Description of project: _____

Size of existing building(s): _____

Size of new building(s) and/or addition(s): _____

Number of current and projected full-time and part-time employees, number of shifts: _____

Number of proposed units: _____ Description of units: _____

Density: _____

Plat of Survey Submitted:

Covenants and Restrictions Submitted

A. BUILDING PLANS SUBMITTED? (BUILDING APPEARANCE)

- No building shall be permitted the design or exterior appearance of which is of such unorthodox or abnormal character in relation to its surroundings as to be unsightly or offensive to generally accepted taste and community standards.
- No building shall be permitted the design or exterior appearance of which is so identical with those adjoining as to create excessive monotony or drabness.
- No building shall be permitted where any exposed facade is not constructed or faced with a finished material which is aesthetically compatible with the other facades and presents an attractive appearance to the public and to surrounding properties.
- Building Scale and Mass. The relative proportion of a building to its neighboring buildings, to pedestrians and observers, or to other existing buildings shall be maintained or enhanced when new buildings are built or when existing buildings are remodeled or altered.
- Building Rooflines and Roof Shapes. The visual continuity of roofs and their contributing elements (parapet walls, coping, and cornices) shall be maintained in building development and redevelopment.
- Since the selection of building colors has a significant impact upon the public and neighboring properties, color shall be selected in general harmony with existing neighborhood buildings.
- No building or sign shall be permitted to be sited on the property in a manner which would unnecessarily destroy or substantially damage the natural beauty of the area, particularly insofar as it would adversely affect values incident to ownership of land in that area, or which would unnecessarily have an adverse effect on the beauty and general enjoyment of existing structures on adjoining properties.
- The facade of all buildings which face upon a street right-of-way shall be finished with an aesthetically pleasing material. A minimum of 50 percent of a facade facing an existing or future street shall be finished with a combination of brick, decorative masonry material, decorative pre-cast concrete panels, decorative glass panels, wood, or decorative metal or vinyl siding. Such finished material shall extend for a distance of at least 10 feet along the sides of the structure. All buildings on corner lots shall have the required finished facade facing each street.

B. SITE PLAN SUBMITTED?

- Building locations shall maintain required setbacks from property lines and road rights-of-way.
- Buildings and uses shall provide for safe traffic circulation and safe driveway locations.
- Buildings and uses shall be provided with adequate public services as approved by the appropriate utility.

**SITE PLAN REVIEW
CHECKLIST**

- Buildings and uses shall provide adequate parking and loading areas. No loading dock or overhead doors shall face upon a street right-of-way without approval of the Planning and Zoning Administrator.
- Parking areas shall maintain required setbacks and parking spaces shall be of minimum required size (10' x 20'). Aisle widths within parking lots shall be a minimum of 24' between the ends of the parking spaces.
- Each parking space shall be on the same lot or parcel as the principal use, and all parking lots shall have the same zoning district as the principal use. Parking spaces and driveways shall be a minimum of 20 feet from the established highway right-of-way and a minimum of 10 feet from all rear and side lot lines. Curbs or barriers shall be installed so as to prevent vehicles from extending beyond designated parking or driving areas.
- Parking areas for five or more vehicles adjoining a residential use, shall be screened from such use by a solid wall, fence, evergreen planting of equivalent visual density or other effective means, and built and maintained at a minimum height of four feet at the time of planting or installation.
- Adequate access to a public or private roadway shall be provided for each parking space. For all non-residential properties, driveways for vehicular ingress and egress shall be a minimum of 10 feet in width and not exceed 35 feet in width at the property line.
- All off-street parking of more than five vehicles shall be graded and surfaced with asphalt or concrete.
- C. LANDSCAPING AND LIGHTING PLAN SUBMITTED?
 - Buildings and uses shall make appropriate use of open spaces. The Zoning Administrator or Land Use Committee may require appropriate landscaping and planting screens. A landscaping maintenance program, together with appropriate assurances, shall be submitted.
 - Dumpsters and other trash receptacles shall be fenced and/or screened from view from street rights-of-way and adjacent residential uses.
 - Exterior lighting used for parking lots, recreation facilities, product display, and security shall not spill-over on operators of motor vehicles, pedestrians, and/or adjacent residential property (cut-off type luminaries only).
 - Appropriate buffers shall be provided between dissimilar uses.
- D. SEWER VERIFICATION/SANITATION EVALUATION OR APPLICATION SUBMITTED?
- E. UTILITY PLANS SUBMITTED?

F. STORMWATER DRAINAGE AND EROSION CONTROL PLAN SUBMITTED?

- Appropriate erosion control and stormwater management measures shall be utilized in all new development. Buildings and uses shall maintain existing topography, drainage patterns, and vegetative cover insofar as is practical. The Zoning Administrator or Land Use Committee may require that drainage easements be executed.
