Subject: **CTH 'K' and CTH 'B' Intersection Safety Review in the Town of Brighton.**

Background Information

The Division of Highways performed the "Kenosha County Highway Safety Screening Study" in 2019 to identify and rank traffic safety issues for all County trunk highways and intersections.

The Safety Screening Study identified the intersection at CTH K and CTH B among the top ten intersections with safety concerns. In addition to this ranking, we have received contacts from the County Supervisor from the district where this intersection is located, Town of Brighton officials and concerned residents regarding the safety of this intersection. The concerns expressed were generally regarding vehicular crashes, near misses and requests to convert the 2-Way Stop to a 4-Way Stop intersection.

A formal review of this intersection was conducted using the guidelines stipulated in the national "Manual on Uniform Traffic Control Devices". The full report outlines the results of the investigation and recommended mitigation measures designed to enhance traffic safety at this intersection. The Executive Summary that follows highlights the key elements from the report.

Executive Summary

- The most significant safety issue identified for this intersection is the existence of a "sight distance deficiency" due to a combination of topography, road curvature and private property foliage present on the northeast corner of this intersection.
- The intersection has an annual average crash rate of 3.16 MEV (crash rate per million entering vehicles), significantly higher than the State of Wisconsin annual average crash rate of 0.94 MEV for rural intersections.
- A 4-Way Stop warrant is met at this intersection because of the identified sight distance issue which would be significantly mitigated by a 4-Way stop control.

- It appears a 4-Way Stop control could mitigate 87 percent of the crashes at this intersection and the associated economic loss.

Taking all the above into consideration, the recommendation is to install a 4-Way Stop control at the intersection at CTH K and CTH B incorporating 36"X36" signage.

TRAFFIC SAFETY EVALUATION AT THE COUNTY TRUNK HIGHWAY K (CTH K) AND COUNTY TRUNK HIGHWAY B (CTH B) INTERSECTION

I. Purpose of the study

The purpose of this study is to carry out a comprehensive safety review of the intersection at CTH K and CTH B with the goal of determining and implementing a cost-effective traffic safety enhancement to mitigate crashes at the said intersection.

II. Problem Statement and Study Justification

The Division of Highways performed a "Kenosha County Highway Safety Screening Study" in 2019 to identify safety issues along County highway corridors and their intersections. The safety study identifies the intersection at CTH K and CTH B among the top 10 intersections with safety concerns. The safety concerns of some of the intersections on the list of 10 have been addressed or would be addressed by ongoing projects. The CTH K and CTH B intersection is not in an area where there is an ongoing project and neither have the issues at the intersection been addressed. The County, therefore, is evaluating the safety concerns at this intersection to determine cost-effective mitigation measures to address the issues.

In addition to this ranking, we have received contacts from the County Supervisor from the district where this intersection is located, Town of Brighton officials and concerned residents regarding the safety of this intersection. The concerns expressed were generally regarding vehicular crashes, near misses and requests to convert the 2-Way Stop to a 4-Way Stop intersection.

III. Study Methodology

The study employed guidelines outlined in the Manual on Uniform Traffic Control Devices (MUTCD) as the basis for evaluating the intersection safety and to determine suitable countermeasures to mitigate safety concerns at the said intersection. The following criteria were considered in this study; intersection geometry, sight distance, crash history, intersection approaching speed and evaluating the intersection on the criteria for a 4-Way Stop.

IV. Intersection Geometry

The CTH K and CTH B intersection is a slightly skewed 4-leg intersection with a 2-Way Stop on CTH K's east and west approaches. There is slope on the north and south leg of the intersection that seems to limit the sight distance at the southwest corner and worsen the severity of the sight distance issue on the northeast corner. Exhibit I illustrates the geometric layout of the intersection.

Exhibit I: CTH K and CTH B Intersection Layout

V. 2019 Intersection Safety Review

A comprehensive countywide safety study carried out in 2019 ranks the intersection at CTH K and CTH B 8th among the intersections with the most severe safety issues when compared with other intersections on County highways. The study estimated a 5-year economic loss of \$285,000 as result of crashes that occurred during the 5-year study period. The intersection is also ranked 2nd with the highest 5-year annual crash rate of 3.16 MEV (crash rate per million entering vehicles) which is higher than the State of Wisconsin annual average crash rate of 0.94 MEV for rural intersections. A summary of the study report is highlighted in Exhibit II.

VI. 4-Way Stop Warrant Review

The intersection at CTH K and CTH B was also evaluated to determine whether any criteria was met to indicate the merits to implement a 4-Way stop control at this intersection. The evaluation determination is summarized in Exhibit III 4-Way Warrant Matrix.

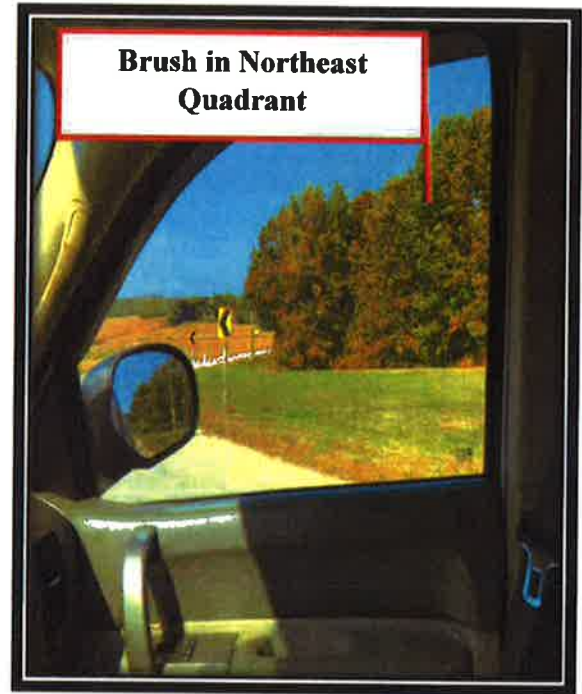

Exhibit III: 4-Way Warrant Matrix

SN	CRITERIA DESCRIPTION	WARRANT	FIELD CONDITIONS	DETERMINATION
1	ANNUAL CRASHES	≥ 5	3	Nominal
2	Volume			
	a) Major approach average vehicular volume per hour for any 8 hours	≥ 300	130	Not Met
	b) Minor approach average counts for peds/vehicular/cyclists per hour for any 8 hours	≥200	115	Not Met
	c) Delay at highest hour	≥30 secs	None	Not Met
3	85TH PERCENTILE SPEED ON MAJOR ROAD EXCEEDS 40MPH			
	a) Major approach average vehicular volume per hour for any 8 hours	≥210	130	Not Met
	b) Minor approach average counts for peds/vehicular/cyclists per hour for any 8 hours	≥140	115	Not Met
4	SIGHT DISTANCE	At least one corner	Obstruction at northeast and southwest corners	Met
5	ANY UNSAFE CONDITIONS APPARENT TO THE MOTORISTS	Creating safety issues at the intersection	Horizontal curves & slope on approaching north and south legs of the intersection	Met

d. Sight Distance

This intersection meets the sight distance warrant for a 4-Way stop. There is significant obstruction of the driver's line of sight at the northeast corner of the intersection due to the skewness of the intersection and the presence of foliage. The severity of the sight distance issue is worsened by the slope of the north and south approaches of the intersection. The sight distance restriction can be mitigated by a 4-Way stop control. The photos below highlight the sight distance issues at the said intersection.

Skewness of Intersection and Line of Sight obstruction - NE Corner

VII. Temporary 4-Way Stop Control Trial

The intersection is currently under a pilot temporary 4-Way stop trial to observe the impacts that the 4-Way stop control has on the travelling public. After a month of trial we observed that the travelling public is complying with the 4-Way stop control and the 4-Way stop control did not create any unintended negative impact to the traffic flow at the intersection.

VIII. Summary of the Intersection Safety Review Determinations

In conclusion, the following determinations were made from the safety evaluation of the intersection at CTH K and CTH B,

- The most significant safety issue identified for this intersection is the existence of a "sight distance deficiency"

due to a combination of topography, road curvature and private property foliage present on the northeast corner of this intersection.

- The intersection has an annual average crash rate of 3.16 MEV (crash rate per million entering vehicles), significantly higher than the State of Wisconsin annual average crash rate of 0.94 MEV for rural intersections.
- A 4-Way Stop warrant is met at this intersection because of the identified sight distance issue which would be significantly mitigated by a 4-Way stop control. It appears a 4-Way Stop control could mitigate 87 percent of the crashes at this intersection and the associated economic loss.

IX. Recommendations

Staff recommends a 4-Way stop control at the intersection at CTH K and CTH B based on the findings of the safety review of the intersection at CTH K and CTH B. Staff also recommends increasing the size of the existing 30" X 30" stop signs to a 36" X 36" stop signs to enhance visibility and effectiveness of the signs.

Administrative Proposal Form

1. Proposal Overview

Division: Land Information Department: Information Technology

Proposal Summary (attach explanation and required documents):

. In late 2020, after the 2021 budget was submitted, Kenosha received notice of award for a \$50,000 grant administered by the Wisconsin DOA within the Wisconsin Land Information Program. This program is administered from fees collected on real estate document recordings in the county Register of Deeds offices across the entire state. This program requires grant funding to be used by counties for land records modernization purposes. This administrative proposal seeks to insert these funds into the 2021 budget. Please see attached for further information. These funds are to be placed in 050 0550 445460.

BOARD OF SUPERVISORS

RESOLUTION NO.

Subject: RESOLUTION AUTHORIZING TRANSFER OF TWELVE PARCELS TAKEN BY TAX DEED TO THE STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES FOR UNPAID TAXES AND RECORDING FEES	
Original <input checked="" type="checkbox"/> Corrected <input type="checkbox"/> 2nd Correction <input type="checkbox"/> Resubmitted <input type="checkbox"/>	
Date Submitted:	Date Resubmitted:
Submitted By: County Clerk	
Fiscal Note Attached <input type="checkbox"/>	Legal Note Attached <input type="checkbox"/>
Prepared By: John F. Moyer Sr. Asst. Corporation Counsel	Signature: 

WHEREAS, Kenosha County has taken 12 tax delinquent parcels by tax deed (a listing of parcel numbers and tax certificates is attached as exhibit A) in 2018 (for 11 of the parcels—in Chiwaukee Prairie) and in 1998 (for the Wheatland parcel), and

WHEREAS, the State of Wisconsin Department of Natural Resources has expressed an interest in taking the 11 properties in Exhibit B for conservancy in the Chiwaukee Prairie State Natural Area, and

WHEREAS, these 11 parcels are all wetlands and are not developable, and the state, through the Department of Natural Resources, has agreed to pay Kenosha County \$40,000 for the parcels which will cover the unpaid tax and fees (which total \$38,620.99) and the new recording fees, and

WHEREAS, many benefits are derived for the public from the return to lawful use of tax delinquent parcels and in this case, the areas will be managed and retained as part of the Prairie, protected under State laws and from the restrictions placed on them as part of a federal coastal grant, and

WHEREAS, The Wheatland parcel in Exhibit C is in the "New Munster Wildlife Area" with the protections granted by that status, and

WHEREAS, the State of Wisconsin may be a recipient of tax deeded land under §75.69(2) Wis. Stats or, as in this case, a purchaser, and

WHEREAS, considerable time and resources have already been expended in coordinating the taking and transfer of these properties.

NOW THEREFORE BE IT RESOLVED that the Kenosha County Board of Supervisors hereby agrees to authorize the sale of these properties for \$40,000 to the State of Wisconsin and transfer them immediately or as soon as possible to the State of Wisconsin Department of Natural Resources; and

Resolution Re: transfer of tax deed parcels and forgiveness of taxes due.

Kenosha County
Administrative Proposal Form

1. Proposal Overview

Division: Human Resources Department: Administration

Proposal Summary (attach explanation and required documents):

Kenosha County self-insures its Worker's Compensation coverage. Every three years the County must renew its commitment to self-insure Worker's Compensation and communicate that commitment to the State of Wisconsin Department of Workforce Development. Self-insuring Worker's Compensation has been an effective tool in managing the cost associated with work-related injuries and is an advantageous alternative to premium based insurance coverage. Continuing the self-funded program is recommended by the attached resolution.

WHEREAS, the County of Kenosha is a qualified political subdivision of the State of Wisconsin; and

WHEREAS, the Wisconsin Worker's Compensation Act (Act) provides that employers covered by the Act either insure their liability with worker's compensation insurance carriers authorized to do business in Wisconsin, or be exempted (self-insured) from insuring liabilities with a carrier and thereby assume the responsibility for their own worker's compensation risk and payment; and

WHEREAS, the State and its political subdivisions may self-insure worker's compensation without a special order from the Department of Workforce Development (Department) if they agree to report faithfully all compensable injuries and agree to comply with the Act and rules of the Department; and

WHEREAS, the Finance and Administration Committee at its January 14, 2021 meeting approved the continuation of the self-insured worker's compensation program; and

NOW, THEREFORE BE IT RESOLVED, that the Kenosha County Board of Supervisors does ordain as follows: Provide for the continuation of a self-insured worker's compensation program that is currently in effect; and authorize the Director of Human Resources to forward certified copies of this resolution to the Worker's Compensation Division, Wisconsin Department of Workforce Development.

RESOLUTION NO. _____**

Subject: Resolution to request increased funding from the State for County Child Support Services	
Original <input checked="" type="checkbox"/> Corrected <input type="checkbox"/> 2 nd Correction <input type="checkbox"/> Resubmitted <input type="checkbox"/>	
Date Submitted:	Date Resubmitted:
Submitted by: Nina Taylor, Director of Workforce Development	
Fiscal Note Attached <input type="checkbox"/>	Legal Note Attached <input type="checkbox"/>
Prepared by: Dustin Feeney, Child Support Manager	Signature: 

WHEREAS, Kenosha County administers the Child Support Enforcement Program on behalf of the state, providing services to 12,000 Kenosha County families including paternity establishment, obtaining child support and health insurance orders for children, and enforcing and modifying those orders; and

WHEREAS, our children's well-being, economic security and success in life are enhanced by parents who provide financial and emotional support; and

WHEREAS, County child support programs collected \$935 Million in child support during 2019 and established 98,405 health insurance orders for Wisconsin children; and

WHEREAS, Kenosha County's Child Support Services provides services to children as well as custodial and non-custodial parents that reduce childhood poverty rates, establish parental rights and promote the involvement of both parents in the lives of their children; and

WHEREAS, the economic security and social service programs provided by Kenosha County's Child Support Services are needed by Wisconsin children and families now more than ever due to the economic downturn caused by COVID-19; and

WHEREAS, State funding for county child support services has failed to keep up with county agency costs, which have steadily increased due to growing caseloads, inflation and new federal regulations; and

WHEREAS, Wisconsin's Child Support Enforcement Program has fallen from 2nd in the nation for collecting current support to 5th; and

WHEREAS, Wisconsin's decreased performance has led to the state losing out on an estimated \$70,000 in potential federal incentive payments between Calendar Year 2019 and 2020; and

WHEREAS, an abrupt federal interpretation change in June 2019 eliminated \$4.2 million in federal birth cost recovery matching funds for Wisconsin; and

WHEREAS, Wisconsin's strong performance in child support is at risk without additional state funding. Further drops in performance would result in additional reductions to federal funding for Wisconsin; and

WHEREAS, decreased federal funding results in less funding for Kenosha County's Child Support Program. This could lead to reductions in child support enforcement staff and services and reduced child support collections; and

WHEREAS, new state investments in child support are amplified by a generous federal match. Every \$1 of state GPR invested in the Child Support Program generates roughly \$2 in federal matching funds; and

WHEREAS, Wisconsin's Child Support Enforcement Program is incredibly cost-effective, collecting an average of \$6.20 in support for every dollar invested in the program.

NOW, THEREFORE, BE IT RESOLVED that the Kenosha County Board of Supervisors respectfully requests that state funding for county child support agencies be increased by \$4 million GPR in each fiscal year of the 2021-23 Wisconsin state budget, which will generate approximately \$7.7 million in additional federal funding each year. This investment will ensure that Wisconsin counties can continue to effectively provide economic support to our children.

IT IS FURTHER RESOLVED that a copy of this resolution be forwarded by the County Clerk to the Governor of the State of Wisconsin, State Senators and State Representatives representing Kenosha County, the Secretary of the Wisconsin Department of Administration, and the Wisconsin Counties Association for consideration.

Date Submitted: 1/04/21	Date Resubmitted:
Submitted by: Matthew Collins	
Fiscal Note Attached <input type="checkbox"/>	Legal Note Attached <input type="checkbox"/>
Prepared by: Matthew Collins	Signature:

WHEREAS, migratory birds are some of the most beautiful and easily observed wildlife that share our communities; and

WHEREAS, many citizens recognize and welcome migratory songbirds as symbolic harbingers of spring; and

WHEREAS, these migrant species also play an important economic role in our community, controlling insect pests and generating millions in recreational dollars statewide; and

WHEREAS, migratory birds and their habitats are declining throughout the Americas, facing a growing number of threats on their migration routes and in both their summer and winter homes; and

WHEREAS, public awareness and concern are crucial components of migratory bird conservation; and

WHEREAS, citizens enthusiastic about birds, informed about the threats they face, and empowered to help address those threats can directly contribute to maintaining healthy bird populations; and

WHEREAS, since 1993 International Migratory Bird Day (IMDB) has become a primary vehicle for focusing public attention on the nearly 350 species that travel between nesting habitats in our communities and throughout North America and their wintering grounds in South and Central America, Mexico, the Caribbean, and southern U.S.; and

International Migratory Bird Day Proclamation

January 4, 2021

Page 2

WHEREAS, hundreds of thousands of people will observe IMDB, gathering in town squares, community centers, schools, parks, nature centers, and wildlife refuges to learn about birds, take action to conserve them, and simply to have fun; and

WHEREAS, while IMDB officially is held each year on the second Saturday in May, its observance is not limited to a single day, and planners are encouraged to schedule activities on the dates suited to the presence of both migrants and celebrants; and

WHEREAS, IMDB is not only a day to foster appreciation for wild birds and to celebrate and support migratory bird conservation, but also a call to action; and

NOW, THEREFORE BE IT RESOLVED, that Kenosha County Board of Supervisors proclaim Saturday, September 18th, 2021 to be International Migratory Bird Day in Kenosha County and urge all citizens to celebrate this observance on September 18th at the Pringle Nature Center and to support efforts to protect and conserve migratory birds and their habitats in our community and the world at large.
