PUBLIC HEARING VARIANCE STANDARDS

- ❑ YOUR PUBLIC HEARING WILL BE BASED ON THE FOLLOWING STANDARDS FROM THE KENOSHA COUNTY GENERAL ZONING AND SHORELAND/FLOODPLAIN ZONING ORDINANCE.

CHAPTER 12.36-1 INTENT

- ❑ It is the intent of this section of the Ordinance to recognize that under certain conditions and circumstances, it may be necessary to obtain a variance from the terms of this Ordinance so long as said variance will not be contrary to the public interest, and where, owing to special conditions, a literal enforcement of the provisions of the Ordinance will result in unnecessary hardship or practical difficulties and where the granting of such variance will uphold the spirit of this Ordinance and contribute to the justice of the particular case in question. Any variance granted under the terms of this ordinance shall, however, relate only to area requirements and not to use. Furthermore, it is the intent of this section to establish a Board of Adjustments for the purpose of reviewing applications for variances as well as reviewing orders and decisions made by the Office of Planning and Development.

CHAPTER 12.36-13 STANDARDS AND GUIDELINES

- ❑ In determining whether a variance is to be granted, the following standards and guidelines must be met in view of the evidence presented and in making its decision, these standards and guidelines shall be addressed by the board of adjustment:
 1. The existence of special conditions or exceptional circumstances on the land in question.
 2. The experiencing of unnecessary hardships or practical difficulties on the land in question either presently or in the future.
 3. That these hardships or difficulties are the result of the aforementioned special conditions existing on the land and are not self-inflicted.
 4. That the existence of these special conditions will restrict the use of the land if the Ordinance is applied literally so as to render the land useless.
 5. That the limitation on the use of the land does not apply generally to other properties in the district.
 6. That limiting the use of the property does not afford compensating gains to the public health, safety and welfare.
 7. That the variance(s) requested are the minimum variance(s) needed to alleviate difficulties or hardships.
 8. That the use of the parcel in question presently does conform to the ordinance.

9. That granting the variance applied for will not affect the public health, safety, morals and welfare of the community and other properties in the area.
10. That with respect to those areas located within the floodland districts, a variance would not permit filling and development contrary to the purpose and intent of the Camp Lake/Center Lake FWO Floodway Overlay District; would not permit a change in the boundaries of the FPO Floodplain Overlay District, FWO Camp Lake/Center Lake Floodway Overlay district or the FFO Camp Lake/Center Lake Floodplain Fringe Overlay District; would not permit a lower degree of flood protection in the floodland districts than the residential, commercial, institutional, or park basement or crawlway to be located below the 100-year recurrence interval flood elevation; would not allow a change or alteration of an historic structure, including its use, which would result in the structure; further, that the variance for the proposed action would not require amendment to the floodplain zoning ordinance' and furthermore, that the variance would not have the effect of granting or increasing a use property which is prohibited in the floodland districts or any action contrary to the provisions of Chapter NR 116 of the Wisconsin Administrative Code.

- Variances may be granted for example for reasons of topography, environmental protection or where permitted by state statute but in no event may a variance be granted where the primary reason for obtaining a variance is to obtain a more profitable use of the property, personal inconvenience, construction errors, economic reasons, self-created hardships, or where the property is presently a non-conforming use. Furthermore, variances may not be granted for the purpose of altering the sanitary requirements of this ordinance except for existing structures.
- The Board of Adjustments in considering the propriety of granting a variance shall not consider the number of persons for or against the granting of a variance but shall base their decision solely upon the equities of the situation involved.
- Variances may be granted in the form of an area or distance variance, however, use variances shall be specifically prohibited under this Ordinance.

Statutory Standards

- The applicant for a variance must clearly show the Board of Adjustments that three statutory standards that govern granting a variance will be met. These three standards require the existence of an unnecessary hardship, the presence of a unique property limitation, and the protection of the public interest.
- Unnecessary Hardship
 - ❖ A situation where, in the absence of a variance, an owner can make no feasible use of a property, or strict conformity is unnecessarily burdensome.
 - ❖ The hardship or difficulty must be peculiar to the zoning parcel in question and different from that of other parcels, not one which affects all parcels similarly.

**VARIANCE PROCEDURES &
PUBLIC HEARING VARIANCE STANDARDS**

- Unique Property Limitation
 - ❖ Unique physical characteristics of the property must prevent the applicant from developing in compliance with the zoning ordinance.

- Protection of the Public Interest
 - ❖ Granting of a variance must neither harm the public interest nor undermine the purposes of the ordinance. The public interest includes the interests of the public at large, not just that of nearby property owners.
 - ❖ Conditions may be attached to a variance to protect adjoining properties and to preserve the essential character of the neighborhood.
 - ❖ A variance should include only the minimum relief necessary to allow reasonable use of a property.
