MEDICAID NEWSLETTER

VOLUME
NO. 22
ISSUE NO.
1

A newsletter intended for all Contracted Providers of Medicaid Services for Kenosha County Department of Human Services.

Happy New Year from all of us here on the Reimbursement Team!

General CLTS Updates:

We kick off the new year with a new Reimbursement Team! We look forward to working with each of you as we serve the community. Reach out to us should you need any assistance with claims, billing, referrals, etc. We are available to meet for Medicaid Billing Training, tailored to include program specific requirements. New to this year, the Reimbursement Team will be available for CLTS Open Office Hours both in-person and online (Teams).

This is a great opportunity to ask questions and gain resources regarding the Children's Long Term Support Waiver Program.

CLTS Open Office Hours:

- The second Tuesday of every month effective 1/9/2024 until 12/31/2024 from 3-4pm.
- The third Thursday of every month effective 1/8/2024 until 12/31/2024 from 8:30-9:30am

THANK YOU FOR WORKING WITH US.
WE LOOK FORWARD TO SUPPORTING YOU IN THE NEW YEAR.

Madelyne Harry

Mikaella Roe

Ashley Stadel

Set your program up for SUCCESS this year!

Be sure to highlight the importance of thorough documentation! With a full year of audits, recertifications, and annual training obligations ahead, take the time to refresh your staff on general Medicaid documentation requirements.

Respite Care Service Definition

Respite care services maintain and strengthen the participant’s natural supports by easing the daily stress and care demands for their family, or other primary caregiver(s), on a short-term basis.

These services provide a level of care and supervision appropriate to the participant’s needs while their family or other primary caregiver(s) are temporarily relieved from daily caregiving demands. Respite care may take place in a residential setting, institutional setting, the home of the participant, the home of a caregiver, or in other community settings, as outlined below.

Respite care services may be delivered by remote services (refer to Chapter 4.3.2 Remote Services), as applicable and agreed upon by the child or youth and their family. Refer to the CLTS Waiver Program Benefit Code Crosswalk (P-02283) for the specific components of respite care services that may be delivered remotely.

Payment for the provision of respite care is subject to statewide uniform rates. See the Children’s Long-Term Support (CLTS) Waiver Program Service Rates webpage for additional information.
