Kenosha County Sheriff's Department
Application #
BJA FY2020 Edward Byrne Memorial
Justice Assistance Grant (JAG)
Project Title: Automatic Electronic Defibrillators (AED's)
Purpose Area: Law Enforcement
Type of Program: Equipment

Program Narrative

The federal Edward Byrne Memorial Justice Assistance Grant program provides critical funding for Kenosha County Sheriff's Department (KSD) to support law enforcement equipment. This round of funding will be used to purchase Automatic Electronic Defibrillators (AED's) for assisting the public with health issues. The department is adding to its current fleet and this funding opportunity will allow the department to purchase AED's that are needed to up fit the new vehicles.

Kenosha County is located in the southeast corner of the State of WI with a population of 166,426 (2010 Census) and is positioned between two large municipalities: Milwaukee, WI to the north and Chicago, IL to the south, both within 1 hour travel. Kenosha County also is a part of the north-south corridor of Interstate 94, a major thoroughfare. The Kenosha County Sheriff's Department has patrol jurisdiction of the entire 272 square miles of the county.

Utilizing the annual JAG program funding opportunity, we've purchased three (3) AED's in 2007 and eight (8) AED's in 2012.

In 2018, the Sheriff's Department had included in their operating budget to afford to purchase twenty one (21) additional AED's.

In 2019, the Sheriff's Department purchased eleven (11) additional AED's using the JAG program funding opportunity;

In 2020, the Sheriff's Department will utilize the grant funding to afford the purchase of ten (10) additional AED's.

With the inclusion of this request for ten (10) more AED's we will continue to build our inventory to equip the new squads as we continue to add to our fleet.

Goal: Increase the quantity of our inventory of AED's in order to provide enough devices to equip the new squads.

As a disparate jurisdiction under the FY2020 JAG Byrne grant program, Kenosha County, will set-aside 3% (\$391.00) of our sub-recipient amount of \$13,024 toward expenses incurred in order for the Kenosha County Sheriff's Department to become NIBRS compliant by September 30, 2023.

Goal: To utilize the \$391.00 of 'set-aside' funds awarded in the FY2020 JAG grant program to cover costs of software/hardware/labor costs to implement the move from UCR data reporting elements to NIBRS reporting format for crime statistics.

Assessment/Evaluation

Performance measures will be dictated by accomplishing purchasing the AED's and installing them in the new squads as we move through the year. It will include demonstrating procurement and inventory control and staff training, if necessary.

Evaluation of the project will include determining the number of AED's that will still be needed to up fit the newly added fleet. Also, an assessment will be made as to the progress of the data conversion tasks that must be undertaken with our records management system to move from UCR crime reporting data to the NIBRS crime reporting data elements.

Sustainability

Additional purchases may be required, once this funding expires, to continue adding to our inventory of AED's to be able to up fit new squads that will be added to our fleet in the future.

It is the intent of the Sheriff's Department to continue to utilize funds provided through the federal BJA Edward Byrne Memorial JAG annual formula grant to build our inventory of the AED's.

Annually, local levy funding and other non-levy revenue sources may be planned, through the Sheriff's operating budget process, to afford repairs and accessories for the current inventory of CED devices. It is estimated that that no more than \$1,800 per year will be necessary for repair/supply needs.

Note that the statute defines “criminal justice” as “activities pertaining to crime prevention, control, or reduction, or the enforcement of the criminal law, including, but not limited to, police efforts to prevent, control, or reduce crime or to apprehend criminals, including juveniles, activities of courts having criminal jurisdiction, and related agencies (including but not limited to prosecutorial and defender services, juvenile delinquency agencies and pretrial service or release agencies), activities of corrections, probation, or parole authorities and related agencies assisting in the rehabilitation, supervision, and care of criminal offenders, and programs relating to the prevention, control, or reduction of narcotic addiction and juvenile delinquency.”

BJA Areas of Emphasis

BJA recognizes that many state and local criminal justice systems currently face challenging fiscal environments and that an important, cost-effective way to relieve those pressures is to share or leverage resources through cooperation among federal, state, and local law enforcement. BJA intends to focus much of its work on addressing violent crime, enforcing firearms laws, officer safety and wellness, safe policing for safe communities, and fentanyl detection. BJA encourages each recipient of a FY 2020 JAG award to join federal law enforcement agencies across the board in addressing these challenges. Additional details on the BJA areas of emphasis can be found on the [JAG Resource Page](#).

Limitations on the Use of JAG Funds

Prohibited uses of funds – JAG funds may not be used (whether directly or indirectly) for any purpose prohibited by federal statute or regulation, including those purposes specifically prohibited by the JAG Program statute as set out in [34 U.S.C. § 10152](#).

JAG funds may not be used (directly or indirectly) for security enhancements or equipment for nongovernmental entities not engaged in criminal justice or public safety. Additionally, JAG funds may not be used (directly or indirectly) to pay for any of the following items unless the BJA Director certifies that extraordinary and exigent circumstances exist making them essential to the maintenance of public safety and good order:

- Vehicles, vessels, or aircraft*
- Luxury items
- Real estate
- Construction projects (other than penal or correctional institutions)
- Any similar matters

*Police cruisers, police boats, and police helicopters are allowable vehicles under JAG and do not require BJA certification.

For a list of prohibited expenditures under JAG and information about requesting BJA certification for a prohibited item (including unmanned aircraft, unmanned aerial vehicles, and/or unmanned aerial systems purchases) or for examples of allowable vehicles that do not require BJA certification, refer to the JAG Prohibited Guidance section of the [JAG Resource Page](#) or the [JAG FAQs](#).

Cap on use of JAG award funds for administrative costs – Up to 10 percent of a JAG award, including up to 10 percent of any earned interest, may be used for costs associated with administering the award, which can include indirect costs.

award include suspension or termination of the award, placement on the DOJ high-risk grantee list, disallowance of costs, and suspension or debarment of the recipient.

Objectives

In general, the FY 2020 JAG Program is designed to provide additional personnel, equipment, supplies, contractual support, training, technical assistance, and information systems for criminal justice. Although the JAG Program provides assistance directly to states, through pass-through (and similar) requirements, the JAG Program also is designed to assist units of local government with respect to their criminal justice needs.

As discussed in more detail in the General Information about Post-federal Award Reporting Requirements discussion, a unit of local government that receives a FY 2020 JAG award will be required to produce various types of reports and to submit data related to performance measurement and accountability.

The objectives are directly related to the JAG Program performance measures described at <https://bjapmt.ojp.gov/help/jagdocs.html> and demonstrate the results of the work completed, as discussed under What an Application Should Include.

Evidence-based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policy making and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the OJP Grant Application Resource Guide.

A useful matrix of evidence-based policing programs and strategies is available through the BJA-supported Matrix Demonstration Project. It offers a number of program models designed to effectively implement promising and evidence-based strategies through the BJA Innovation Suite of programs, including Innovations in Policing, Prosecution, Supervision, Reentry, and others (see <https://www.bja.gov/Programs/CRPPE/innovationssuite.html>). BJA encourages units of local government to use JAG funds to develop and implement these crime innovation strategies, including effective partnerships with universities and research partners and with nontraditional criminal justice partners.

Information Regarding Potential Evaluation of Programs and Activities

Applicants should note OJP may conduct or support an evaluation of the programs and activities funded under the JAG Program. For additional information, see the OJP Grant Application Resource Guide section, entitled, "Information Regarding Potential Evaluation of Programs and Activities."

General requirement for federal authorization of any subaward; statutory authorization of subawards under the JAG Program statute.

Generally, a recipient of an OJP award may not make subawards ("subgrants") unless the recipient has specific federal authorization to do so. Unless an applicable statute or DOJ regulation specifically authorizes (or requires) particular subawards, a recipient must have authorization from OJP before it may make a subaward.

and for all subawards made to state or local government entities, including public institutions of higher education. All subrecipient responses must be collected and maintained by the direct recipient of funding and must be made available to DOJ upon request. Responses to these questions are not required from subrecipients that are either a tribal government/organization, a nonprofit organization, or a private institution of higher education.

OJP will not deny an application for a FY 2020 award for failure to submit these required responses by the application deadline, but a recipient will not receive award funds (and its award will include a condition that withholds funds) until it submits these responses.

How to Apply

An applicant must submit its application through the [Grants Management System \(GMS\)](#), which provides support for the application, award, and management of awards at OJP. Find information, registration and submission steps on how to apply in GMS in response to this solicitation in the [OJP Grant Application Resource Guide](#).

E. Application Review Information

Review Process

BJA reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation. See the [OJP Grant Application Resource Guide](#) for information on the application.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, the Assistant Attorney General will make all final award decisions.

Finding your jurisdiction:

(1) Disparate jurisdictions are listed in shaded groups below, in alphabetic order by county.

(2) Direct allocations are listed alphabetically below the shaded, disparate groupings.

(3)

Counties that have an asterisk (*) under the "Direct Allocation" column did not submit the level of violent crime data to qualify for a direct award from BJA, but are in the disparate grouping indicated by the shaded area. The JAG legislation requires these counties to remain a partner with the local jurisdictions receiving funds and must be a signatory on the required Memorandum of Understanding (MOU). A sample MOU is provided online at: <https://www.bja.gov/Funding/JAGMOU.pdf>. Disparate jurisdictions do not need to abide by the listed individual allocations, which are provided for information only. Jurisdictions in a funding disparity are responsible for determining individual amounts within the Eligible Joint Allocation and for documenting individual allocations in the MOU.
