIES

The Office of the Sheriff is a constitutional position, under the provisions of the Constitution and State Law, and serves as the top law enforcement officer in the county. The Sheriff is elected to the office in a county-wide election and is responsible for certain mandated functions and coordinates law enforcement functions throughout the county.

The Sheriff's budget contains eight different organizational accounts: Administration, Pre-Trial, Detention Center, Patrol, Detectives, Drug Unit, Administrative Services, and Emergency Management.

The Sheriff's Operational budget not only covers its traditional services to the public; **Patrol, Investigations, Court Services, Detentions, and Civil Process** but various specialized functions as well. Although the Sheriff's Department is mostly a calls for service agency, handling approximately 72,000 calls a year, it also provides necessary mutual aid for surrounding agencies.

K-9 Unit – Subsidizes normal patrol operations and works in conjunction with the Federal Government within the High-Intensity Drug Traffic Area to seek out illegal drugs but also is involved heavily in community relations with public demonstrations as to the skill and training of the K-9's.

Drone Unit – The KSD Drone Unit provides aerial support for a multitude of situations including but not limited to; aerial evidence photography and video of crime scenes, search and rescue during both day and night operations, surveillance of active scenes such as civil unrest or potentially high-risk situations, remote verbal communication & can conduct a remote payload drop if necessary.

Marine Unit – Patrols inland lakes and in conjunction with the U.S. Coast Guard patrols Lake Michigan for enforcement, evidence recovery, and search and rescue operations. It is anticipated that the Coast Guard will be leaving the Kenosha area, so the Sheriff's Department is working to expand its patrols in Lake Michigan in 2017.

Tactical Response Team – Fully trained and equipped to handle all high-risk incidents outside the normal realm of patrol operations, the TRT is composed of members from multiple agencies and is regional in its response.

Bomb Unit – Federally trained and equipped regional bomb technicians to handle any explosive device problems within all of Southeast Wisconsin. Multi-agency in its makeup, the Bomb Unit operates out of the Sheriff's Department Mobile Command Post which will respond to any agency in the Southeast region that may need assistance.

Bicycle Unit – The bicycle Unit is used almost exclusively on overtime to patrol county parks and bike trails during spring, summer, and fall. They get into the back reaches of the parks to ensure the safety of the many citizens who use the parks daily.

ATV/Snowmobile Unit – Working in conjunction with the DNR to keep the trails safe and teaching safety courses to the public.

Contract Policing – Providing full law enforcement services to the Village of Paddock Lake, the Village of Bristol, and the Village of Salem Lakes, and in 2016 the Village of Somers. Contract Policing provides that extra level of security and protection to our Village Communities within Kenosha County. The Villages also receive the full level of resources needed from the Sheriff's Department to ensure safety for all its citizens.

Body Worn Camera Program – The Kenosha Sheriff's Department contracted with Utility to utilize their body camera and squad camera program. We outfitted our entire fleet of squad cars and transport vans with the upgraded camera system and deployed 257 body cameras.

Emergency Management – In conjunction with the County Executive's Office, Emergency Management is the nerve center for planning, coordination, and implementation of all emergency government and Homeland Security related activities in Kenosha County. Ready to respond at a moment's notice Emergency Management coordinates emergency response efforts with local community leaders and the private sector to ensure safety to the public.

SHERIFF'S DEPARTMENT GOALS AND OBJECTIVES

- The Sheriff's Department strives to "hold the line" between chaos and order, disturbance and peace, and violence and security so that all citizens can feel free from criminal attack, be secure with their possessions, and live in peace within their homes.
- To provide effective and efficient Sheriff's Department administration and meet the professional needs of its personnel.
- To provide quality custody, care, and control of a large and diverse inmate population.
- To effectively service the Judicial System of the County.
- To continue to provide effective coordination of the various agencies involved in the criminal justice process of Kenosha County.
- To continue to seek out funding opportunities from various sources that can enhance operations and reduce operating costs to the taxpayer.
- To instill a comfort level of security in the public in which we serve.
- To provide longer directed patrols in defined areas that the Sheriff is responsible for.

- In 2017 the Sheriff and his command staff began to develop a viable process for Deputy Sheriffs to begin to take home patrol squads. This endeavor would allow deputies to respond directly from their homes to emergent situations and natural disasters. Additionally, Deputies would respond directly to their respective patrol districts from their home resulting in more focused patrol efforts and less travel time to and from the Public Safety Building.
- To have the latest and most technologically advanced lifesaving equipment available to the citizenry of Kenosha county.
- In 2017 the Sheriff was afforded the opportunity to upgrade the AEDs that patrol deputies have been using for years. These new models have additional lifesaving upgrades built within them that can assist a Deputy in saving a life.
- In 2017 Narcan, the drug used to counteract the effects of an opioid overdose was provided to those that respond to emergency calls involving drug overdoses. This drug has had much success in saving lives within a controlled setting and is now being administered by trained personnel in the field to those who are in dire need of help.

EMERGENCY MANAGEMENT ACTIVITIES

- Coordinates and/or performs federal/state directives countywide under the US Homeland Security Act, SARA Title III, and WI State Statutes Chapter 323;
- Provides countywide emergency management services (mitigation, preparedness, response, and recovery);
- Serves as Municipal Emergency Management Director for four of Kenosha County's twelve municipalities;
- Provides coordination for First Responder Agencies/personnel involved in Emergency Management and Homeland Security functions (training, exercises, emergencies/disasters);
- Obtains and coordinates various training opportunities for First Responders;
- Identifies, develops, and coordinates continuity of local/County govt., businesses, and citizen's lives during actual events;
- Coordinates Long-Term Recovery Efforts after an incident/event;
- Operates and maintains the County's emergency warning systems;

DISTRICT ATTORNEY'S OFFICE

MISSION STATEMENT/OVERVIEW

The primary mission of the Kenosha County District Attorney's Office is to uphold the rule of the law, vigorously prosecute criminals and seek justice for victims of crime. The District Attorney is a constitutional officer, elected by the people of Kenosha County to a four-year term of office. The duties and responsibilities of the District Attorney are more particularly set forth in Section 978.05, Wis. Stats. It is important to keep in mind that the District Attorney is the gatekeeper to the criminal justice system. As such, his job is not merely to obtain convictions but to seek justice.

Since December 31, 1989, the District Attorney and the Assistant District Attorneys in the office have been funded by the State and are recognized as state employees. The paralegals, clerical, office investigator, victim/witness and other support staff in the District Attorney's Office remain County employees funded by the County. All remaining District Attorney operational costs are paid for by the County.

The District Attorney's Office duties include, but are not limited to, aggressively and fairly prosecuting those who violate the laws of Kenosha County and the State of Wisconsin, including criminal offenses, juvenile delinquencies, CHIPS cases, traffic violations, and county ordinance and DNR cases. While all criminal offenses committed are important, this office gives special attention to prosecuting the following crimes:

- a. Sensitive crimes: child abuse and sexual assault crimes
- b. Violent crimes and habitual (career) criminals
- c. Drug dealers: especially those who traffic commercially in large amounts of controlled substances
- d. Domestic violence abuse cases
- e. Juvenile delinquencies, children in need of protective supervision (CHIPS) and termination of parental rights (TPR) cases where appropriate

VICTIM/WITNESS PROGRAM

This program is part of the District Attorney's Office. The purpose of the program is to do everything possible to ensure that victims and witnesses are treated with respect, courtesy and sensitivity. Section 950, Wis. Stats., expresses the intent to ensure that all victims and witnesses of crime are treated with dignity, respect, courtesy and sensitivity; and that all the rights extended under the law to victims and witnesses of crime are honored and protected by law enforcement agencies, prosecutors and judges in a manner no less vigorous than the protection afforded criminal defendants. The Kenosha County District Attorney's Office Victim/Witness Program was first created in 1980 under the leadership and direction of Lynn Copen, coordinator. Today, our program remains outstanding and is constantly looking for ways to improve and provide better services to victims of crime.

CIRCUIT COURT

ACTIVITIES

The Judicial Branch is a third branch of government, separate, but not subservient. It is the goal of all who work within the justice system to see that the aims of justice are accomplished.

The Clerk of Circuit Court is elected to the office in a countywide election and is responsible for certain mandated functions and coordination of Circuit Court functions throughout the judicial system.

Eight branches of court plus three full-time court commissioners process all of the cases. Forty three positions service these courts. Personnel keep the court records, clerk for hearings, calendar for courts, collect monies, manage the jury system and act as the general reception area.

The Circuit Court budget is responsible for payment of court ordered activities such as doctor exams, appointed attorney's, witness fees, interpreter costs as required by the statutes, bailiff salaries, guardian ad litem fees, and court personnel to manage the courts daily. The budget appropriation pilot project to reduce levy dollars in the budgetary process, while allowing us the flexibility to pay the bills that are received, has been in place for many years with great success in reducing the actual levy dollars that are budgeted for Circuit Court.

GOALS AND OBJECTIVES

Automation has streamlined case management for the courts. The courthouse remodeling has improved working conditions and customer service. Continued updating and maintenance of the building is necessary to ensure efficient management of courthouse activities.

In the year 2021 the Court accomplished the following:

1. The Clerk of Courts office remained open during the COVID-19 response.
2. Court sessions continued by ZOOM hearings during the COVID-19 response.
3. Continued the judicial review and revision of collection policies regarding guardian ad litem fee waiver requests and payment plans.
4. Continued conversion of existing paper files to electronic format.
5. Small claims mediation services continued in the first quarter of 2020, were suspended during COVID-19 response and re-commenced in August 2021.
6. Continued video conferencing regarding wards at locations out of county in ME/Chapter 51 cases.
7. Continued Veteran's Treatment Court and Drug Treatment Court
8. Conversion of collection agency debts to State Debt Collection program

In the year 2022, the Court wants to do the following:

1. Continue collection efforts for Circuit Court revenue through use of payment plans for guardian ad litem fees prior to trial.
2. Increase use of video conferencing and ZOOM appearances for statutorily allowed proceedings.
3. Continue working on conversion of paper files to electronic format in accordance with CCAP guidelines.
4. Address file and exhibit storage needs and requirements and maintain Supreme Court retention requirement standards.
5. Review of microfilm and microfiche court files for retention purposes and convert to digital media when necessary.
6. Continue use of Guardian ad Litem attorneys on contract to efficiently assist the judiciary in evaluating cases and parties.
7. Continue to offer small claims mediation services.
8. Continue to work with judges and court commissioners to improve all court operations where necessary.
9. Continue collection efforts for past due fines and costs with State Debt Collection program.

All of this will help the courts function efficiently and collaborate with other county and state agencies to conserve resources in a manner that effectively serves the public.

JUVENILE COURT INTAKE SERVICES

Court Attached Agency

MISSION STATEMENT

It is the mission of Kenosha County Juvenile Court Intake Services (JCIS) to act as the gatekeeper for the Juvenile Court by *independently* assessing all cases that come within the jurisdiction of the Court. Intake Workers are required to be available 24/7 (year round), to respond to situations that require court intervention, screening and assessment. The types of cases that are included in this process are children in need of protection and services (CHIPS), and juveniles, either delinquent (DELINQ) or in need of protection and services (JIPS). The department operates the following three main program areas that are all mandated by Wisconsin Statutes in Chapters 48 (Children's Code) and 938 (Juvenile Justice Code).

❖ **Court Referrals:**

JCI receives court referrals from all area law enforcement agencies, the Division of Children and Family Services, local school districts and other sources. On an annual basis, JCIS processes approximately 800 court referrals. Upon receipt of court referral, an Intake Worker attempts to meet in person with the juvenile and their family and makes a recommendation to the District Attorney's office concerning each case processed. Recommendations are divided into two categories: informal/diversion recommendations and formal/petition requests. By diverting cases from Court, an Intake Worker most often enters into Deferred Prosecution Agreements with families and the matters are then maintained outside of the formal court system. For those cases that cannot be diverted, the Intake Worker recommends that a formal petition be filed in Juvenile Court. The goal of JCIS is to divert at least 60% of the incoming referrals from formal court action.

❖ **Custody Intake:**

Custody Intake Workers respond 24/7 by phone and in person to physical custody requests from area law enforcement agencies, the Division of Children and Family Services and Juvenile Crisis. On an annual basis Juvenile Intake Services screens approximately 600 requests for physical custody and on behalf of the court, authorizes approximately 50% of those for court ordered placement. If an intake worker authorizes a physical custody request, he/she responds in person and takes temporary physical custody of the child/juvenile and places him/her in secure custody or in non-secure custody (such as in foster care, shelter care, relative, non-relative care). An emergency court hearing is conducted the next business day to review the order and the placement. The court intake worker is responsible for providing the court with the necessary findings under Federal Law to continue the child/juvenile outside of his/her home.

❖ **Restitution and Community Service Work Program:**

JCIS is responsible for working with all victims of juvenile crime. The office is statutorily responsible for victim rights notification, informing updates and progress

throughout cases. JCIS works closely with victims impacted financially as a result of a juvenile crime to try and make them whole. JCIS also manages the juvenile Community Service Work and Restitution program. Approximately 150 informal and court ordered cases are referred to this JCIS program annually by Judges and Court Intake Workers. Youth who are referred to the program are matched with a worksite to complete their obligations. The program is responsible for determining restitution, monitoring a juvenile's compliance levels with the program and disbursing restitution when ordered.

GOALS AND OBJECTIVES

- To process all court referrals within the statutory time limits and appropriately divert 60% or more delinquency/JIPS cases from the formal court system.
- To thoroughly screen all requests for custody intake and to detain children and juveniles only when necessary and in the least restrictive type of placement whenever possible and available.
- To assist juveniles in completing their restitution and community service work obligations so that victims may recover their losses.
- To collect and analyze data in program areas, in order to report out findings in the Youth Justice and the Child Welfare reports.

County Executive's Chief of Staff, Jennie Tunkieicz
Supervisor Monica Yuhas

CITY REPRESENTATIVES

City Administrator John Morrissey
Interim Police Chief Eric Larsen
District Alderperson Shayna Griffin

MEMBER AT LARGE

Joshua Barker

KENOSHA JOINT SERVICES

Overview

Introduction

Kenosha Joint Services is the result of a combined effort between city and county governments. It was established in 1982 as a separate government agency to provide the public safety support services for the Kenosha City Police and Fire Departments, Kenosha County Sheriff's Department, and various other law enforcement and emergency services agencies.

A Board oversees the operation of Joint Services. It is comprised of seven individuals, three are county government representatives, three are city government representatives, and one is mutually chosen by the Mayor and County Executive. The Board employs a Director who is responsible for the day-to-day operation of Joint Services.

Joint Services is divided into six departments: Administration, Communications, Records, Fleet Maintenance, Evidence/Identification, and Information Technology. The organization is allocated eighty-two employees with the Communications and Records Departments being staffed 24 hours a day, 7 days a week basis.

Purpose

- Manage all 9-1-1 calls and other emergency and non-emergency calls for service for the Kenosha Police and Fire Departments, Kenosha County Sheriff's Department, and county fire and rescue agencies on a 24 hour a day, 7 day a week basis.
- Maintain all records pertaining to arrests, complaints, incidents and investigations for the Police and Sheriff's Departments and provide reports to citizens upon request on a 24 hour a day, 7 day a week basis.
- Prepare, maintain, and repair the fleet of Police and Sheriff's Department vehicles.
- Perform identification, evidence, photographic processing and maintain property room for the Police and Sheriff's Departments; identify criminals through the use of physical evidence; and testify in court as to the physical evidence of a crime.
- Maintain the public safety software system that provides applications for Joint Services, the Police, Sheriff's, and Fire Departments, along with various interfaces to other systems with which information is exchanged.

KENOSHA JOINT SERVICES

Mission Statement

TO provide support services to the Kenosha Sheriff's Department, Kenosha Police Department, Kenosha Fire Department, and various other law enforcement and emergency services agencies in the form of dispatching, records keeping, evidence/identification functions, and fleet maintenance

TO promote city and county government by being efficient and effective in our services through thorough knowledge of the job, proactive planning, and professionalism in the performance of duties

TO enhance the performance of the services provided by the agencies we support by being cooperative, promotive, and involved in mutual planning processes

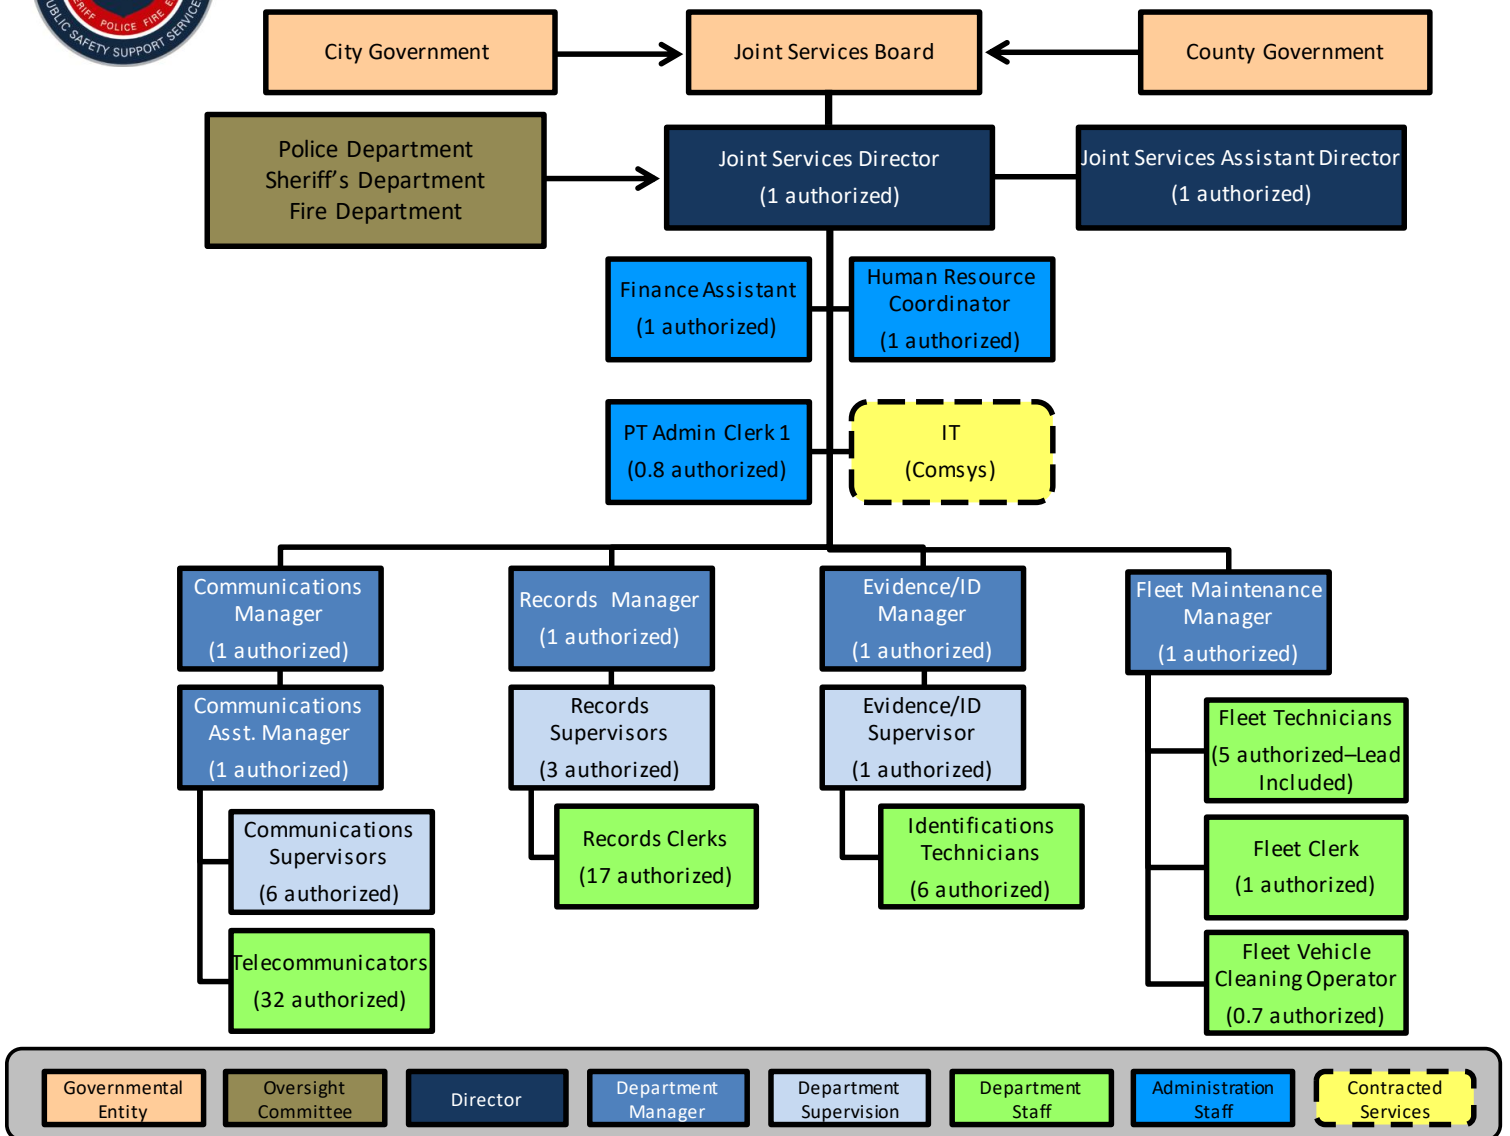

TO share in the concerns of the community by providing service to the citizens in a respectful manner and by offering information, guidance, and direction where possible

TO develop Joint Services employees into a team of working professionals by fostering an atmosphere of mutual respect, support, cooperation, and loyalty

DIVISION OF FACILITIES

MISSION STATEMENT

It is the mission of the Kenosha County Facilities Division to improve all building and grounds maintenance operations, minimize operating costs and provide a clean, safe and productive work environment for staff and the public by pursuing the following ideas:

- **Selective Technological Application:** We are committed to investigating, recommending and implementing process/equipment technologies that will improve service quality/productivity and decrease maintenance/energy costs.
- **Work Process Definition:** To ensure consistent levels of service quality and productivity we will work to define and continuously improve our facilities maintenance work processes.
- **Customer Service:** We will work cooperatively with our customers to understand their needs and organize/develop our available resources (staff, equipment and supplies) and meet their expectations.
- **Proactive Approach to Building Maintenance:** Recognizing the cost-effectiveness of preventative maintenance – a culture will be developed within the Division that fosters a proactive approach to maintenance. Structured approaches for potential problem early-detection and resolution will be developed and utilized.
- **Sustainable Approach to Facilities Design and Maintenance:** Recognizing our visibility and responsibility in the Community to develop and maintain cost-effective, environmentally-friendly, energy efficient facilities – we will develop facilities design and maintenance programs consistent with these ideals.

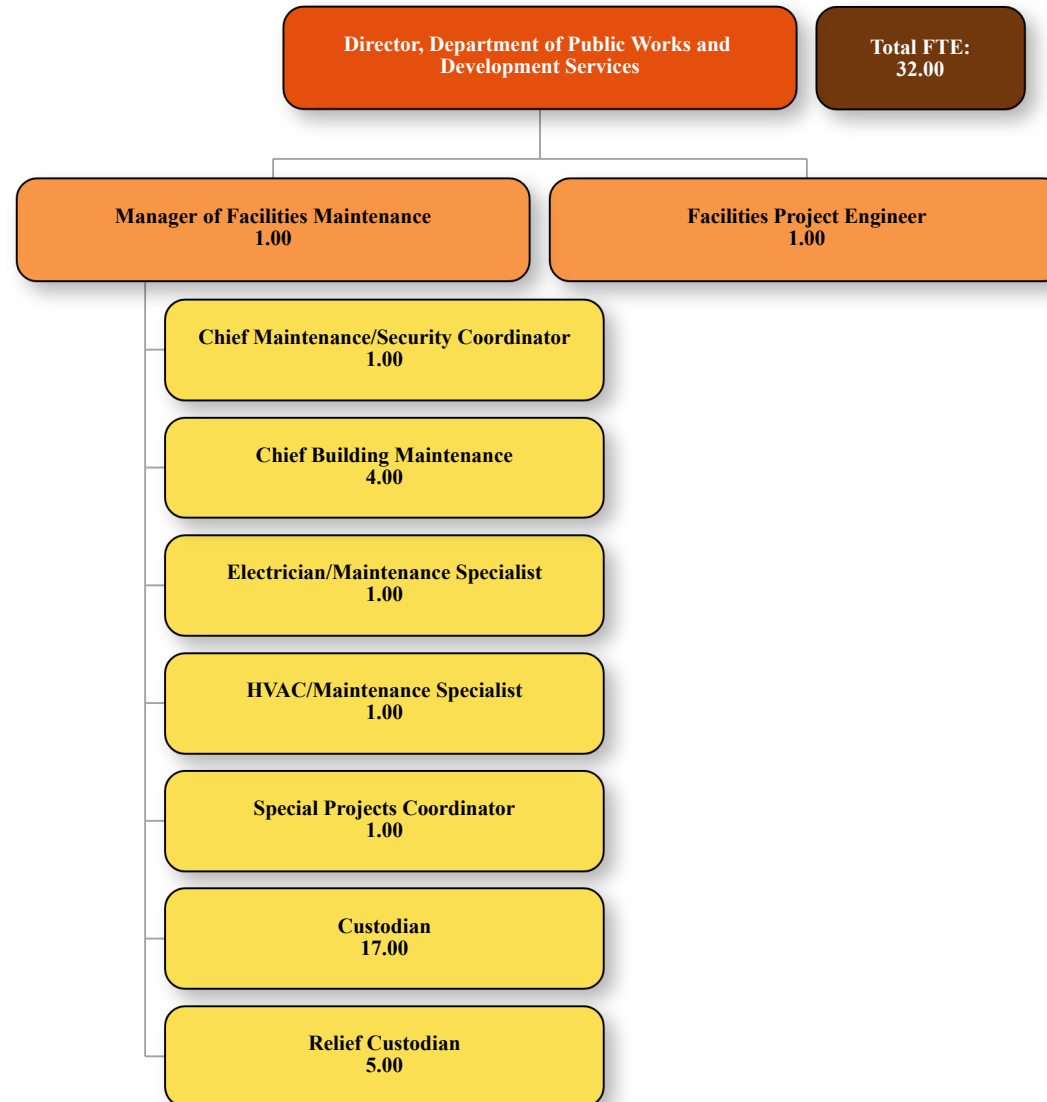

Kenosha County's Facilities Division is committed to pursuing the continuous improvement of the methods we employ for building and grounds design and maintenance. The Division exists to cost-effectively protect and maximize the useful life of the public's capital investments while providing a secure, productive and energy efficient work environment.

DIVISION OF GOLF

MISSION STATEMENT

It is the mission of the Kenosha County Golf Division to continually strive for improvement in all golf course operations, minimize operating costs, provide a quality golfing experience and enhance the life quality for our citizens by pursuing the following ideals:

- **Golf as Bridge to Environmental Awareness:** Golf permits people of all ages to play in beautiful outdoor settings, something our fast-paced, technology-centered society has drifted from. Golf can assist in reconnecting us to, and raise our awareness of, our environment.
- **Golf as Life-Long Recreation:** Golf is one of a limited set of activities that can provide both mental and physical benefits from early youth, well into our senior years - enhancing mental/physical condition and overall quality of life.
- **Public/Private Cooperation:** To enhance our local golf economy, we must do our part to promote Kenosha's reputation as a regional golf destination. We will work to encourage golfers from outside our immediate community to sample the many diverse, high-quality and affordable courses Kenosha County is home to.
- **Make Golf Accessible:** With 63 holes and 2 separate facilities - we have the resources for everyone to enjoy golf – from the “first-timer” to the seasoned player. There is community value in providing a full-range of golf opportunities, not only courses that challenge seasoned players, but welcoming and unintimidating options for beginners as well.
- **Youth Participation:** We continue to form partnerships with schools/colleges and community recreational organizations to expose and encourage youth to add golf to their recreation options.

Kenosha County's Golf Course Division is a customer-centered entity, pursuing continuous process improvement in all golf operations, a visible representation of the quality, efficiency, and creativity our community has to offer.

DIVISION OF PARKS AND RECREATION

MISSION STATEMENT

The mission of the Kenosha County Parks Division is to provide accessible, diverse venues throughout the County that encourage the pursuit of healthy, recreational and educational outdoor activities while promoting the preservation of our community's natural resources. The Parks Division collaborates with partners to optimize the benefits of developing and maintaining a robust, regionally recognized park system by pursuing the following ideals:

- **Public Parks as Bridge to Conservation Awareness:** Preserving natural resources is central to our purpose. Providing opportunities to see and experience real conservation practices are tools for achieving conservation awareness.
- **Healthy, Outdoor Recreation:** Providing venues that encourage the pursuit of diverse land, air and water-based activities is also critical. Parks enhance a community's quality of life with features that enable citizens of all ages, physical abilities and interests to "go outside and play".
- **Partnerships:** We realize the value of cultivating strong partnerships with varied public and private organizations. Partnering allows us to leverage our resources and develop a park system that the community genuinely feels connected with.
- **Continuous Improvement:** Given the dual realities of limited resources and a desire to practice conservation, it is imperative that we pursue continuous improvement in all Park operations. Identifying and eliminating any "non-value-added" activity in our work processes.
- **Youth Engagement:** We will continue to form partnerships with schools/colleges and community recreational organizations to expose and encourage youth to engage in the full menu of County Park amenities/experiences.

Kenosha County's Parks Division is a customer-centered entity, pursuing continuous process improvement in all park operations – a visible representation of our desire to preserve, experience and enjoy our community's natural resources.

DIVISION OF HIGHWAY

MISSION STATEMENT

It is the mission of the Kenosha County Highway Division to provide the necessary services to construct and maintain a safe and efficient highway transportation system within Kenosha County by pursuing the following ideals:

- **Selective Technological Application:** We are committed to investigating, recommending and implementing process/equipment technologies that will improve our construction and maintenance activities quality, productivity, sustainability and cost effectiveness.
- **Work Process Definition:** To ensure consistent levels of service quality and productivity – we will work to define and continuously improve our construction and maintenance work processes.
- **Customer Service:** We will work to provide timely and high-quality services, ensuring a safe/efficient transportation system for our community and the traveling public while maintaining a “customer-centered-focus” in all circumstances.
- **Proactive Approach to Highway Maintenance:** Recognizing the cost-effectiveness of preventative maintenance - a culture will be developed within the Division that fosters a proactive approach to maintenance (for both equipment and highways). Structured approaches for potential problems, early-detection and resolution will be developed and utilized.
- **Infrastructure/Economic Development:** Recognizing the crucial role transportation infrastructure plays in Kenosha County’s economic development – we’ll work to develop/maintain effective communication and working relationships with public and private economic development partners necessary for our community’s economic growth.

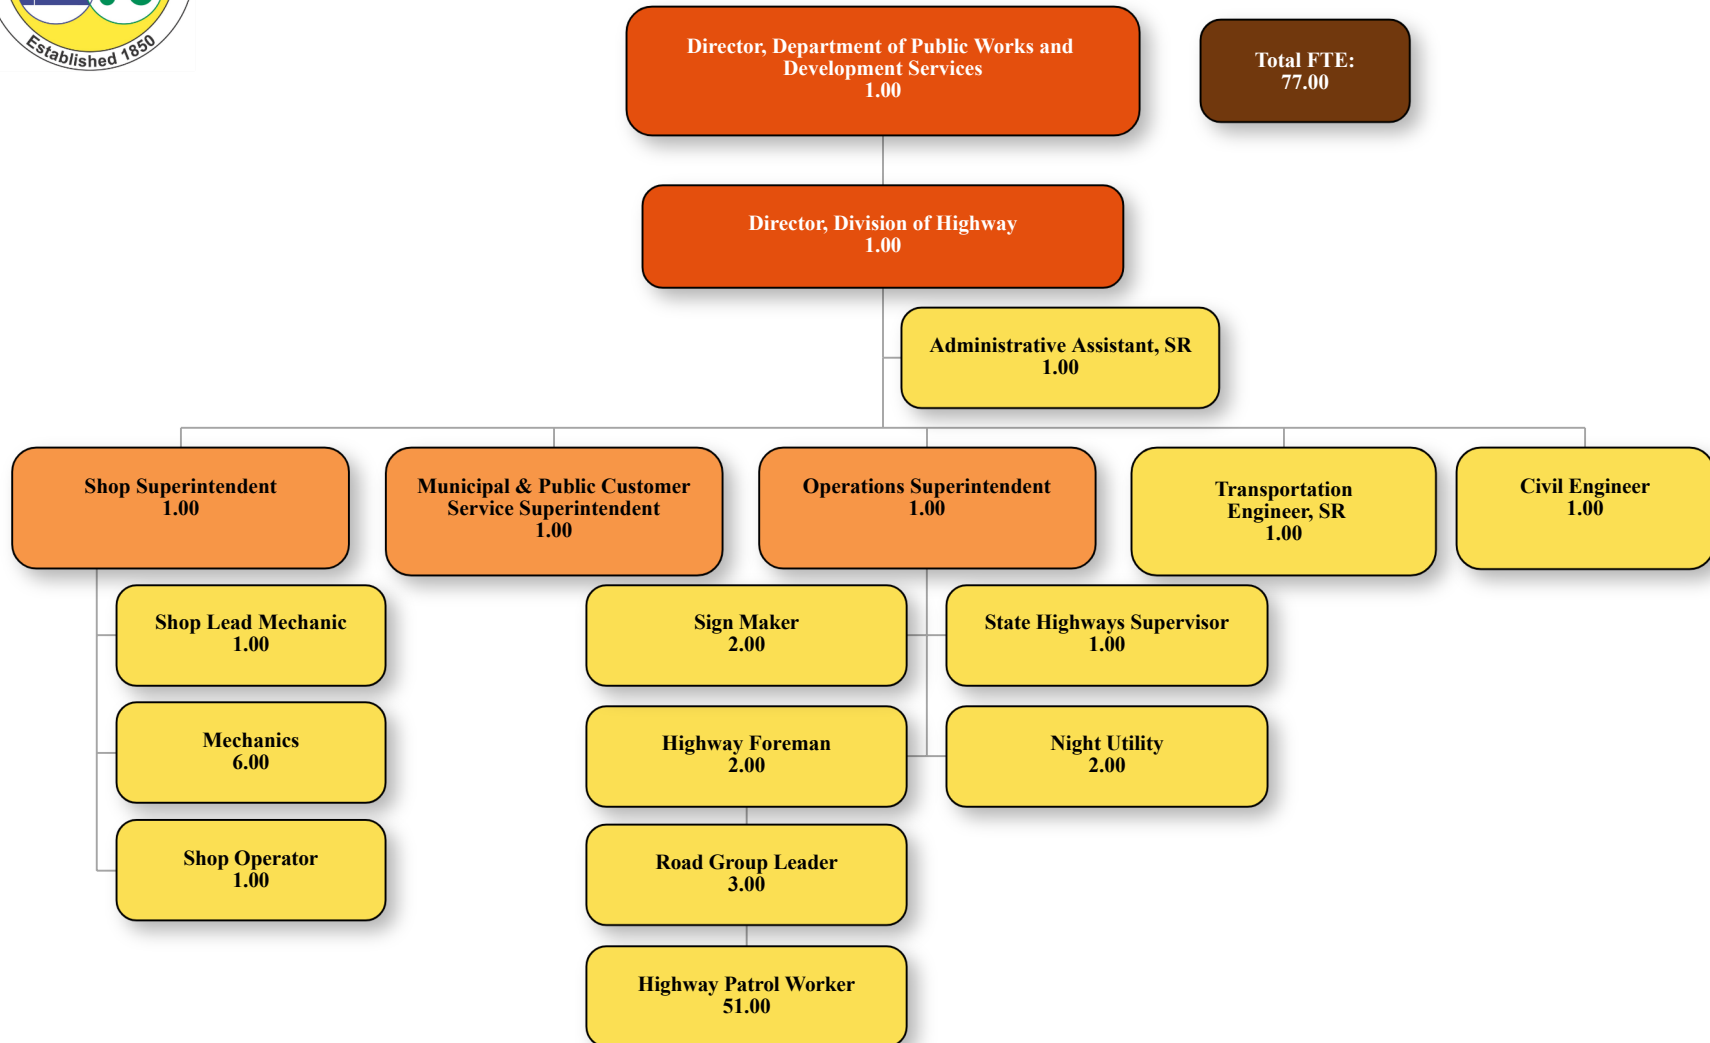

Kenosha County’s Highways Division is committed to pursuing the continuous improvement of the methods we employ to effectively maintain equipment and provide the highest level of service attainable on highways. The Division’s function shall be implementation of cost-effective approaches to protect and maximize the useful life of the County’s transportation infrastructure investments while providing a safe, productive and environmentally responsible work environment.

DIVISION OF PLANNING & DEVELOPMENT

MISSION STATEMENT

It is the mission of the Kenosha County Planning and Development Division to provide professional, customer-centered services to residents and organizations pursuing individual and community development goals while ensuring the balance of our community's economic advancement with protection of the natural environment by pursuing the following ideals:

- **Selective Technological Application:** We are committed to investigating, recommending and implementing technologies to enhance staff productivity, increase access to public information and improve customer service.
- **Balance of Competing Interests:** We are committed to developing, maintaining and enforcing ordinances/administrative rules that strike a balance between property development, protection of natural resources and the common good of all of our community's residents.
- **Advancement of the County's Comprehensive Plan:** We will work to ensure the County's Comprehensive Plan is maintained as a "living" document and to advance its goals and objectives.
- **Promote Inter-Governmental Coordination and Collaboration:** We are committed to assist all County municipalities in collaborative activities that leverage resources for our community's common good and provide the technical support necessary in coordinating planning/development activities.
- **Public Education:** We are committed to being a comprehensive resource for information critical to the high quality development of Kenosha County and the simultaneous protection of our community's natural environment.

The Kenosha County Division of Planning and Development provides services that; encourage the use of natural resources in a planned and orderly manner, utilize technology to ensure the efficient/accurate communication of technical land-use information, improve our local economy and advance the common good of the citizens of Kenosha County.

DIVISION OF PLANNING & DEVELOPMENT-TREE PLANTING

The purpose of the tree program is to provide seedling trees and plant material to the public at a nominal cost to aid in the reforestation of Kenosha County. The nursery stock is usually bare root and is offered in the spring of the year. Revenue received from the tree program is used to cover the cost of the program. Any remaining revenue or nursery material received is used in the reforestation of county owned lands.

REVOLVING PRE-DEVELOPMENT

In the Division of Planning and Development – land use projects are required to be monitored and reviewed. Due to their complex nature, some projects are reviewed by outside professionals who have expertise in these areas. The cost of these reviews performed is paid for by the developer or the operator of the project. The Land Use Committee has approved and authorized these types of reviews. Because some projects such as gravel pit approvals are granted for more than one year, account amounts are non-lapsing and are carried forward.

SOUTHEASTERN WISCONSIN REGIONAL PLANNING COMMISSION (SEWRPC)

About the Commission

The Southeastern Wisconsin Regional Planning Commission (SEWRPC) was established in 1960 as the official area wide planning agency for the highly urbanized southeastern region of the State. The Commission serves the seven counties of Kenosha, Milwaukee, Ozaukee, Racine, Walworth, Washington, and Waukesha.

The Commission was created to provide the basic information and planning services necessary to solve problems which transcend the corporate boundaries and fiscal capabilities of the local units of government comprising the Southeastern Wisconsin Region.

Regional planning provides a meaningful technical approach to the proper planning and design of public works systems, such as:

- Highways
- Transit
- Sewerage
- Water Supply
- Park and Open Space Facilities

A regional approach is also essential for addressing environmental issues, including:

- Flooding
- Air and Water Pollution
- Natural Resource Base Deterioration
- Changing Land Use
- Funding

Basic financial support for the Commission's work program is provided by a regional tax levy apportioned to each of the seven counties on the basis of equalized valuation. These basic funds are supplemented by State and Federal aids.

HOUSING AUTHORITY ACTIVITIES

The Kenosha County Housing Authority (KCHA), comprised of five members appointed by the County Executive and confirmed by the County Board of Supervisors, administers the following programs within Kenosha County, outside the City of Kenosha: the Housing Rehabilitation Loan Program, the Homestead Opportunity Loan Program, and the Fox River Flood Mitigation Program.

The Housing Rehabilitation Loan Program was established to conserve, rehabilitate, and improve residential property owned or occupied by low- and moderate-income residents of Kenosha County, outside the City of Kenosha. The Program offers deferred payment, no interest loans for the rehabilitation of owner-occupied properties, and low-interest installment loans for the rehabilitation of rental units and/or the conversion to rental units.

The Homestead Opportunity Loan Program was established to assist low- and moderate-income residents who are currently renters in purchasing property and becoming homeowners in Kenosha County, outside the City of Kenosha. Deferred payment, no interest loans are provided to assist buyers with a down payment and/or closing costs.

The Fox River Flood Mitigation Program was established for the acquisition of property and the relocation of residents that live within the designated 100-year recurrence interval floodplain that lies along the Fox River in the Towns of Salem and Wheatland and the Village of Silver Lake. All acquired dwellings are demolished and the property placed in permanent open space. The purpose of the program is to reduce the threat to the health and safety of area residents and rescue workers resulting from the frequent and severe flooding of the Fox River. A secondary goal of the program is the removal of blighted and hazardous dwellings in the county.

GOALS AND OBJECTIVES

- The KCHA will continue to administer the Housing Rehabilitation Loan Program in 2012, and approve new loans on an ongoing basis, as repaid funds from the 1985, 1988, 1990, and 1993 Wisconsin Community Development Block Grant (CDBG) awards become available for further housing rehabilitation activities.
- The KCHA will continue the administration of the Homestead Opportunity Loan Program by utilizing its existing revolving loan fund to help renters purchase a home in the County. The pride of home ownership has been shown to improve and stabilize neighborhoods within the County.

- The KCHA will continue to administer the Fox River Flood Mitigation Program that was initiated in 1994 with a CDBG Disaster Recovery Assistance Award, and recapitalized with six CDBG Housing and Emergency Assistance awards, (11) Federal Emergency Management Agency (FEMA) grant awards, and one Wisconsin Department of Natural Resources award.
- The KCHA will assist with the implementation of the Kenosha County Hazard Mitigation Plan.
- The KCHA will monitor Federal and State grant-in-aid programs for flood mitigation funding and seek such assistance, as it becomes available.

OFFICE OF THE DIRECTOR

The Office of the Director provides leadership and support on a department-wide basis to empower, facilitate and oversee program and management activities of the divisions. The broad purposes of the Office of the Director are: to promote efficient and effective service delivery at the divisional level; to increase the accountability of divisional programs and services to the administration, the County Board and the public; and to serve as an impetus to service coordination and integration. Effective coordination and integration of activities across Divisions increases cost effectiveness and improves the comprehensiveness and quality of services, approaching the management ideal of organizational synergy, where the whole is truly better than the sum of the individual parts. Through these leadership and support activities, the Office of the Director enables divisions to better contribute to the overall mission of the department, to address more completely the needs of their shared clientele, advocate more fully on behalf of the most vulnerable members of the community and communicate more effectively the nature and outcomes of the department's work.

- To seek out and develop revenue options to maximize the service and management resources of the department and minimize the use of county levy to support Human Services within the county (i.e. Medical Assistance, Income Maintenance, Medicaid Reimbursement, and Federal/State Grants).
- To assure that all reasonable efforts are made by Divisions to contain costs and improve operational efficiencies without compromising service availability and quality.
- To implement through the service divisions of the agency mechanisms of quality assurance and service accountability through the RFP/RFA process and to make such information available to agency oversight bodies and the public.
- To promote and implement effective working relationships between the department and its many community partners, including private service providers, units of government, community-based organizations, education/training institutions, employers and funding entities.
- To ensure adequate facility, administrative and infrastructure support for divisional service systems and agency management within the one-stop Job Center/Human Services Building.

DEPARTMENT OF HUMAN SERVICES

CENTRAL SERVICES

ACTIVITIES

Central Services provides building and tenant services for all DHS Divisions and other partners located at the Kenosha County Human Services/Job Center Building. Services include purchasing, safety, lease administration, building management, equipment procurement and maintenance, mail distribution, etc.

- To ensure safety for all public visitors and staff located at the Human Services/Job Center building.
- To maintain responsive internal facility services to all Human Services and Job Center Partners within the Human Services/Job Center building.
- To serve as a liaison to other County Departments including Public Works and external resources including Law Enforcement and Public Safety.

DIVISION OF WORKFORCE DEVELOPMENT

MISSION STATEMENT

The mission of the Kenosha County Division of Workforce Development is to create and operate an equitable service delivery system that fully integrates Economic Support, Child Support, Child Care, and Employment Services into a single system of case management that emphasizes social and economic self-sufficiency as our participant's primary goal. The Division's mission is accomplished through the provision of a variety of programs and partnerships that include Child Support, FoodShare, Medical Assistance, Child Care subsidies, FoodShare Employment and Training (FSET), Children First, ELEVATE, and Workforce Innovation and Opportunity Act (WIOA) services.

To accomplish its mission and to achieve its goals the Division of Workforce Development collaborates with a number of other County divisions, educational institutions, local businesses, community-based organizations, public and private partners. Some of the established goals for the division include:

- Administering successful training and employment support programs that assist individuals and families to become self-sufficient
- Ensuring that employment support services, such as Child Care, FoodShare, BadgerCare and Medical Assistance are easily accessible to eligible persons
- Connecting low income individuals to programs and services that help them to gain skills, education and knowledge that result in self-sustaining employment
- Maintaining a high standard of customer service to insure timely access for all eligible members of the community
- Substantially increasing paternity establishment, child support orders and child support collection rates to bring about family stability and self-sufficiency for custodial parents
- Identifying and delivering appropriate, professional, and equitable services to all eligible persons
- Insuring that service delivery methods follow program guidelines that meet customer needs and performance benchmarks
- Actively pursuing state and federal funds to enhance services to the public through new program initiatives and projects
- Meeting or exceeding State performance standards for all program areas within DWD

DIVISION OF VETERANS SERVICES

MISSION STATEMENT

The mission of the County Division of Veterans Services is to assist veterans and their families with obtaining local, state and federal benefits. The division specializes in assisting veterans throughout their claim process from start to finish to include assisting with completing numerous other legal documents. The division is committed to advocating for veterans, but most importantly to provide quality services to our heroes.

The Kenosha County Division of Veterans Services is in its totality a service function of county government which shares with nation and state a historic obligation to veterans and their families, by facilitating claims, applications and numerous other legal forms, and by acting as an advocate for Kenosha County veterans before complex and somewhat ponderous state and federal agencies.

The Kenosha County Division of Veterans Services renders timely, efficient and competent assistance to Kenosha County veterans and their families, delivered with dignity, compassion and respect earned in service to this great nation.

OFFICE OF THE MEDICAL EXAMINER

MISSION STATEMENT

To promote and maintain the highest professional standards in the field of medicolegal death investigation; to provide timely, accurate and legally defensible determination of cause and manner of death; to enhance public health and safety by increasing awareness of preventable deaths; to support the advancement of professional medical and legal education; and to protect the interest of the decedents, their loved ones and the communities we serve.

OBJECTIVES

- To ensure that investigations are carried out in an expeditious and professional manner, while maintaining the highest level of sensitivity and compassion to the surviving loved ones during their time of grief.
- To coordinate with other public health and safety organizations and entities to reduce the incidence of preventable deaths.
- To participate as part of the governmental response team for emergency management services.

DIVISION OF HEALTH SERVICES

MISSION STATEMENT

Kenosha County Public Health, a Level 3 health department, has a vision of An Equitable, Engaged, & Healthy Future and mission to inspire health and wellness in Kenosha County through service and leadership using science, partnerships, and education for environmental, population, and clinical health. Using the chosen values of emphasis, communication, teamwork, and accountability, are two goals for the next three years: Build and strengthen community partnerships to enhance collective impact strategies; Incorporate health equity throughout all programs and services

Clinical Services: Delivered based upon community needs are several services under our Clinical Services branch. Two clinics serve the un- and underinsured as well as undocumented population with childhood immunizations, blood lead testing, dental varnish, Tuberculosis (TB) testing, yearly flu vaccines, emergency contraception, birth control, pap smears, pregnancy testing, sexually transmitted infections (STI) testing, breast exams, colposcopies, urine and alcohol screenings, and medication assisted treatment. This year also included COVID-19 testing and vaccinations.

Another component of clinical services includes school nursing services for Kenosha Unified School District (KUSD) in a collaborative contractual effort to protect and promote student health, facilitate optimal development, and advance academic success via individual emergency health plan development, medication treatment administration, vision screening, health condition monitoring (including asthma, mental health, and allergies), dental varnishing, and family life course administration among many other services. The last two years included COVID-19 education and monitoring.

The Division of Health manages communicable disease reporting and provides communicable disease surveillance under state statutory requirements. In the past this included largely communicable diseases such as measles, tuberculosis, and pertussis. Due to also leading efforts on emerging diseases, this included COVID-19 disease investigation, contact tracing, and community, school, and business education.

Environmental Health: The Environmental Health branch preserves and enhances the public health environment of Kenosha County. It provides information, regulations, education, and intervention in areas of food, water, waste, recreation, lodging, environmental and human health hazards, and consumer protection. Rabies control, animal nuisances, and the transient non-community well program are included here.

Each year, numerous samples are submitted to our one-of-a-kind public health laboratory for testing and examination. The laboratory is certified by the United States Department of Health and Human Services to accept human specimens for the purpose of performing laboratory examinations in Microbiology, Diagnostic Immunology and Chemistry.

One of many important partnerships includes the environmental health Lead Program, largely funded by the HUD, forming the Kenosha/Racine Lead-Free Communities Partnership in an effort to maximize the lead poisoning protection of the children of Kenosha County and the City of Racine.

Population Health: The Population Health Section focuses on the health of the community as a whole and develops health education and programming based on data and needs assessments. This section ensures programs are aimed at addressing the root causes of health issues, reducing health disparities and promoting health equity. This branch continues to facilitate a community health assessment and improvement plan (Healthy People Kenosha County) in great collaboration with multiple partner entities and agencies. Two comprehensive home visitation programs fall under this branch offering case management and health education for pregnant women and babies post birth aiming to improve healthy birth outcomes for families. Other health education services that fall under population health include emergency preparedness and response, asthma mitigation, black infant mortality reduction, substance abuse and misuse prevention (including Narcan distribution), and epidemiology, the science of public health.

DIVISION OF AGING, DISABILITY, & BEHAVIORAL HEALTH SERVICES

MISSION STATEMENT

The mission of the Kenosha County Division of Aging, Disability, & Behavioral Health Services is to inspire hope, provide help and advocate for quality of life among older persons, persons with disabilities and those with mental illness or behavioral health challenges. This is accomplished through community collaboration and quality services from a large network of providers. The division's objectives are to:

- Provide outreach, information and assistance for older persons, persons with mental illness and/or alcohol and drug addiction and persons with disabilities and their families to help them understand and access available benefits, services and community support.
- Provide timely options counseling and pre-admission consultation to persons with long term support needs and functional eligibility screening and enrollment for publicly-funded community-based programs.
- Prevent or reduce hospitalization and incarceration, and enhance the quality of individuals' lives through community based mental health services and programs to prevent and treat alcohol and drug addiction.
- Provide crisis intervention and if needed, emergency placement, protective services and/or guardianship services for the safety of persons in crisis and incapacitated.
- Provide community education, investigation and intervention relative to vulnerable adults at risk of abuse, neglect and financial exploitation.
- Promote the principles of recovery in all community based mental health services.
- Support programs that maintain the health and well-being of older persons by reducing isolation, providing nutritious meals and companionship.
- Provide accessible transportation services for older persons and persons with disabilities.
- Support and improve diversion and treatment services for persons with mental illness, enmeshed in the local criminal justice system.
- Develop community partnerships to sustain evidence-based wellness programs and promote healthy behavior among older adults and persons with chronic conditions.
- Work with local long term care providers to increase their ability to recruit and retain a workforce sufficient to meet increasing demand.
- Provide consumer, family and community education about issues of concern to older persons, persons with disabilities, persons with dementia and persons with mental illness and/or alcohol and drug addiction.
- To help create a more aging and dementia friendly community.

DIVISION OF CHILDREN AND FAMILY SERVICES

MISSION STATEMENT

To promote the safety and well-being of the child, family and community by providing services to children, youth and families that are delivered in a respectful, culturally competent manner and are intended to maximize strengths and empower individuals. To advocate for children and families on the national, state and local level.

To accomplish our mission we work collaboratively with numerous community stakeholders, including: local law enforcement, the District Attorney's Office, the Juvenile Court, Juvenile Court Intake Services, local school districts, contracted service providers, area hospitals, the Kenosha Child Advocacy Center, the Prevention Services Network and other Divisions within the Department of Human Services.

Through strong collaborations with our community stakeholders, we achieve the following goals:

- To protect children from further abuse and neglect by conducting timely Comprehensive Initial Assessments and Safety Assessments for all screened in Child Protective Services Reports.
- To take prompt action to prevent further harm to children through In-Home Safety Plans or court-ordered placements in out-of-home care.
- To develop case plans (Permanency Plans) and refer family members to services to build protective capacities in parents, while eliminating threats to child safety and improving family well-being.
- To provide each child placed in out-of-home care with a permanent safe home through reunification, guardianship or adoption.
- To prevent child abuse and neglect by providing an array of prevention services dedicated to strengthening families and helping them become resilient to child abuse and neglect.
- To improve the well-being of children with special needs who are diagnosed with mental health issues and/or developmental disabilities by providing voluntary, supportive, strength-based community services.
- To support families with children with special needs through voluntary, strength-based programs and services focused on maintaining these children in the community with their family.
- To provide services to youth in the Youth Justice System and their families using a balanced and restorative justice approach that will decrease recidivism and promote youth competency development.
- To reduce truancy in children and youth.
- To reduce gang involvement of youth and reduce juvenile crime through community-based programs and community/neighborhood gang prevention activities.

BROOKSIDE CARE CENTER

The vision of Brookside Care Center is to be a World Class provider of person directed services for those who require short term rehabilitation and long term care by offering a continuum of services for clients to access when needed, in order to remain autonomous and connected.

Brookside Care Center is committed to enhancing the quality of life for its clients by respecting each individual's rights and assisting them to reach their highest possible level of health and independence. We focus on the details to ensure safe and competent delivery of services with the client in the center of all decision making. By living this mission, we are able to remain the nursing home and rehabilitation center of choice in our community.

GOAL AND OBJECTIVES

- Provide residents with high quality care while maintaining compliance with state and federal standards
- Maintain high occupancy level, with admissions to be focused first on hospital discharges requiring short-term rehabilitation
- Continue to be the nursing home of choice in Kenosha County
- Be progressive and innovative in providing the most home-like environment embracing the principles of culture change and resident centered care
- Maintain and keep the current property in good repair.

WILLOWBROOK

The mission of our program is to provide residents a home where they can receive care and assistance in a supervised setting yet maintaining their independence and individuality.

GOAL AND OBJECTIVES

- To provide care and assistance in a supervised setting that looks and feels like home
- For residents to be happy and healthy for as long as possible with the assistance and care from our staff.

HUMAN SERVICES - WILLOWBROOK

DEPARTMENT OF FINANCE AND ADMINISTRATION ADMINISTRATIVE SERVICES

ACTIVITIES

This business unit includes certain costs shared by the Office of the County Executive, Administrative Services, Human Resources, Financial Services and Purchasing Services within the County Administration Building. Some of the shared costs for these divisions are printing, copiers, facsimile, vehicle, and general supplies.

- Think globally and standardize process to expand productivity and reduce costs.
- Consistently expand the function's scope and scale to include expert functions.
- Invest in training to improve internal processes by redesign or reengineering using technology wherever possible.

ECONOMIC DEVELOPMENT

PLAN OF WORK – GOALS FROM KENOSHA FIRST PLAN

- **Support & Expand the existing base through business retention and consolidation strategies.**
 - Support the retention and expansion of existing businesses.
 - Develop a local “rapid response” strategy for lay-offs/closings.
 - Develop solutions to retain dislocated workers/professionals.
 - Pursue investment(s) from companies seeking to consolidate.
- **Position Kenosha County for long-term economic growth and vitality.**
 - Increase availability of industrial land sites for smaller projects.
 - Align KABA RLF programs with strategic plan.
 - Pursue targeted industry strategy.
 - Support innovation among existing businesses.
 - Promote entrepreneurship and small business development.
 - Explore redevelopment opportunities for Chrysler site.
 - Support needed public infrastructure investments to support growth.
- **Attract, retain, and engage talent.**
 - Bring business, workforce training, and education closer together.
 - Engage educators more directly in economic development.
 - Promote greater utilization of existing workforce training assets.
 - Engage young professionals and new residents.
 - Marketing campaign urging former residents to come home.
- **Ensure all parts of the county are economically, digitally, and physically connected.**
 - Actively promote Downtown Development.
 - Support corridor/road improvements between I-94 and lakefront.
 - Support Multi-Jurisdictional Comprehensive Plan for Kenosha County.
 - Improve public transit to business, industrial and education sites.
 - Support KRM expansion.
 - Support airport expansion for corporate aviation.
 - Support/publicize efforts re: broadband deployment.
- **Build a distinct image and brand for Kenosha County.**
 - Commit additional resources to economic development marketing efforts.
 - Initiate a local positive image campaign.
 - Enhance Kenosha County’s image w/in the Chicago-Milwaukee corridor.

DIVISION OF FINANCE

The Director of Finance and Administrative Services provides leadership and support on a Department-wide basis to empower, facilitate and oversee activities of Finance, Administrative Services and Purchasing.

ACTIVITIES

To maintain the central county financial system in accordance with generally accepted accounting principles; to assist in the preparation of the annual budget, and monitor and control the budget after its adoption; and to report to the County Administration and County Board on the financial condition of the county.

GOALS AND OBJECTIVES

- To Complete the Certified Single Audit by established deadlines.
- To review new accounting principles issued by the Governmental Accounting Standards Board, to assess their impact on Kenosha County, and to implement the practices as appropriate. This will include standards that impact on accounting of intangible assets.
- To implement a new ERP system to replace JD Edwards.
- To continue to review cash handling throughout the county, develop procedures, and improve controls.
- To complete the County Executive and County Board budgets by established deadlines.
- To process all budget modifications within 48 hours of notice of authorization.
- To ensure that each budget shall reflect policies determined by the County Executive and County Board.
- To adapt the payroll system to accommodate changes resulting from union contract negotiations, or changes in federal or state law.
- To act as liaison to the Finance Committee, provide information and analysis as requested, and assist with coordination of all committee meetings.
- To assist the Finance Committee in the development of the annual budget.
- To continue to integrate DHS – Finance and DPW – Finance into one centralized financial services division.

DIVISION OF PURCHASING SERVICES

MISSION STATEMENT

The Purchasing Division is an administrative support service for the County of Kenosha with centralized responsibility for oversight of solicitation, vendor selection, negotiation, award, contract management, reporting and disposal of surplus property for the benefit of Kenosha County departments and divisions.

Obtaining the proper product at the right price, in the right quantity and quality, from the right source, on time, and in compliance with all legal requirements, administrative policies, and ethical practices is our daily challenge.

The Purchasing Division is committed to providing professional and efficient procurement services for all Kenosha County departments and divisions by maintaining procedures which:

- Foster fair and open competition among potential suppliers and contractors;
- Promote broad participation and competition among potential suppliers and contractors;
- Ensure that all vendors and contractors are qualified with the appropriate legal authority to do business in Wisconsin, with a satisfactory record of integrity, and the appropriate financial, organizational and operational capacity and controls to perform on County contracts;
- Provide procurement ordinance guidance and training to our client agencies;
- are in strict compliance with all Federal, State and local laws that govern expenditure of public funds;
- Inspire public confidence that all contracts are awarded equitably and economically;
- Keep staff current on developments in the field of purchasing, market conditions, and changing procurement regulations;
- Provide the greatest possible value and quality in the products and services we purchase, at the lowest possible price, with timely delivery and in compliance with all specifications and terms.

COUNTY CLERK

MISSION STATEMENT

It is the mission of the Kenosha County Clerk's office to maintain a level of excellence in customer service and to continue to make improvements and minimize expenses. To maintain official records for many county activities and meetings including the County Board of Supervisors and their committees.

To continue to serve the electoral community with integrity and secured elections yet maintain a level of high quality but cost effective election machinery and ballots.

The Clerk's office is also the local outlet for several state functions such as marriage licenses and dog licensing.

At the Federal level the County Clerk's office is an Acceptance Agency for Passport applications.

GOALS AND OBJECTIVES

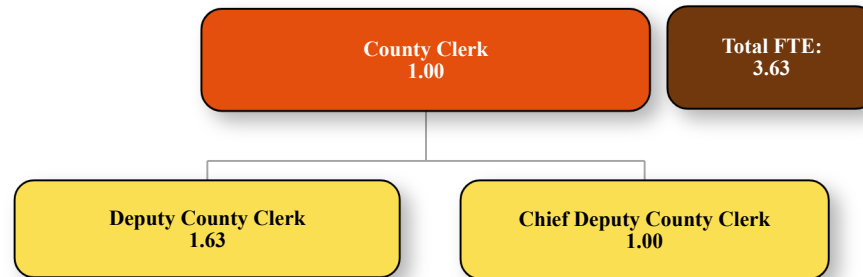

- Continue to provide quality services and excellent customer service to the public.
- Continue to serve the County Board of Supervisors.
- Continue to have auctions of tax deeded properties and return them to the tax rolls.
- Continue to conduct all federal, state, and countywide elections in a secure and efficient manner.
- Continue to stay up-to-date on the laws and procedures for administering elections in Wisconsin

TREASURER'S OFFICE

ACTIVITIES

The County Treasurer is responsible for receipting and disbursing all county funds and recording all transactions in a timely manner. The treasurer provides banking services and maintains banking accounts while accepting funds from all departments within the county and from the public. All funds are accounted for on a daily basis and a monthly proof of cash is done to confirm the accuracy of consolidated accounting procedures.

The Treasurer administers all property tax laws, collects property taxes and completes the annual tax settlement with each of the county's municipalities and with the State of Wisconsin Department of Revenue. State Statutes assign the Treasurer the responsibility of administering many statewide programs such as The Lottery and Gaming Credit, Unclaimed Funds, and the Tax Deed or In Rem processes used to take ownership of severely tax delinquent properties on behalf of the county.

Investing all available county funds is another responsibility of the Treasurer. This involves, selecting investments that maintain the security of county funds while achieving maximum returns within guidelines set by the County Board, State Statutes, and the County's investment policy.

GOALS AND OBJECTIVES

- Continue the process to improve and refine the office's computer functions
- Constantly study and monitor county investments and banking functions to achieve maximum efficiency and return
- Look at ways to provide an even higher level of customer service to the citizens of Kenosha County
- Make preservation of principal the top priority when selecting investments for county funds.
- Work with state Legislators on tax related issues to assure resolutions in the best interest of Kenosha County.
- Work with the Wisconsin Department of Revenue to assure implementation of the most effective and efficient methods of administering state prescribed programs.
- Improve office functions to provide excellence in customer service to both internal and external customers.

REGISTER OF DEEDS OFFICE

MISSION STATEMENT

The mission of the Register of Deeds office is to maintain a perpetual, comprehensive set of public records consisting of all documents appropriately presented for recording or filing, in accordance with the law. And to provide timely, secure, accurate, accessible and cost-effective record systems and services which are delivered in a prompt and courteous manner.

The Register of Deeds provides online access to all digitized public records on a monthly or per use fee basis. This is a convenience for the public and the professional real estate community which enjoys the ability to access our records on a 24/7 basis.

PROGRAM DESCRIPTION

The Register of Deeds fulfills its mission by performing necessary duties as required by law:

- Record and file all documents authorized by law to be recorded in the office of the Register of Deeds. This includes but is not limited to: all documents that affect ownership of real estate, articles of incorporation, change of names, power of attorney, federal tax liens, plats, certified survey maps and other miscellaneous instruments.
- Carefully index and image for safe storage, recorded documents received both manually and electronically, and provide public access to said indexes and images.
- Register and index all Marriages, Deaths and Domestic Partnerships occurring in the county. Issue certified copies of all vital records including Birth Certificates to persons entitled to receive the same.

KCC ELECTED OFFICIALS SATELLITE OFFICE

ACTIVITIES

The county's elected officials have recognized a growing need for various services by Kenosha County residents living in the west half of Kenosha County due to rising population and the increased demands of modern society. We as elected officials worked collectively in the formation of a remote office conveniently located geographically while retaining the main departments at the county seat as required by state law. The Kenosha County Center building, located at Highways 45 & 50, has sufficient space to operate a remote site for the combined services of such elected officers with the modern technology existing to allow electronic transmission and communication between the remote site and the main offices. The growth and utilization has given those residents of the western portion of Kenosha County convenient, efficient services.

The elected officials also share staff assigned to this budget. The sharing of elected services staff allows elected offices to utilize staff to cover staffing fluctuation and allows for maximum coverage during high demand periods.

GOALS AND OBJECTIVES

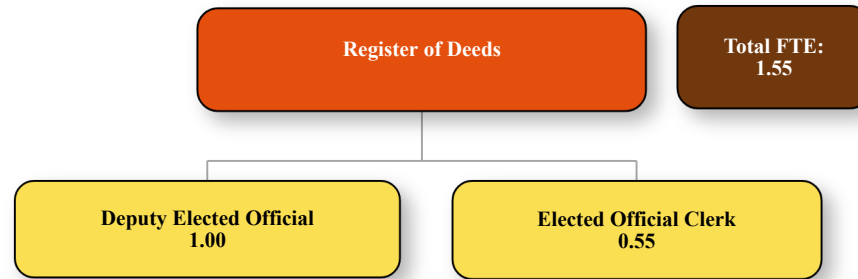

- To provide continuous, efficient and quality service to our public.
- To continually look for ways to expand services provided through technology
- To implement statutory changes for each of the elected offices and to update programs and procedures as necessary.

COUNTY BOARD OF SUPERVISORS

MISSION STATEMENT

The County Board of Supervisors is the Legislative Branch of the County Government and operates under the powers granted by the State Legislature. Those powers are listed in chapter 59 of the State Statutes and include authority to establish the annual county budget and set the property tax rate for county purposes. The County Board creates county policy, approves expenditures and generally serves as the governing body of the County.

The Kenosha County Board of Supervisors Consists of 23 members and is a nonpartisan elected office. The County Board acts by resolutions or ordinances submitted by standing committees and occasionally by an individual supervisor. Those resolutions and ordinances are adopted by the standing committees at a regular or special committee meeting and then forwarded to the full County Board for consideration.

Matters brought directly to the Board are referred to the appropriate standing committee for review prior to Board action. The Board may form special committees from time to time for the purpose of reviewing specific matters.

The County Board meets on the first and third Tuesday of each month at 7:30PM in the County Board Chambers located on the 3rd floor of the Kenosha County Administration Building.

COUNTY EXECUTIVE

ACTIVITIES

The County Executive is the Chief Executive Officer of the county and operates under powers granted by state legislature and the state constitution. Those powers are listed in Chapter 59 of the state statutes and include the authority to “coordinate and direct by executive order” the administrative and management functions of the county government not expressly assigned to another elected officer of the county.

The County elects the Kenosha County Executive at large in the spring general election. The executive serves a four-year term.

The County Executive appoints and supervises county department heads that serve at the discretion of the Executive. The Executive also appoints the members to all the boards and commissions other than those who are elected. Those department heads and members of boards and commissions so appointed are subject to confirmation by the County Board.

The Executive prepares the annual county budget for submission to the County Board for its review and action. This budget presentation occurs in late September or early October of each year.

The Executive is required to provide an annual report to the Board outlining the state of the county. In addition, the Executive routinely submits other communications to the Board. The County Executive must either approve or veto any action taken by the County Board by ordinance or resolution. Those ordinances or resolutions are presented to the Executive who may either sign, veto or allow passage by not signing the ordinance or resolution. Any item that is vetoed must be returned to the County Board with a veto message. The County Board may override the veto with a 2/3 vote.

OFFICE OF CORPORATION COUNSEL

ACTIVITIES

This office provides legal advice and support to elected officials, appointed officers, department heads, division heads and employees of Kenosha County and serves as the general counsel for all items and activities requiring legal services and support. It provides legal representation in liability claims made against the county and prosecutes claims and ordinance violations brought on behalf of Kenosha County. It provides counsel in labor relations activities while assisting in the development of constructive labor/management relationships. The office handles all Chapter 51 commitments and all Chapter 55 guardianships for long-term protective placements.

GOALS AND OBJECTIVES

- To guide Kenosha County's executive and legislative branches of government toward lawful enactments; to defend the public treasury and public offices when threatened with litigation.
- Research and draft county ordinances and resolutions.
- Issue formal and informal legal opinions.
- Update and maintain the Municipal Code of Kenosha County and the Kenosha County Policy and Rules Manual.
- Participate in the training of newly elected members of the Board of Supervisors.
- Continue training of attorney staff, with each attending a minimum of two professional seminars during the year.
- Handle major contract and real estate transactions.
- Continue representation in all mental health/protective placement cases, assisting the Department of Human Services in finding ways to deliver the best services most efficiently.
- Work with the IT Department to modernize and streamline the office's mental commitment and protective placement cases, focusing both on storage of files and preparation of documents.
- Assist in labor contract proposals, negotiations, arbitrations, mediations and grievances.

KENOSHA COUNTY UW-MADISON, DIVISION OF EXTENSION

The mission of the Division of Extension, Kenosha County is to bring University resources and knowledge to build capacity of individuals, groups, and communities. We provide Kenosha County access to the research and resources of the University System.

The Extension office is a result of a partnership between the U.S. Department of Agriculture (federal government), University of Wisconsin-Madison (state government) and Kenosha County (county government). Extension builds partnerships and collaborations with other county departments/divisions, city departments, schools, university/colleges, local organizations and businesses. Extension expands efforts to meet the local priorities and educational needs of urban neighborhoods and western county communities.

Kenosha County UW-Extension programs include:

- Agriculture Education
- Horticulture Education (consumer and commercial)
- Community Development Education
- Health and Well-Being Education
- Nutrition Education (FoodWise Program)
- Youth Development (4-H; Youth In Governance; Youth As Resources; Afterschool Ambassadors; Tech Wizards)

DIVISION OF INFORMATION TECHNOLOGY

MISSION STATEMENT

The mission of the County of Kenosha Information Technology Division is to provide high quality innovative, secure, efficient and cost-effective services. Work as a team with County leadership, and stakeholders to identify best practices for services while being respectful of taxpayer dollars. Attract and retain employees with appropriate technical skills, enthusiasm to learn, ability to teach, and the passion to provide high quality program, project and operations services to County departments and public sector.

GOALS

- Ensure County information assets are secured and privacy protected.
- Deliver timely and effective responses to customer requirements through teamwork and make County Services accessible.
- Establish a technology governance structure, to provide vision, leadership, and a framework for evaluating emerging technologies and implementing proven information technology solutions.
- Ensure effective technical and fiscal management of the Division's operations, resources, technology projects, and contracts.
- Improve the reliability and performance of the County's IT Infrastructure and implements common business applications and systems to improve efficiency and cost-effectiveness.
- Develop and maintain technically skilled staff that is competent in current and emerging information technology and a user community that understands and can employ modern technologies to maximize business benefits.

DIVISION OF LAND INFORMATION

MISSION STATEMENT AND VISION

The Land Information mission is to provide accurate assessment, taxation and mapping data to effectively and efficiently meet statutory requirements. We seek to provide a high quality of service to Federal, State, Municipal and private sectors in order to serve the residents of Kenosha County. We strive to meet the needs of the private sector by supplying data to assist in economic growth and residential development without comprising agricultural and recreational lands.

ACCOMPLISHMENTS

Land Information Office

Worked closely with the State of Wisconsin Department of Administration on compliance with requirements for the Wisconsin Land Information Program. This program provides a funding mechanism for projects related to land records modernization throughout the state and is funded through fees collected for real estate document recordings.

Geographic Information System (GIS)

Coordinated development of specific mapping applications for the department of Public Works. These applications addressed needs within the Department related to asset inventories, public outreach and cost efficiencies. This initiative was completed utilizing a Wisconsin Land Information Program grant and working with an external GIS services vendor.

Supported Health Department COVID-19 response by creating and maintaining the Kenosha County COVID-19 information hub and numerous dashboards depicting case and vaccination data for both internal and public use.

Real Property Listing

Maintained library of all historical plats of survey filed in Kenosha County going back to 1800's. All plats of survey (60,000+) have been imaged and assigned metadata. New surveys are being added as received. Images are freely available on the Kenosha County website and are used extensively by engineers, planners, real estate professionals and the general public.

FUTURE OBJECTIVES

U.S. Census/Decennial Redistricting

Work closely with the U.S. Census Bureau, State of Wisconsin and local units of government on all aspects of the 2020 Census and 2021 Decennial Redistricting. Mapping will play a strong role in assisting census efforts and providing tools for the upcoming redistricting efforts.

Mapping Application Development

Develop additional focused mapping applications that serve needs of Kenosha County citizens. These applications will leverage pre-existing technologies offered by our software vendors and allow for expedited implementation of business need solutions.

Orthophotography/Oblique Imagery Acquisition

To collect aerial imagery, including orthophotography and oblique images, every 2-3 years rather than at the legacy 5 year cycle approach. The new imagery will be invaluable for use in law enforcement, planning, economic development, and 911 purposes.

BOARD OF ADJUSTMENT

The Board of Adjustment is a quasi-judicial committee authorized by state statutes. It is made up of five citizen members, and is responsible for hearing variance requests and administrative appeals to the Kenosha County General Zoning and Shoreland/Floodplain Zoning Ordinance. This committee also serves as the Sanitary Board of Appeals on variance matters relating the county's on-site waste disposal ordinance.

KENOSHA COUNTY LIBRARY SYSTEM

2022 Budget Narrative

SYSTEM OVERVIEW:

The Kenosha County Library System (KCLS) is an agency of Kenosha County established according to Chapter 43 of the Wisconsin Statutes to provide for the extension and improvement of library services to all county residents. KCLS is a separate entity from the Kenosha Public Library (KPL), which is a department of the City of Kenosha.

Kenosha County Library System is one of 16 library systems in the state of Wisconsin. Most library systems in Wisconsin cover multiple counties. Kenosha County Library System is an exception to the rule, providing support to only one county. Because KCLS is a one county system, the Director of the Kenosha Public Library serves as both the administrator of the Kenosha Public Library and the Kenosha County Library System. The staff of the Kenosha Public Library serves as the county System staff. Kenosha Public Library provides administrative and technical support to the system at no charge. KCLS is the only library system in Wisconsin with no administrative overhead. This arrangement allows Kenosha County citizens to enjoy maximum benefits from shared system revenue.

Kenosha County Library System is governed by a board of 7 county residents appointed by the County Executive and receives its funding from county and state sources. The System carries out its mission through service contracts with the Kenosha Public Library and the Community Library, which are the two public libraries in Kenosha County. Together, these libraries agree to provide equal service to all county residents at six locations and through the Kenosha Public Library's bookmobile and outreach services. Kenosha Public Library serves as the system's Resource Library, providing system administration, purchasing, computer network services, and bookmobile service. Community Library is a member library of the system.

Kenosha County Library System cooperates in resource sharing agreements with neighboring library systems to enhance library services and reduce costs. Lakeshores Library System (Racine and Walworth Counties), Arrowhead Library System (Rock County), and Kenosha County Library System share a computer ILS (Integrated Library System) of patron accounts, catalog records, and modules for acquisitions, cataloging, inventory control, circulation, and serials management within a consortium called SHARE. Residents of all four counties have direct access to a combined collection of 1,841,438 items, including magazines, newspapers, books, audiobooks, music CDs, films on DVD, as well as laptop computers, Kindles, Internet hotspots, and developmental kits for children. Shared electronic collections provide access to over 344,000 ebooks, audiobooks, videos, and music downloads. KCLS contracts with Lakeshores Library System to maintain and enhance the shared ILS at a considerable cost savings to member libraries. Local hardware maintenance of email and network servers, the telecommunications that allow network communication with all KCLS libraries, and the public Internet access provided by libraries to county residents, are all managed by the Kenosha County Library System through a contract with Kenosha Public Library.

KCLS facilitates statewide and countywide joint purchases of digital collections, including electronic databases of magazines, newspaper and journal articles, music downloads, ebooks, electronic audiobooks, language instruction tutorials, job training classes, and test prep resources. The demand for these resources has been especially keen during the COVID-19 pandemic as county residents look to enhance their work skills, support remote student learning, research expert information on health and consumer issues, and read the latest literature from a distance. Joint purchasing leverages cost savings for these high-demand products. In 2020, these products were used 190,981 times.

State statutes require counties to levy a library tax and reimburse public libraries for in-person use by county residents who do not pay directly to the libraries they use. The City of Kenosha levies a library tax on city residents for the Kenosha Public Library. The Town of Randall, and villages of Paddock Lake, Twin Lakes, and Salem Lakes pay for the operation of Community Library as part of a Joint Library Agreement. All other Kenosha County residents pay a county tax for library service. This “nonresident” use is considerable. In 2020, 22.3% of Kenosha Public Library’s total circulation was to county residents who do not pay city tax to Kenosha Public Library, including the residents of Pleasant Prairie, Bristol, and Somers. Likewise, 15.3% of Community Library’s circulation was to county residents who do not pay tax to the Community Library. Reimbursements ease the financial strain on local budgets for the expansion of collections and services necessary to accommodate this additional use and ensure that every citizen in the county enjoys full public library service.

MEETING THE CHALLENGES OF 2020

KCLS member libraries rose to the challenges of 2020 in remarkable ways. As the majority of public libraries in Wisconsin remained closed to the public, both Kenosha Public Library and Community Library restored library service immediately after the Governor's stay-at-home order through curbside service and online programs and reopened library buildings to the public by early summer 2020. Kenosha Public Library restored service at the Uptown Branch three days after civil unrest set fire to neighboring buildings. Kenosha County Library System secured federal funds to enhance wireless access for county residents through hotspot checkout, mobile Wi-Fi vehicles, and amplified Wi-Fi signals throughout the county. This commitment to the educational needs of our community has won KCLS libraries significant accolades locally, statewide and nationally. Kenosha Public Library was named 2020 Wisconsin Library of the Year and 2021 Finalist for the National Medal for Museum and Library Service. Kenosha County Library System delivery service design has been selected by the Department of Public Instruction as a model for library systems across the state.

WHAT’S NEW IN 2022

The Kenosha County Library System remains committed to strong support for its outstanding member libraries through additional technology services, expanded resource sharing, dependable and efficient delivery service, and continuing education initiatives.

In July 2021, Governor Evers approved a biennial budget that restores the severe cuts inflicted on library system budgets in 2012. Although library systems saw a small increase in the past 2 biennial budgets, system funding has not been fully restored for the past 10 years. The following

chart demonstrates the drop in state aid beginning in 2012. The 2022-2023 \$66,388 biennial increase will go a long way toward local library support.

t

KCLS State Aid Since 1981

During the COVID-19 pandemic, KCLS leveraged federal funding to purchase hotspots for checkout. These hotspots were a lifeline to students, workers, and low income elderly community members as they remained isolated from in-person library use. This shared pool of 61 hotspots available through Kenosha County libraries continues to be in high demand, with long waiting lists. This budget proposal requests \$14,616 to support the data plans associated with those hotspots. A collaborative statewide library system data backup project has begun that will provide archival of system data to KCLS for a low annual fee.

Major Objectives of the 2022 KCLS Budget

1. Reimburse Kenosha County libraries for nonresident use.
2. Support the Kenosha County Library Computer Network.
3. Purchase digital resources for shared use by all Kenosha County residents.
4. Provide for interlibrary delivery of collection materials.

1. Reimburse Kenosha County Libraries for Nonresident Use

Reimbursement for Nonresident Use and the County Library Tax

All Kenosha County residents enjoy equal access to system libraries at six locations. The cost of open access is paid from County Library Tax revenue. The County Library Tax is levied only on those municipalities that do not maintain a local library. Calculations for reimbursements are

based on the last full year of statistics available. For 2022 calculations, 2020 statistics were utilized. In 2020, libraries in Kenosha County circulated 107,127 items to Kenosha County residents paying county library tax.

Exempt statuses for the Villages of Salem Lakes, Twin Lakes, and Paddock Lake, and the Town of Randall are determined annually, and are contingent upon minimum direct payments by each municipality to Community Library. The City of Kenosha is exempt from the County Library Tax for 2022.

Reimbursement Formula for Nonresident Use

Kenosha County uses a statewide formula to reimburse the Community Library and the Kenosha Public Library for the cost of open access. This formula is based on operating cost per circulation from the last completed year multiplied by the number of in-person circulations. 2020 circulation to nonresidents determines 2022 reimbursement.

Reimbursement for Cross-County Use Among Kenosha, Walworth, and Racine Counties

KCLS contracts with the Lakeshores Library System, the library system serving Racine and Walworth counties, to provide open access for Kenosha County residents at libraries in Racine and Walworth counties, as well as to provide Lakeshores Library System residents open access to Kenosha County libraries. Reimbursement is based on the average cost of circulation statewide. Circulation must be in-person at a library facility to be eligible for reimbursement. Curbside service is considered in-house use. An overall decrease in in-person library use due to the COVID-19 pandemic translates into a decrease in cross-border reimbursements for 2022.

<i>Cross Border Borrowing Payments</i>			
	2021	2022	% Change
To LLS for Service to Kenosha County residents	\$77,569	\$71,875	-7.3%
To KCLS for service to Lakeshores Library System residents	\$174,248	\$164,037	-5.9%

2. Support the Kenosha County Library Computer Network

Share Costs of County Library Computer Network Central Site

KCLS maintains a county-wide network that supports public and staff computing for all six KCLS library locations. County and state funding provide collective support for software and hardware costs for network maintenance and improvement, including the annual costs for the integrated library system (ILS). Through collective purchasing arrangements with Lakeshores Library System and Arrowhead Library System in a SHARE library consortium, KCLS is able to reduce the costs of the ILS contract and certain electronic educational resources. TEACH and WiscNet statewide contracts provide low cost telecommunications for public libraries.

Capital Outlay/Projects Plan

Mission:

- To plan for the long-term capital needs of Kenosha County.
- Provide the financial analysis and review of capital projects including but not limited to the following:
 - New construction
 - Improvements to existing construction
 - Infrastructure maintenance
 - Major equipment and machinery purchases and installation

Policy:

- Major capital outlay/projects are defined as active or proposed expenditures in one or more specified plan years of an amount usually in excess of \$25,000 for a permanent fixed asset (building, land, improvement, equipment, furniture, etc). The County also borrows for outlay/projects between \$5,000 and \$25,000.
- These capital projects place an emphasis on planning for rather than reacting to crisis situations. Every effort is made to find alternative financing and funding to reduce anticipated borrowing for these projects.
- Capital outlay/project listed in future years are shown for INFORMATIONAL PURPOSES ONLY, as they are intended to provide a guideline for capital spending for future years. Periodic modifications will occur based on funding availability or circumstances which may require a more immediate time frame. The future projects items listed illustrate the long-range continued need to maintain the County's infrastructure and fund a sound fiscal replacement plan for the County's permanent fixed assets.

Project Title: Information Technology Projects

Project ID: Info Tech-1
Division: Information Technology
Division Head: Shawn Smith

Project Scope and Description:

This project covers the installation or replacement of hardware and software to support the data, voice and video needs for all Kenosha County Departments. The project scope includes but is not limited to fiscal and payroll upgrades and modifications, Human Services system upgrades and modifications, countywide network, software and hardware improvements and replacements, law enforcement, court and judicial system upgrades and modifications and various departmental projects and data processing services.

Additional Information:

Every department and employee depends upon one or more computer systems to efficiently perform their jobs. It is necessary to select, implement and maintain these systems in order to provide the appropriate service levels to the public.

Project Title: Broadband Infrastructure

Project ID: Info Tech-2
Division: Information Technology
Division Head: Shawn Smith

Project Scope and Description:

The Broadband Infrastructure funding will promote the development and implementation of broadband infrastructure through Kenosha County. One of the primary initiatives cited in ARPA funding is to improve high speed wireline broadband Internet access throughout the country. The focus is creating improved access in unserved and underserved areas, where speeds do not meet minimum standards as defined in ARPA documentation, typically less than 25Mbps download speeds and 3 Mbps upload speeds.

Additionally, the FCC (federal) and PSC (Wisconsin) maps are highly generalized and insufficiently represent unserved and underserved areas. This funding will assist in identifying all addresses failing to meet the minimum criteria through the County.

Additional Information:

Funding will be used to create programs designed to identify all unserved and underserved areas of Kenosha County including hardware, software, and services necessary to conduct the survey. Funding will also be used to assist approved vendors or communities to provide contributions in grant applications or facilitate projects delivering services to unserved and underserved areas.

Project Title: Land Information - Photo Update

Project ID: Land Info-1
Division: Land Information
Division Head: Scott Schutze

Project Scope and Description:

Upon completion of this project the County will have updated aerial photos and images of all properties in Kenosha County. This project is typically completed every four-five years in conjunction with a similar effort by SEWRPC. These photos and images serve a business purpose for many County departments, as well as, the private sector businesses and the general public. Due to economic growth in the area it is necessary to update these datasets and provide current information for planning purposes.

Additional Information:

If this project is not undertaken, current interactive maps, property inquiries and 911 services will depend upon existing, outdated information when providing assistance to various user groups.

Project Title: KABA - High Impact Fund

Project ID: KABA-1
Division: Economic Development
Division Head: Patricia Merrill

Project Scope and Description:

Through this program, Kenosha County contributes to KABA's High Impact Fund which is used to attract new businesses and encourage economic development in the County. This fund helps to promote a higher standard of living and economic health of the region. The High Impact Fund can be used in several areas including but not limited to; development of human capital, critical infrastructure and regional competitiveness.

Additional Information:

Without this contribution KABA must depend upon funding from other sources to continue its work in the area of economic development.

Project Title: Brookside - Furniture Replacement

Project ID: Brookside-1
Division: Brookside
Division Head: Lynda Bogdala

Project Scope and Description:

Purchase replacement furniture and equipment that is used for both residential and facility purposes. Effective and efficient ongoing operations require that certain furniture items or pieces of equipment be replaced on a regular basis.

Additional Information:

In each of the five years, beds costing \$25,000 will be replaced.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	608-605-6080-440000	\$25,000	\$25,000	\$25,000	\$25,000	\$25,000	\$125,000

Project Title: Brookside - Generator Replacement

Project ID: Brookside-2
Division: Brookside
Division Head: Lynda Bogdala

Project Scope and Description:

The current generator is nearing it's end of life and needs to be replaced. With the additional square footage added to Brookside, it is most efficient to design and install a generator capable of servicing the additional space and specific equipment. In order to do this, design work must be completed in 2022 with construction and implementation in 2023.

Additional Information:

This will allow for one larger generator to account for the building rather than having multiple generators responsible for sections of the facility. One generator allows for less testing, maintenance and repairs.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Brookside - Medical Equipment

Project ID: Brookside-3
Division: Brookside
Division Head: Lynda Bogdala

Project Scope and Description:

As the need for medical care availability increases, so does the need for medical equipment. In order for the residents to continue to receive the highest form of care, three vital machines (an additional bladder scanner and two wound vacs, all with stands) will be purchased.

Additional Information:

The purchase of these pieces of equipment will be funded through various revenue sources. No bonding is required.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding		\$0	\$0	\$0	\$0	\$0	\$0
Revenue		\$0	\$0	\$0	\$0	\$0	\$0

Levy Funded		\$0	\$0	\$0	\$0	\$0	\$0
Total Cost	600-605-6050-580050	\$30,000	\$0	\$0	\$0	\$0	\$30,000

Project Title: Brookside - Kitchen Equipment

Project ID: Brookside-4
Division: Brookside
Division Head: Lynda Bogdala

Project Scope and Description:

Replace two ovens, one combination and one double stack, in the Brookside kitchen. Maintenance and repairs are increasing and costly.

Additional Information:

These ovens need to be available to continually provide the necessary level of food preparation service.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	608-605-6080-440000	\$38,000	\$0	\$0	\$0	\$0	\$38,000

Project Title: Brookside - Roof Replacement

Project ID: Brookside-5
Division: Brookside
Division Head: Lynda Bogdala

Project Scope and Description:

The roof over the old/East section of Brookside is beyond it's useful life and deteriorating. Current repair and maintenance costs are increasing. The old and new sections of Brookside will have roofs of the approximate same age. If future repairs or maintenance is needed, there will be savings of mobilization and maintenance costs.

Additional Information:

Allowing for the roof to remain as is could cause leaks and damage to the inside of the facility.

Project Title: Health - Colposcope

Project ID: Health-1
Division: Health
Division Head: Jan Freiheit

Project Scope and Description:

Purchase a colposcope for the Health clinic. A colposcope is a specialized microscope that assists the Nurse Practitioner with collecting a sample of tissue from a client when an abnormality is detected after a Pap Smear has been completed. With this piece of equipment the Nurse Practitioners will be able to provide this additional service to clients that don't have a provider or are not able to see another provider due to lack of insurance.

Additional Information:

Health and safety are among Kenosha County's top concerns and purchasing this equipment will help in accomplishing that.

Project Title: Courthouse Parking Lot

Project ID: Facilities-1
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

The Courthouse parking lot is developing large cracks and potholes that need to be addressed. The most cost effective way is to replace the lot and extend the life for +20 years.

Additional Information:

If nothing is done, the lot will continue to deteriorate and present a risk to pedestrians and vehicles.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Replace Fire System Devices

Project ID: Facilities-2
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

The current fire system devices in the Molinaro and Pre-Trial buildings have become obsolete and replacement parts are no longer available. In 2022, all devices within the Molinaro building will be replaced with new equipment. The old devices will be salvaged for replacement parts to keep the Pre-Trial devices operational until replaced in 2024.

Additional Information:

There is no safety concern of the old devices malfunctioning prior to 2024 within the Pre-Trial building.

Project Title: Building Improvements - Civic Center

Project ID: Facilities-3
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

In order to preserve the Kenosha County Civic Center facilities (including Courthouse, KCAB, Molinaro) and to provide a safe working and visiting environment for employees and the public, improvements must be made on a continuing basis. These improvements include but are not limited to carpet replacement, door replacement and restroom remodeling.

Additional Information:

If these improvements are not made, employees and the public will use the facilities as they currently exist. Repairs and maintenance will be made as needed.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Replace Heat Pumps - KCAB

Project ID: Facilities-4
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

The heat pumps at the Kenosha County Administration Building are past their useful life and need to be replaced. This budget covers the fourth and final phase of this project.

Additional Information:

There is a risk of loss of service if this project is not completed.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: KCC Office Renovation and Elevator

Project ID: Facilities-5
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

In 2019, the Planning and Development (P&D) and UW-Extension Divisions (UWX) were co-located in the existing P&D space at the Kenosha County Center. The move freed up the UWX space to be used for other County purposes. In addition, the second floor of the building is un-occupiable and used only for storage due to the lack of accessibility. A re-design plan has been completed which when carried out will call for better use of this space. The installation of an elevator will provide the needed access to the second floor.

Additional Information:

If not remodeled, these areas will remain vacant or used strictly for storage and the decision on how to use this valuable space will be postponed.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: HVAC Replacement - KCDC

Project ID: Facilities-6
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

There are multiple HVAC units that serve the Kenosha County Detention Center. These units are original to the building and are at the end of their useful lives. There have been several instances of costly repairs recently. There is a risk of loss of service to this 24/7/365 operation. Over the next few years these units, the building controls software and VAV boxes will be replaced. The Facilities Division closely monitors the condition of all of the County's HVAC systems and follows an organized maintenance program to ensure usability. Per this program, these units are up for replacement.

Additional Information:

If not replaced costly repairs may occur. This project must be completed before the KCDC roof can be replaced.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Replace Courthouse South Entrance and Ramp

Project ID: Facilities-7
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

The ramp at the south entrance of the Kenosha County Courthouse is deteriorating and in need of replacement. Crumbling concrete and loose railings are causing safety issues for the public and employees.

Additional Information:

If left as is, there is a risk of injury to the public and employees.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-790-7925-440000	\$0	\$200,000	\$0	\$0	\$0	\$200,000

Project Title: Civic Center Development

Project ID: Facilities-8
Division: Facilities
Division Head: Ray Arbet

Project Scope and Description:

These are the costs associated with the development of Kenosha County facilities including, but not limited to, the acquisition of land and buildings, demolition of buildings, utility considerations, construction of parking lots and landscaping. The condition and appearance of County facilities affects the County's opportunities to market the community and increase operating efficiencies.

Additional Information:

This is an ongoing project and has been for many years. Although there is nothing specific at this time, the County is always looking for opportunities to beautify the area and improve its facilities.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Parking Lot Replacements - KCC and KCDC

Project ID: Facilities-9
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

Kenosha County has a heavy investment in its parking lot assets. These parking lots need to be replaced continuously as they deteriorate to avoid damage to employee or public vehicles and mitigate any safety issues. In 2019 the County hired a third party expert in hardscape analysis to review the status of the County's parking lots. This study showed that the KCC and KCDC lots are deteriorating and are in need of eventual replacement. This is a long term project covering several years and multiple facilities.

Additional Information:

If not replaced, the parking lots can be patched or repaired as needed.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-790-7925-440000	\$0	\$625,000	\$625,000	\$625,000	\$625,000	\$2,500,000

Project Title: Replace Roof - KCDC

Project ID: Facilities-10
Division: Facilities
Division Head: Ray Arbet

Project Scope and Description:

Replace the roof of the Kenosha County Detention Center. The existing roof is original to the building. This roof is past its useful life and needs constant patching and repair. The roof will be replaced after new HVAC equipment is installed. This project was recommended as part of the overall roof replacement survey conducted several years ago by third-party consultants.

Additional Information:

If the roof is not replaced, repairs will continue to be made to prevent potential building damage.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Ceremonial Courtroom Restoration

Project ID: Facilities-11
Division: Facilities
Division Head: Frank Martinelli

Project Scope and Description:

The Kenosha County Ceremonial Courtroom was remodeled in the mid-1960's and again in the 1990's. These remodeling's included the installation of a new HVAC system and a drop ceiling to hide the new HVAC ductwork. These efforts significantly damaged the original muraled plaster ceiling and skylights. This project will result in the return of the Ceremonial Courtroom to its previous glory.

Additional Information:

The current plan for this project is to have one half of the expected cost paid for with donations, contributions or grants. If this revenue does not materialize, the project will not be undertaken. Several efforts are currently underway to secure this funding.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-790-7925-440000	\$0	\$875,000	\$900,000	\$0	\$0	\$1,775,000

Project Title: Replace Air Conditioning Units - PreTrial

Project ID: Facilities-12
Division: Facilities
Division Head: Frank Martinelli

Project Scope and Description:

There are multiple air conditioning units at the PreTrial building that are at the end of their useful lives. Repair costs are increasing yearly. The Facilities Division closely monitors the conditions of these units and have determined the need for replacement by 2024.

Additional Information:

Failure to replace the units could result in downtime causing uncomfortable conditions for employees and the public.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Total Cost	411-790-7925-582200	\$0	\$0	\$260,000	\$0	\$0	\$260,000

Project Title: Replace Chiller - Molinaro Building

Project ID: Facilities-13
Division: Facilities
Division Head: Frank Martinelli

Project Scope and Description:

The chiller at the Molinaro Building is approaching the end of its useful life. The Facilities Division monitors the age and condition of these pieces of equipment and recommends replacement no later than 2024.

Additional Information:

Failure to replace the unit could result in downtime causing uncomfortable conditions for employees and the public.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Replace Generators - KCC

Project ID: Facilities-14
Division: Facilities
Division Head: Frank Martinelli

Project Scope and Description:

There are currently two generators that service the Kenosha County Center. Based on their age and expected condition, these two units should be replaced in 2025.

Additional Information:

The Facilities Division maintains a detailed equipment log which includes a history of repairs and potential times of replacement. Per this schedule, 2025 is the replacement year for the KCC generators.

Project Title: Replace Hot Water System - KCDC

Project ID: Facilities-15
Division: Facilities
Division Head: Frank Martinelli

Project Scope and Description:

The hot water system at the Kenosha County Detention Center is an intricate and complicated series of pipes, valves, tanks, pumps and motors that connects the hot water source (boiler) to the ultimate equipment (kitchen, laundry, showers, etc.). The source, piping and ultimate equipment are functioning properly but the "infrastructure" of valves, tanks, motors and pumps will have reached the end of its useful life and will need replacement in 2026. This is a 24/7/365 facility that cannot be shut down if hot water is not available.

Additional Information:

If not replaced, the existing system will be patched and repaired as needed depending upon the availability of parts and components.

Project Title: Purchase Lot

Project ID: Fac Hum Svcs-2
Division: Facilities
Division Head: Ray Arbet

Project Scope and Description:

Purchase the vacant lot at the Southwest corner of Sheridan Road and 85th Street, adjacent to the Human Services building.

Additional Information:

If the County does not purchase, another buyer may come along. Ownership by another buyer would complicate plans for future usage of the Human Services building.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Job Center Renovation/Relocation

Project ID: Fac Hum Svcs-3
Division: Facilities
Division Head: Ray Arbet

Project Scope and Description:

Replace the existing Kenosha County Human Services building with a new facility. The current building has been thoroughly inspected and needs major renovation work in order to allow staff to provide the existing, as well as, the increase in future services. It is more cost effective to replace the existing facility at a new location than to renovate the building.

Additional Information:

The County will work with a local developer/construction company to design and remodel/build a replacement facility. An operating lease with a future purchase arrangement in 2029-2030 will be finalized.

Project Title: Utility Vehicles

Project ID: Golf-1
Division: Golf
Division Head: Dan Drier

Project Scope and Description:

Replace aging utility carts that are used as general maintenance vehicles at both course locations. Individual cart costs may vary slightly depending upon features and attachments. These vehicles are part of an overall equipment replacement plan. The cost of the carts in 2022 will be paid through reserves.

Additional Information:

If not replaced, the existing vehicles may experience high repair and maintenance costs.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Tractor

Project ID: Golf-2
Division: Golf
Division Head: Dan Drier

Project Scope and Description:

Purchase a replacement tractor to be used for general golf course maintenance purposes; mowing, hauling and towing. The existing tractor is experiencing multiple repairs and excessive maintenance. Golf course staff maintains an equipment replacement schedule. This tractor is past its expected useful life. The cost of this tractor in 2022 will be paid for with reserves.

Additional Information:

If not replaced staff will continue to use and repair existing equipment with a possible decline in golf course conditions.

Project Title: Replace Golf Carts

Project ID: Golf-3
Division: Golf
Division Head: Dan Drier

Project Scope and Description:

The Kenosha County Golf Division replaces a portion of its golf cart fleet each year. The typical life of a cart is approximately four years. A new golf cart costs approximately \$4,800 and service (beverage) carts will vary based on type of cart. Trade-in values are netted out of the annual amounts. The entire fleet consists of 214 carts and four service carts. Typically, the next cart replacement cycle would begin in 2023, however with the recent surge in golf play over the past two years, there is a need to increase the overall quantity of carts by six, including four carts and two service carts in 2022. This will allow for better customer experience. The ratio of carts is two thirds at Brighton Dale and one third at Petrifying Springs. The cost of the additional carts in 2022 will be paid from reserves.

Additional Information:

Carts must be replaced on a regular basis to ensure usability. The Golf Division has performed a lease versus buy analysis with the result showing economic benefits when vehicles are purchased. The County contracts on an annual basis with a service provider for storage and maintenance.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	641-730-7390-440000	\$0	\$185,000	\$190,000	\$195,000	\$35,000	\$605,000

Project Title: Mowers and Equipment Replacement

Project ID: Golf-4
Division: Golf
Division Head: Dan Drier

Project Scope and Description:

The Golf Division maintains a formalized process of maintaining and replacing equipment on a regular basis to ensure proper course conditions and reduce maintenance and repair costs. Equipment includes various types of mowers, sprayers, aerifiers, turf rollers and sand rakes. Mower costs will vary based on type and usage. Equipment replacement is split between Brighton Dale Links and Petrifying Springs based on age and condition. Golf Division management may vary the actual machines purchased based on need without any change in the total cost. The 2022 cost of this equipment will be partially paid for with reserves.

Additional Information:

If not replaced, existing equipment will be used and repaired as needs arise with a possible decrease in course conditions.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	641-730-7390-440000	\$217,000	\$352,000	\$329,000	\$312,000	\$360,000	\$1,570,000

Project Title: Golf Course Improvements

Project ID: Golf-5
Division: Golf
Division Head: Dan Drier

Project Scope and Description:

The Golf Division continues the implementation of the overall Brighton Dale and Petrifying Springs golf course master plan. This plan includes the reconstruction of course features, replacement of irrigation systems, improvement of practice areas, and construction of storage/maintenance buildings. It is the goal of the Golf Division to keep the County courses visually pleasing and challenging while maintaining quick pace of play. Over the years, various components of this master plan have been implemented resulting in noticeable improvements in the quality of the courses and the satisfaction level of golfers. These improvements will be paid for out of reserves based on an 10-20 year plan.

Additional Information:

In 2023, the master plan calls for the installation of course features to control irrigation issues on the Brighton Dale Links red course. Future years will include modifications to course features of the Brighton Dale blue course, the reconfiguration of the Brighton Dale range and practice area, and the construction of storage/maintenance buildings for equipment.

Project Title: Golf Vehicles

Project ID: Golf-6
Division: Golf
Division Head: Dan Drier

Project Scope and Description:

Replace one vehicle for use by the Division of Golf. The Division maintains a regular schedule of vehicle replacement to ensure usability and reduce repair and maintenance costs. The existing vehicle is aging, accumulating excessive mileage and experiencing excessive repair and maintenance costs. Continued use of this vehicle risks service issues and increased repair costs.

Additional Information:

This is a four-wheel drive, 1/2 ton pickup truck and will be equipped for heavy duty plowing attachments.

Project Title: Paving Projects

Project ID: Golf-7
Division: Golf
Division Head: Dan Drier

Project Scope and Description:

Pulverize and repave the parking lots at both golf courses. The current plan is to repave the Brighton Dale lot in 2024 and the Petrifying Springs lot in 2025. The asphalt in these lots has deteriorated over the years, is broken up and unsightly. In some areas pavement no longer exists. These conditions present a potential risk to customer and Golf Division vehicles.

Additional Information:

If not repaved, then the existing surfaces will be patched and repaired as needed.

Project Title: Commercial Tent

Project ID: Parks-1
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Purchase a large commercial tent that will be used to accommodate various park events and activities. The Parks Division currently uses ancient army tents that are unsightly, in poor condition and are difficult to assemble. On occasion tents have been rented. A new, functional tent will reduce costs and improve the park experience.

Additional Information:

Replace existing tents with a new tent.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Blower

Project ID: Parks-2
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Purchase a commercial, pull-behind blower to aid in the maintenance of parkways, parking lots and trails for the West End parks.

Additional Information:

A new blower will aid in operational efficiencies on the Western side of the park system and minimize the centralization of equipment and transportation costs.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-760-7850-440000	\$10,000	\$0	\$0	\$0	\$0	\$10,000

Project Title: Equipment Repair Lift

Project ID: Parks-3
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Kenosha County Parks Division manages all maintenance of it's fleet of equipment including trucks, mowers and mid-size equipment. Petrifying Springs Park is the primary location for fleet maintenance and requires a new lift to better manage a diversified fleet of equipment. The current lift does not allow to service mowers and mid-size equipment. A replacement lift would allow for more efficiencies when servicing and repairing vehicles and equipment.

Additional Information:

The alternative is to continue to service equipment with the current lift which limits the efficiency of fleet operations.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Flood Plain Property

Project ID: Parks-4
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

This project allows for the purchase of properties in flood plain areas throughout the County as they become available. Kenosha County has an ongoing program of purchasing these properties. Some of the properties are single family homes and some are vacant lots. This is a long-term project and the County has acquired many properties since the mid-1990's. Nothing specific is known at this time, but history has shown that properties become available. The cost includes any tear-down or mitigation expenses associated with the properties. Ongoing maintenance of the empty lots is negligible.

Additional Information:

The alternative is to not purchase properties and leave maintenance and mitigation expenses to the owners. Many of the properties are abandoned or present safety issues.

Project Title: Petrifying Springs Pavilions

Project ID: Parks-5
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Petrifying Springs Park has a total of six pavilions, five of which are rented to the general public and one leased to the Petrifying Springs Biergarten. Pavilion #3 and #5 were constructed in the 1960s and have shown brick failures over the past year which led to a site survey to investigate the structural elements of these facilities. The report concluded these two pavilions are in severe to critical condition and immediate action is required due to failures in the structures. In 2022 partial reconstruction will take place to keep the public safe and the pavilions operational, while in 2023-2024 complete reconstruction will take place.

Additional Information:

If nothing is done, pavilions may need to close for safety precautions and will result in costly repairs and loss of revenue.

Project Title: Utility Vehicles

Project ID: Parks-6
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Replace heavy duty utility carts at several park locations. The Parks Division maintains a replacement schedule for all of their carts to ensure usability, decrease repair costs and maintain service levels. The typical maximum life of a cart is between 3,500-4,000 hours. These carts are a part of an overall replacement plan and will be past their expected useful life at the time of replacement.

Additional Information:

In 2022, two light duty and one heavy duty utility vehicles will be replaced. If not replaced, the existing carts will be repaired as needed.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-760-7850-440000	\$56,000	\$9,000	\$21,000	\$21,000	\$21,000	\$128,000

Project Title: Pickup Trucks

Project ID: Parks-7
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Replace 4WD heavy duty pickup trucks at various park locations. The Parks Division maintains a replacement schedule for all of their trucks to ensure usability, decrease costs and maintain service levels. The cost of each vehicle varies from \$35,000 to \$50,000 depending upon options and additional equipment (ex: plows). The request for 2022 includes two pick-up trucks. The current trucks are aging, in need of frequent repairs and have high mileage and many hours of idling time. All of these trucks will be past their useful lives at the time of replacement.

Additional Information:

If new vehicles are not purchased, the existing trucks will need maintenance, repair and replacement of failed components.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Mowers and Equipment

Project ID: Parks-8
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

The Division of Parks owns a fleet of mowers to maintain the County parks. Mowers are an essential piece of equipment to the Parks Division. The division maintains a detailed schedule of maintenance and replacement for all its vehicles. Annual replacement is necessary to minimize downtime, repairs and maintenance costs.

Additional Information:

The alternative to replacing mower equipment is to repair existing fleet of equipment which will impact operation costs.

Project Title: Building Improvements - Kemper Center

Project ID: Parks-9
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Kemper Center County Park is a 20 acre park which has two historical facilities. Annual capital improvements are determined based on the preservation of the building envelope and recreational amenities within the park. The 2022 budget includes improvements / replacements of exterior building envelope features including, but not limited to, window replacements, tuckpointing, and painting.

Additional Information:

Replacement and maintenance of building features is needed to prevent deterioration and reduce the potential for more significant and expensive building repairs. These buildings are County assets and must be maintained.

Project Title: Multi-Use Trail Improvements - Bridges

Project ID: Parks-10
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Add multiple durable bridges that will improve the quality and condition of the multi-use trails within the Petrifying Springs and Parkside system. These bridges will increase the safety and usability for trail users.

Additional Information:

Maintenance of these trails is performed by local groups of trail enthusiasts and other volunteers.

Project Title: Parkland Development

Project ID: Parks-11
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Kenosha County receives an annual contribution of \$75,000 from Waste Management that can be used to pay for equipment, operations and other park expenses. In addition, the County receives rental income from Boundless Adventures and the Pets Biergarten totaling approximately \$125,000. These funds are used to pay for Parks Division expenses. The Parks Division continuously explores opportunities to increase service levels to residents.

Additional Information:

No bonding is needed in 2022 to pay expenditures from the Parkland Development fund.

Project Title: Pike River Phase III

Project ID: Parks-12
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

The Pike River restoration project within Petrifying Springs Park will improve the water quality, habitat and ecological functioning of the Pike River and its riparian zone. This will result in the reduction of elevated total suspended solids and sediment-bound nutrients that are transported to the river mouth and nearshore area of Lake Michigan. The proposed multi-phase project will control streambank erosion, improve instream habitat and use native vegetation to stabilize and improve filtration of the riparian area.

Additional Information:

Pike River Phase II was completed in 2021. Design for Phase III is planned for 2022 with construction anticipated in 2023. Kenosha County is anticipated to receive a \$100,000 grant to aid with the design of the Phase III project and donations / grants to pay for construction.

Project Title: Playground Equipment

Project ID: Parks-13
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

The Division of Parks manages many playgrounds with a multitude of pieces of playground equipment. An annual replacement program is needed to replace equipment which dates back to the 1930s. The 2022 Budget includes the reconstruction of Petrifying Springs Playground #4 providing easier and safer access that moves the playground outside of the floodplain. Future years show an estimate of potential county-wide equipment replacements.

Additional Information:

The alternative to replacing playground equipment is to remove hazardous equipment and continue to service equipment as needed.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: KCVMP Enhancements

Project ID: Parks-14
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

In 2020, new features, including a parkway, parking lot, stormwater runoff protection, multiuse trails, an honor plaza and restrooms, were designed for Kenosha County Veterans Memorial Park. In 2021, many of these features were constructed or are in process. Construction will continue in 2022, finishing in 2023.

Additional Information:

The development project will allow for the use and access of approximately 100 acres on the western side of Kenosha County Veterans Memorial Park. Park staff continues to look for additional grant opportunities to fund these improvements.

Project Title: Kemper Shoreline Restoration

Project ID: Parks-15
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Replace rip-rap along approximately 1,700 feet of Lake Michigan shoreline bordering the Kemper Center. The existing shoreline is eroding and threatening to adversely affect Kemper facilities. Steps must be taken to stop erosion and protect County assets. The County has received funding in prior years to pay for preliminary design and engineering related to this project. The total project is expected to take three years.

Additional Information:

The County is seeking inter-government funding or donations to help pay for this project. If no funding is received, this project will be put on hold until funding is available.

Project Title: Park Building Roof Replacements

Project ID: Parks-16
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Removal and replacement of various deteriorating roofs in the County parks per recommendation of third party roofing consultant. A few years ago, the County hired a roofing consultant to inspect all roofs of existing buildings and make recommendations for roof replacement, maintenance and related costs. Park's buildings roofs were included as a part of this study.

Additional Information:

If not replaced, the roofs recommended by the consultant can be repaired as needed. Continued deterioration may increase future repair and maintenance costs.

Project Title: Silver Lake Park Road and Parking Lot Replacements

Project ID: Parks-17
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Silver Lake parkway and parking lots are original to the 1970s design of the park. The parkway and parking lots are at the end of their useful lives and are deteriorating resulting in unsafe conditions for staff, visitors and vehicles. This project was recommended by consultants as a part of an overall county parking lot replacement plan.

Additional Information:

The asphalt surfaces have been patched and re-shouldered to maintain the road, but replacement should be scheduled in the foreseeable future.

Project Title: Brighton Dale Utilities

Project ID: Parks-18
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

The sewer main needs to be replaced at Brighton Dale Park. The current sewer main is 49 years old, corroded due to water standing in the pipes for extended periods of time and beyond its useful life.

Additional Information:

This is a critical sewer line that services the Brighton Dale baseball fields as well as shelter restrooms. Failure of this sewer would release sewage to the environment and shut down restrooms to park.

Project Title: Old Settler's Parkway/Parking Lot Replacement

Project ID: Parks-19
Division: Parks
Division Head: Matthew Collins

Project Scope and Description:

Old Settlers Park has two parking lots located on the north and south sides of STH 50 within the Village of Paddock Lake. The parking lots are at the end of their useful lives and need to be resurfaced to accommodate park patrons, special events and recreational activities.

Additional Information:

Replacement of these lots was recommended by a consultant who studied all of the County parking lots.

Project Title: Pickup Trucks (4)

Project ID: Hi Equip-1
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace one pickup truck each year from 2022-2025, for use by the Division of Highways. Each vehicle will have over 200,000 miles at the time of replacement and will be beyond the expected useful life. Repairs are not cost effective and there is a risk of the loss of service should there be mechanical failure. A crew-cab pick up truck is set to be replaced in 2024.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Project Title: Crack Grinders (2)

Project ID: Hi Equip-2
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Purchase two crack grinders for use by the Highway Division for prepping roadway cracks for crack filling materials.

Additional Information:

If this equipment is not replaced, existing equipment can be used and repaired at the risk of loss of service.

Project Title: One Ton Trucks (6)

Project ID: Hi Equip-3
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace six one ton trucks, four in 2022, for use by the Division of Highways. These vehicles are used constantly by Division personnel and accumulate excessive mileage quickly. These vehicles cost between \$50,000 - \$70,000 depending upon attachments. These vehicles are part of an ongoing vehicle replacement plan. If not replaced, there may be a reduction in the level of service due to mechanical failure.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Project Title: Roller (1)

Project ID: Hi Equip-4
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace one roller used by the Highway Division for paving, general road repair and maintenance purposes. The Division maintains a comprehensive vehicle replacement plan to provide high levels of service and reduce repair/maintenance expenses. With the increase in road construction, rollers have become a vital part of this plan.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Project Title: Single Axle Truck (7)

Project ID: Hi Equip-5
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace seven single axle trucks, two in 2022, used by the Highway Division for plowing and general road maintenance purposes. The existing equipment will be beyond its expected useful life at the time of replacement. These vehicles are part of an ongoing vehicle replacement plan. If not replaced there may be a reduction in the level of service due to mechanical failure.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Arrow Boards (3)

Project ID: Hi Equip-6
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace one arrow board in 2023, two in 2026, to be used by the Highway Division to notify motorists about lane restrictions and other general highway issues to detour traffic. The arrow board to be replaced in 2023 has many electrical issues and is beyond repair.

Additional Information:

With the increase in construction projects, the County cannot afford to be without even one arrow board for an extended period of time.

Project Title: Mower Deck (4)

Project ID: Hi Equip-7
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

In 2023, replace one of the many mower decks used by the Highway Division for mowing purposes and attached to one of the County's tractors. Three additional mower decks will be replace in 2024.

Additional Information:

The Highway Division maintains a detailed equipment replacement schedule to provide high levels of service and reduce repair/maintenance costs. Mower decks are a part of this replacement plan.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Attenuator (1)

Project ID: Hi Equip-8
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace an attenuator, also known as a crash cushion, used by the Highway Division for safety precautions while working in the field. This piece of equipment is used to take impact from distracted road patrons, to keep our County employees safe. Attenuators should be replaced on a regular basis to ensure safety functions are intact and up to date.

Additional Information:

Highway staff maintains a schedule of recommended equipment replacements. This unit is currently scheduled to be replaced in 2023.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$0	\$30,000	\$0	\$0	\$0	\$30,000

Project Title: Fork Lift (1)

Project ID: Hi Equip-9
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace a fork lift used by the Highway Division for general shop maintenance purposes. Fork lifts are needed in the shop and yard for moving large/heavy parts and inventory and general maintenance.

Additional Information:

Highway staff maintains a schedule of recommended equipment replacements. This unit is currently scheduled to be replaced in 2023.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Melter/Applicator (1)

Project ID: Hi Equip-10
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace a melter/applicator used by the Highway Division for general road maintenance purposes. This piece of equipment is beyond its expected useful life and incurs excessive repair costs. This vehicle is part of an ongoing vehicle replacement plan. If not replaced there may be a reduction in the level of service due to mechanical failure.

Additional Information:

This unit to be replaced will have over 4,000 hours of operation at the time of replacement. The Highway Division reserves the right to alter the piece of equipment selected (no charge in cost) should this be necessary.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Tandem Axle Trucks (4)

Project ID: Hi Equip-13
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace four tandem axle trucks used by the Highway Division for plowing and road maintenance. At the time of replacement, these vehicles will be beyond their expected useful lives and will incur excessive repair costs. These new vehicles are part of an ongoing vehicle replacement plan. If not replaced there may be a reduction in the level of service due to mechanical failure.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Project Title: Tri Axle Trucks (4)

Project ID: Hi Equip-14
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace four tri-axle trucks used by the Highway Division for plowing and road maintenance. At the time of replacement, these vehicles will be beyond their expected useful lives and will incur excessive repair costs. These new vehicles are part of an ongoing vehicle replacement plan. If not replaced there may be a reduction in the level of service due to mechanical failure.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Project Title: Vacuum Truck (1)

Project ID: Hi Equip-15
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace one vacuum truck used by the Division of Highways for general maintenance purposes. This vehicle is included in the overall highway equipment replacement plan and will be at the end of its useful life when replaced. There is a risk of loss of service or excessive repair costs if this vehicle is not replaced as scheduled.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Excavator (2)

Project ID: Hi Equip-16
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace two excavators used by the Highway Division for hauling, general road repair and maintenance purposes. The Division maintains a comprehensive vehicle replacement plan to provide high levels of service and reduce repair/maintenance expenses. Excavators are a part of this plan.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Wheel Loader (1)

Project ID: Hi Equip-17
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace one wheel loader used by the Division of Highways for maintenance and repair purposes. At the time of replacement, it will have reached the end of its expected useful life. If not replaced, there is a risk of loss of service due to mechanical failure.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Tractor Mowers (2)

Project ID: Hi Equip-20
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace two tractor mowers used by the Highway Division for highway maintenance. At the time of replacement these vehicles will be beyond their expected useful lives and will incur excessive repair costs. The tractor mowers vary in size and attachments and therefore price per unit, averaging approximately \$150,000 each. These new vehicles are part of an ongoing vehicle replacement plan. If not replaced there may be a reduction in the level of service due to mechanical failure.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$0	\$0	\$150,000	\$0	\$165,000	\$315,000
Revenue		\$0	\$0	\$0	\$0	\$0	\$0

Total Cost	711-700-7090-581390	\$0	\$0	\$150,000	\$0	\$165,000	\$315,000

Project Title: Air Compressor (1)

Project ID: Hi Equip-21
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace one air compressor for use by the Division of Highways. This piece of equipment will be beyond the expected useful life and in need of constant maintenance and repair. Repairs are not cost effective and there is a risk of loss of service should there be mechanical failure.

Additional Information:

The Highway Division reserves the right to make the actual vehicle selected for replacement/trade-in depending upon needs at that time.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$0	\$0	\$0	\$0	\$50,000	\$50,000

Total Cost	711-700-7090-580050	\$0	\$0	\$0	\$0	\$50,000	\$50,000

Project Title: Snow Blower Attachment (1)

Project ID: Hi Equip-22
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Purchase a snow blower attachment for snow removal when the snow has become too built up and further plowing is not an option. This unit can be attached to various vehicles, both County and contractor, as needed.

Additional Information:

The County may contract with a merchant on a per use basis and attach the snow blower to the contractor's vehicle to remove snow from the interstate. The purchase of another tractor to accommodate the snow blower may not be cost effective.

Project Title: Transportation Infrastructure Improvements

Project ID: Hi Proj-1
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

This budget captures a multitude of county highway improvement projects including but not limited to design, right of way purchase, repaving, construction, culverts, multi-use trails, park roads and general infrastructure improvements. Project costs include labor, machinery, materials and contractor/sub-contractor costs. Projects are prioritized and undertaken on an as-needed basis. Prioritization is based on asset condition, traffic volume and route importance. Kenosha County utilizes an industry-specific rating system when evaluating and prioritizing projects. ARPA funding will be used to partially offset the cost of these improvements.

Additional Information:

The deterioration rate of paving, from new to failed, is approximately 15 years. The county highway mileage is currently 253 miles, but will increase as scheduled road construction projects are completed. Failure to complete these projects will result in patching and repairing cracks and potholes and continuing safety hazards to motorists. The goal for 2022 is to replace 15 miles of county highway lane mileage.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$2,797,000	\$3,940,000	\$4,004,000	\$6,027,000	\$6,551,000	\$23,319,000

Project Title: Local Road Improvement Projects

Project ID: Hi Proj-2
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

The Local Road Improvement Program (LRIP) provides matching funds from the State of Wisconsin for projects on County highways. Typical projects include but are not limited to; intersection reconstruction, traffic signal installation, roadway reconstruction, traffic hazard elimination and resurfacing. Issues resolved are congestion problems, structural failures and bridge rehabilitation.

Additional Information:

Numerous successful projects have been completed in the past. The availability of State funding makes undertaking these projects fiscally beneficial. The 2022 project will include work done on Highway EM and extend into 2023 with additional funding from the Village of Salem Lakes.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$27,000	\$1,425,000	\$337,000	\$300,000	\$337,000	\$2,426,000

Project Title: Highway WG Bridge Reconstruction

Project ID: Hi Proj-3
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Reconstruct the bridge on Highway WG over the Dutch Gap Canal between Highway 45 and I-94. The current bridge was constructed in 1960 and has a 20-foot roadway width that is substandard for the current volume, size and speed of traffic. This bridge has deteriorated to a sufficiency rating of 48.9, which is less than the minimum of 50. There are cracks and spalling at several locations on the bridge deck and the bridge railings have experienced a significant level of corrosion.

Additional Information:

If not replaced, the current bridge can be used but will require additional maintenance and repair. Funding is available to pay for a significant portion of the project. Design and engineering is substantially complete and the bridge is ready for construction.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$626,000	\$0	\$0	\$0	\$0	\$626,000
Revenue	711-700-7090-442755	\$457,000	\$0	\$0	\$0	\$0	\$457,000
Carryover/Reserves		\$0	\$0	\$0	\$0	\$0	\$0
Levy Funded		\$0	\$0	\$0	\$0	\$0	\$0
Total Cost	711-700-7090-582260	\$1,083,000	\$0	\$0	\$0	\$0	\$1,083,000

Project Title: Roundabout at CTH A and CTH Y

Project ID: Hi Proj-4
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Construct a roundabout at the intersection of Highway Y (22nd Avenue) and Highway A, near the Kenosha Country Club. Currently, there is a four-way stop at the intersection. Construction of the roundabout will control the speed of traffic and improve the safety conditions as vehicles transition through this intersection.

Additional Information:

If a roundabout is not constructed, the current roadway can be used but with more congestion and less safety. Funding is available to pay for approximately 85% of the project. Design and engineering has already begun with construction completed in 2024.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$1,175,000	\$254,000	\$0	\$0	\$0	\$1,429,000
Revenue	711-700-7090-442755	\$0	\$1,432,000	\$0	\$0	\$0	\$1,432,000
Carryover/Reserves		\$0	\$0	\$0	\$0	\$0	\$0
Levy Funded		\$0	\$0	\$0	\$0	\$0	\$0
Total Cost	711-700-7090-582260	\$1,175,000	\$1,686,000	\$0	\$0	\$0	\$2,861,000

Project Title: Reconstruction of Bridge on Highway JB at the Fox River

Project ID: Hi Proj-5
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Replace the decking on the Highway JB bridge that crosses the Fox River in western Kenosha County. The decking has deteriorated to such an extent that the bridge is unsafe, cannot be used and has been closed. Traffic has been diverted to other roads in the area. The lower sections of the bridge are in good shape and do not need replacement.

Additional Information:

If this project is not undertaken, the bridge will remain closed and traffic will be diverted.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$1,450,000	\$0	\$0	\$0	\$0	\$1,450,000
Revenue		\$0	\$0	\$0	\$0	\$0	\$0
Carryover/Reserves		\$0	\$0	\$0	\$0	\$0	\$0
Levy Funded		\$0	\$0	\$0	\$0	\$0	\$0
Total Cost	711-700-7090-582260	\$1,450,000	\$0	\$0	\$0	\$0	\$1,450,000

Project Title: Highway S Reconstruction

Project ID: Hi Proj-6
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Reconstruction of Highway S from just west of Highway 31 (near Wal-Mart) to I-94. This is a multi-year, multi-phase project which will add capacity (expansion to four lanes) to accommodate increased traffic volume and new development. Design work and right-of-way acquisition has been completed, with construction almost complete. The project cost will be partially offset by revenue from the Wisconsin Department of Transportation.

Additional Information:

This will complete the multi-year, multi-lane project.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$1,000,000	\$0	\$0	\$0	\$0	\$1,000,000
Revenue	711-700-7090-442755	\$1,000,000	\$0	\$0	\$0	\$0	\$1,000,000
Revenue (2)	711-700-7090-443293	\$3,000,000	\$0	\$0	\$0	\$0	\$3,000,000

Project Title: Highway K Reconstruction - Phase I

Project ID: Hi Proj-7
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Reconstruct the section of Highway K from the railroad tracks near the High School (where the road is currently four lanes) heading west past Highway H to 94th Court. This section of two-lane roadway is not sufficient to handle the increase in traffic that will result from new local development or to accommodate access to/from businesses located on Highway K. The design and right-of-way acquisition phases of the project are currently in-process with construction to follow in 2022. This project will be substantially funded by inter-governmental revenues (STP Funds).

Additional Information:

If this project is not undertaken, the current road can be used but will require ongoing costs of repair and maintenance. Traffic congestion, safety and access issues will continue.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$2,511,000	\$0	\$0	\$0	\$0	\$2,511,000
Revenue	711-700-7090-442755	\$6,282,000	\$0	\$0	\$0	\$0	\$6,282,000
Carryover/Reserves		\$0	\$0	\$0	\$0	\$0	\$0

Project Title: Highway K Reconstruction - Phase II

Project ID: Hi Proj-8
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Reconstruct the section of Highway K from 94th Court heading west to the trailer court, approximately 115th Avenue. This project is the second phase of the reconstruction of Highway K from the high school near Highway 31 west to near I-94. This section of two-lane roadway is not sufficient to handle the increase in traffic that will result from new local development or to accommodate access to/from businesses located on Highway K. Design will occur first with construction to follow. This project will be substantially funded by inter-governmental revenue (STP Funds) and ARPA funding.

Additional Information:

If this project is not undertaken, the current road can be used but will require ongoing costs of repair and maintenance. Traffic congestion, safety and access issues will continue.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$0	\$800,000	\$2,500,000	\$3,040,000	\$0	\$6,340,000

Carryover/Reserves		\$0	\$0	\$0	\$0	\$0	\$0
Levy Funded		\$0	\$0	\$0	\$0	\$0	\$0
Total Cost	711-700-7090-582260	\$0	\$800,000	\$2,500,000	\$12,400,000	\$0	\$15,700,000

Project Title: Highway W - Fox River Bank

Project ID: Hi Proj-9
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

This project will restore a section of Highway W, located between Highway F and Highway 50, that borders the Fox River. In 2019 a section of Highway W collapsed into the river and had to be closed and rebuilt. A study was conducted and it was determined that other sections of the road may need to be reconstructed to provide erosion protection for the future. Approximately 70% of the cost of construction for this project will be paid with inter-governmental funds.

Additional Information:

If left as is, there is a potential for sections of Highway W to fall into the river. The danger is not imminent, but the road should be fixed in the near future.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	711-700-7090-440000	\$0	\$200,000	\$0	\$600,000	\$0	\$800,000

Project Title: Highway W - State Line to Hwy C

Project ID: Hi Proj-10
Division: Highway
Division Head: Clement Abongwa

Project Scope and Description:

Reconstruct a section of Highway W from the Illinois state line to Highway C. The road is in poor condition and does not meet recommended standards. This section has been patched and repaired multiple times and should be replaced. Approximately 75% of the cost of this project will be covered by inter-governmental grants.

Additional Information:

If not replaced, the road can be used but with risks to vehicle safety and potential damage.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: South Pike River Project

Project ID: Planning-1
Division: Planning & Development
Division Head: Andy Buehler

Project Scope and Description:

This is a multi-phase, multi-year project working cooperatively with the U.S. Army Corps of Engineers. In 2020, funding was approved to complete a comprehensive feasibility and design plan of re-routing the Pike River between County Trunk Highway S and County Trunk Highway K to allow for increased environmental and quality of life benefits to Kenosha County. As of 2021, this plan has been completed and the next phases include the purchase of land (2022) and reconstruction of the river (2023-2024).

Additional Information:

This project has been approved by the Army Corps of Engineers to receive \$10 million in funding. Additional efforts to obtain more grants and contributions from a multitude of sources, totaling almost \$1.5 million, are in process.

Project Title: HVAC Replacement Projects

Project ID: Cap Proj-1
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

The County owns and maintains many HVAC units. Many of these units are old and require maintenance that is costly. In some situations, it is more cost-effective to replace rather than repair an HVAC unit. These situations are difficult to predict and seem to happen at inopportune times. New units are energy-efficient and less costly to operate and maintain.

Additional Information:

The Facility Division reserves the right to vary project priorities given changing conditions.

Project Title: Energy Efficiency Projects

Project ID: Cap Proj-2
Division: Facilities
Division Head: Mike Schrandt

Project Scope and Description:

On an as-needed basis, the Facilities Division takes on projects that increase energy efficiency and reduce energy costs such as lighting replacement or equipment changes that have a favorable payback period or are eligible for WE Energies "Focus on Energy" rebates. These opportunities are difficult to accurately predict. Funds must be available to replace failing equipment with new equipment that is more energy efficient.

Additional Information:

In 2023, the emphasis will be on replacing interior lighting systems at multiple buildings with new, energy efficient solutions.

Project Title: Tasers

Project ID: Sheriff-1
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

In 2019 the department entered into a purchase agreement to replace, maintain and store cloud based information of all the officers tasers. The agreement is being paid in six annual payments ending in year 2024.

Additional Information:

This budget covers the last three years of a six year purchase agreement.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-210-2280-440000	\$65,000	\$65,000	\$65,000	\$0	\$0	\$195,000

Project Title: Civil Process Operations Software

Project ID: Sheriff-2
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

In May 2017 the Sheriff's Department went live with a new law enforcement data processing application from NewWorld, entitled Law Enforcement Records Management System (LERMS), which includes a module for the specific functionalities of the Civil Process Division of the Sheriff's Department. This application works well and is an improvement over the prior software application for these functions. However, there is another application, recently released, that is available through Tyler, which owns NewWorld, that is a more robust application for the functionalities of the Civil Process records. Specifically, enhanced accounting functionalities, public access/attorney access to certain data as the civil paper progress' through the processes undertaken by the Civil Process staff, improved data entry workflow and reporting.

Additional Information:

Identify current software challenges, develop a requirements needs analysis, confirm the new product will meet requirements through product demos and user site visits, purchase software, explore functional enhancements, build data tables, testing, perform data conversion and implementation.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-210-2280-440000	\$150,000	\$0	\$0	\$0	\$0	\$150,000

Project Title: Portable Radios

Project ID: Sheriff-3
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

Replace the current model of digital Portable Two-Way Radios used by law enforcement staff. The current inventory of Portable Two-Way Radios was purchased in years 2009 and 2010. These models will soon be removed from the vendor maintenance support contract. Repairs of these models will be afforded by time/materials costs. The risk, as the model ages, is that parts required for repairs may no longer be available from the manufacturer or from the maintenance vendor. The new portable radios will be a tri-band vs a mono-band, which will afford access to bands of nearby counties and improve inter-agency communications.

Additional Information:

Ongoing operating costs - annual maintenance costs after warranty expires. Maintain a supply of batteries, antennas, knobs, and shoulder mics.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-210-2280-440000	\$157,000	\$157,000	\$0	\$0	\$0	\$314,000

Levy Funded		\$0	\$0	\$0	\$0	\$0	\$0
Total Cost	411-210-2280-580050	\$157,000	\$157,000	\$0	\$0	\$0	\$314,000

Project Title: Body Cameras

Project ID: Sheriff-4
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

Purchase and implement hardware and software needed to outfit Sheriff personnel with body cameras and maintain the database of video evidence generated by body camera usage. Body camera data is used by law enforcement personnel to improve the knowledge base associated with preventing/ reducing crime, enforcing laws and protecting citizens.

Additional Information:

This capital expense will be incurred over the next five years.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-210-2280-440000	\$460,000	\$460,000	\$460,000	\$460,000	\$460,000	\$2,300,000

Project Title: Fleet Vehicles

Project ID: Sheriff-5
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

In 2017, the department implemented a new plan to assign vehicles for officers to take home. Continuing with this plan for years 2022-2026 the department will increase the number of vehicles in the fleet versus the number of vehicles decommissioned annually and sent to auction. Since more vehicles are kept rather than decommissioned, additional equipment must be purchased to make the vehicles road ready; historically, most of the equipment had been transferred to the newer vehicle as older models were decommissioned. Cost will increase in the next few years to accommodate the build of the fleet to be able to assign vehicles to officers. It is anticipated however, the vehicles will be in place for more years versus the previous 3-4 year turn around. The level of bonding includes cost of upfitting the squads; i.e. new equipment, to get the asset road ready. This includes items such as: mobile radio, in-squad camera, prisoner partitions, emergency lighting components, graphics, and communications licenses per vehicle.

Additional Information:

Take home squads should allow for a longer use of the vehicle than the traditional turnaround time of 3-4 years due to the high mileage. One user, on one shift, versus assigning the current inventory to be driven more than one shift per day by different users. The build up of the fleet inventory, over time, will also allow for better response in case of an emergency. Decommissioned vehicles are sold at auction on an annual basis.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-210-2280-440000	\$886,000	\$886,000	\$886,000	\$886,000	\$886,000	\$4,430,000

Total Cost	411-210-2280-581390	\$886,000	\$886,000	\$886,000	\$886,000	\$886,000	\$4,430,000

Project Title: Double Walk-In Oven

Project ID: Sheriff-6
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

Purchase one double walk-in oven as an addition to or replacement for the 20 year old model currently being used at the Kenosha County Detention Center. Over the last couple years there have been major problems with this oven. The facility is designed to have two of these ovens. If the existing unit can be repaired at a reasonable cost it will be retained. If not, the facility will operate with one new oven.

Additional Information:

This facility is a 24/7/365 operation and equipment must be in excellent working order to prevent loss of service.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Mobile Command Vehicle Camera System

Project ID: Sheriff-7
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

Replace the camera system in the Mobile Command Unit with an upgraded system. The existing unit was purchased in 2014, is analog and has reached the end of its useful life. There are many systems available now that are more technologically efficient and have improved audio/visual quality. The Department needs this upgraded equipment to improve service levels during emergency/crisis situations.

Additional Information:

If not replaced, the existing system can be used, but with a loss in technological advancements and potential decreases in service levels.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL
Bonding	411-210-2280-440000	\$0	\$88,000	\$0	\$0	\$0	\$88,000

Total Cost	411-210-2280-580050	\$0	\$88,000	\$0	\$0	\$0	\$88,000

Project Title: Cargo Vans

Project ID: Sheriff-8
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

Replace three cargo style vans used for inmate/detainee transport to/from the Department detention facilities and to other County Jails, Federal Facilities and State Institutions. Costs can include an aluminum prisoner insert to fit the cargo style van. The current inventory of aluminum prisoner inserts are transferrable to newer model cargo vans. These transport vehicles are used daily and accumulate a high amount of mileage over 3-4 years use. The department maintains a fleet of four cargo style transport vans and plans replacement on a regular basis to maintain service levels and reduce repair/maintenance costs.

Additional Information:

One vehicle will be replaced in 2024 and two vehicles in 2026.

Funding	Account String	2022	2023	2024	2025	2026	TOTAL

Project Title: Extended Length Passenger Vans

Project ID: Sheriff-9
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

Replace two passenger vans used for inmate/detainee transport to/from the Department detention facilities and to other County Jails, Federal Facilities and State Institutions. The Sheriff's conveyance fleet consists of cargo style vans and passenger style vans. The passenger style vans require conversion costs to make the vans suitable for inmate transport.

Additional Information:

These transport vehicles are used daily and accumulate a high amount of mileage over 3-4 years use. The department maintains a fleet of two extended length passenger style vans to handle the daily inmate transports.

Project Title: Mail Scanning System

Project ID: Sheriff-10
Division: Sheriff
Division Head: David Beth

Project Scope and Description:

Implement a mail scanning system to automate the process of inspecting inmate mail for drugs, illicit material, and paraphernalia. This process is currently conducted by hand by one on duty correction officer amounting to 4-6 hours per day.

Additional Information:

This equipment would eliminate the need for an officer to inspect the mail and allow for them to devote their time to more pressing duties.

Project Title: Joint Services Public Safety System Hardware

Project ID: Jt. Svcs-1
Division: Joint Services
Division Head: Josh Nielsen

Project Scope and Description:

Replace the hardware used to run the Joint Services public safety software, New World. The project includes replacement of the application servers (with additional RAM modules) and storage area network (SAN) devices required to run the public safety software. This hardware is currently located at the Kenosha Public Safety Building primary site and the Kenosha County data recovery site. The current hardware is technologically dated and inefficient in processing New World data.

Additional Information:

This budget represents the remaining Kenosha County contribution to the hardware replacement project. This will complete the project.

Project Title: Joint Services Public Safety System ERP System

Project ID: Jt. Svcs-2
Division: Joint Services
Division Head: Josh Nielsen

Project Scope and Description:

This is Kenosha County's portion (1/2 of the total expected cost) of replacing Joint Services' Financial Reporting (ERP) System. The system currently in use is old and technically inefficient. Many of the current tasks associated with paying bills, invoicing customers and preparing financial reports are done manually. There are many systems currently available in the marketplace that will aid staff in reducing the time spent on these manual processes and result in better information used by managers to run the business. The cost will include system selection, and the software and hardware used for financial transaction processing and analysis.

Additional Information:

This budget represents the remaining Kenosha County contribution to the ERP replacement project. This will complete the project.

Subtotal	\$2,000,000	\$2,000,000
Project 12 – Enterprise Systems	\$1,500,000	\$0
Grand Total	\$2,000,000	\$2,000,000

Project 1 – KALM Applications

2022 Projects

- County Clerk: ES&S Election Software Upgrade (\$38,500)

2021 Projects

- Treasurer: Public request for email notification on parcel activity (\$11,000)
- Treasurer: Land Information and Corp Con pieces of DTA (\$6,000)

Project 2 – Human Services

2022 Projects

- Brookside Care Center: Three black and white printers with scanning capabilities (\$3,350)
- Brookside Care Center: Color Printer with scanning capability (\$2,200)

2021 Projects

- Brookside Care Center: 43 smart devices/phones (\$43,100)
- Health Services: Replacement of ezEMRx Health Record System (\$165,000)
- Health Services: Laptops for the Division of Health - Estimated 50 (\$35,598)
- Office of the Director: Replacement copier for out of service GFC device S7996 in PSB mailroom (\$8,500)
- Office of the Director: DocuSign License (\$1,500)

Project 3 – Finance

Project 03

2021 Projects

- Finance: Finance (Payroll) - Purchase of additional Kronos Managers' Licenses (\$2,300)
- Finance: Microsoft EA for Dynamics (Annual, Qty 175) (\$80,000)
- Finance: Dynamics 365 Migration (\$475,000)
- Finance: Ceridian Dayforce (Annual, Qty: 1330) (\$195,000)

2022 Projects

- Finance and Administration: Dynamics 365 Migration - Complete (\$785,000)
- Finance and Administration: Ceridian Dayforce (Annual, Qty: 1320) (\$198,000)
- Finance and Administration: Microsoft EA for Dynamics (Annual, Qty: 175) (\$89,000)
- Finance and Administration: Request for Proposal (RFP) for Electronic Timekeeping System (\$35,000)
- Finance and Administration: Replace Legacy Budget Book Application (\$5,000)
- Finance and Administration: Kronos Managers' Licenses (\$2,300)
- Human Resources: Request for Proposal (RFP) for HR / Payroll System (\$35,000)

Project 4 – Countywide Infrastructure

Project 04

2021 Projects

- Countywide: Desk Phones Upgrade/Replacement (lifecycle) (\$6,000)
- Countywide: Office 365 Subscription (Annual, Qty: 1600) (\$275,000)
- Countywide: UPS Refresh (Lifecycle) (\$3,000)
- Countywide: Camera / DVR System Capacity Expansion (\$119,000)
- Countywide: 2021 Tech Refresh (\$198,090)
- Finance: Adobe Acrobat Full version or suitable alternative for AP clerks (20-25 licenses) (\$5,000)

2022 Projects

- Countywide: Office 365 Enterprise Agreement (\$300,000)
- Countywide: 2022 Technology Refresh (\$175,000)
- Countywide: Network/Switch Refresh (Lifecycle) (\$145,507)
- Countywide: Security Remediation Program (\$70,000)
- Countywide: Replacement of Out of warranty cameras (\$33,200)
- Countywide: Veeam Office 365 Licenses (\$26,200)
- Countywide: Veeam Backup Device Replacement (\$25,000)
- Countywide: Upgrade Laserfiche (\$4,000)
- Countywide: UPS Replacement (Lifecycle) (\$3,000)
- Information Technology: Power Platform Pilot App (\$6,000)
- Information Technology: IT Source Control (\$4,900)
- Information Technology: Fiber Upgrades / Add redundancy (\$3,000)

Project 5 – Law Enforcement

Project 05

2021 Projects

- Circuit Court: Color printer for court use (\$990)
- Circuit Court: Upgrades/Maintenance to two older Video Conference Units (\$61,500)
- Circuit Court: Upgrade Portable FTR (For the record) equipment (\$9,800)
- Circuit Court: Br 8 – Room 305 audio integration (\$6,000)
- Circuit Court: Move Br 3 - Room 209 AV rack from under judge's bench (\$15,000)
- Detention Center: Replace MFD at KCDC Admin Area (\$6,570)
- Detention Center: Replace DC Printer 12 at KCDC Roll Call (\$5,670)
- Juvenile Intake: Scanning Project for Juvenile Intake (\$5,000)
- Juvenile Intake: Juvenile Intake needs additional dual-screen or dual-connected monitors (\$550)

2022 Projects

- Circuit Court: New amplifiers and mixers in 10 courtrooms (\$54,200)
- Circuit Court: Complete cabling for Branch 4 (Room 117) and Courtroom 317 in preparation for DAR (Digital Audio Recording) equipment installation. (\$9,600)
- Circuit Court: Add 2nd TV monitor in courtroom 124 (Branch 2) (\$3,000)
- District Attorney: Upgraded Printer (\$1,500)
- Juvenile Intake: request new MFD (\$8,100)
- Sheriff: Wi-Fi for BWCs inside Jail and KCDC (\$72,820)
- Sheriff: Squad Toughbooks (\$33,000)
- Sheriff: ESRI Mapping Tool (\$13,000)
- Sheriff: FRED Forensic Workstation with 1 RAID (\$12,400)
- Sheriff: Dedicated review and export Security camera workstations for sgts/Cpls offices at KCDC and PTF (\$3,000)

Project 6 – Public Works

2022 Projects

- Golf: DPWDS - Golf - Cordless phone system for golf shop / outside service staff. (\$1,500)
- Highways: DPWDS - Highway - Miscellaneous Highway Civil Engineering Software (\$9,300)
- Parks: DPWDS - Parks - Wi-Fi Connections - Pets Park Mechanics Shop and Silver Lake Park Shelters B and C (\$2,000)

2021 Projects

- Golf: Install display boards for maintenance items at Pets Golf maintenance shop (\$5,000)
- Golf: Two new laptops and docking stations for Golf personnel at Pets clubhouse. (\$3,400)
- Parks: Install new land line phone service to Petrifying Springs Park Mechanic Shop (\$2,400)
- Parks: New Wi-Fi Connection at Silver Lake Park (\$12,000)

Project 7 – Video Conferencing

2021 Projects

- No projects

2022 Projects

- No projects

Project 8 – Web Enhancements

2022 Projects

- No projects

2021 Projects

- Information Technology
 - Web Projects (\$20,415)

Project 9 – IT Contractor Support

2022 Projects

- Information Technology: IT Contractor Support (\$135,000)

2021 Projects

- Information Technology
 - IT Contractor Support (\$135,000)

Project 10 – Capital Reduction

2022 Projects

- Countywide: Reduction (\$347,577)

2021 Projects

- Project Reduction (\$0)

Project 12 – Enterprise System Implementation

2022 Projects

- Countywide: Broadband Initiative – Funding to promote and assist in providing broadband access to areas with unserved / underserved access. (\$1,500,000) (Not bonded, funding source is ARPA)

2021 Projects

- No projects

Annual Capital Budget Comparison
