If a voter is not registered to vote, they may register to vote at the polling place serving their residence if the voter provides proof of residence.

Where ballots are distributed to voters, the initials of two inspectors must appear on the ballot.

Upon being permitted to vote, the voter shall enter a voting booth or go to a machine and cast their ballot. The vote should not be cast in any manner other than specified here. Sample ballots or other materials to assist the voter in marking their ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone to reveal how the ballot is marked.

A voter who is a parent or guardian may be accompanied by the voter's minor child or minor ward.

An election official may inform the voter of the proper manner for casting a vote, but the official may not advise or indicate a particular voting choice.

Assistance for Voting

A voter may select an individual to assist in casting their vote if the voter declares to the presiding official that they are unable to read, have difficulty reading, writing, or understanding English, or that due to disability

are unable to cast their ballot. The selected individual rendering assistance may not be the voter's employer or an agent of that employer or an officer or agent of a labor organization which represents the voter. If a voter is unable to state their name and address, an assistant may also do so for the voter.

Where Optical Scan Voting is Used

The voter shall fill in the oval next to the name of the candidate of their choice for each office for which they intend to vote. To vote for a person whose name does not appear on the ballot, the voter shall write in the name of the person of their choice in the space provided for a write-in vote and fill in the oval next to the write-in line. On referendum questions, the voter shall fill in the oval next to "yes" if in favor of the question, or the voter shall fill in the oval next to "no" if opposed to the question.

When using an *electronic ballot marking device*, "Express Vote," to mark an **optical scan** ballot, the voter shall touch the screen or use the tactile pad to select the name of the candidate of their choice for each office for which they intend to vote. To vote for a person whose name does not appear on the ballot, the voter shall touch the screen next to "write-in" and type in the name of the person of their choice. If the ballot has not been initialed by two inspectors or is defective in any other way, the voter shall return it to the election official who shall issue a proper ballot in its place.

After Voting the Ballot

After an official **optical scan** ballot is marked, it may be inserted in a security sleeve, so the marks do not show. The voter shall then insert the ballot in the voting device or deliver the ballot to an inspector for deposit. If a central count system is used, the voter shall insert the ballot in the ballot box or deliver the ballot to an inspector for deposit. The voter shall leave the polling place promptly.

Ballot Text

The question will appear on the ballot as follows:

"Should the Wisconsin State Legislature declare the State of Wisconsin to be a Second Amendment Sanctuary State?"

Explanation

Several states around the nation have enacted some form of declaration or legislation designed to further protections of the Second Amendment right to "keep and bear arms." The Kenosha County Board of Supervisors desires to have the citizens of Kenosha County advise the Wisconsin State Legislature whether they should follow suit. The Wisconsin State Legislature previously passed such legislation, but it was vetoed by the Governor. The intent of the referendum, if successful, would be to urge the Wisconsin State Legislature to pass legislation substantially similar to 2021 Assembly Bill 293. This would have: required manufacturers of firearms in Wisconsin to include a stamp reading "Made in Wisconsin" on such firearms; noted that firearms, accessories, or ammunition which do not leave Wisconsin are not subject to any federal regulation under the Commerce Clause of the Constitution; and indicated that incorporation of a component from another state into a firearm manufactured in Wisconsin would not subject it to federal regulation under the Commerce Clause. It would further prohibit any person from enforcing: a federal act, law, statute, rule, regulation, treaty or order that bans or restricts semi-automatic firearms, assault weapons or magazines; regulates the capacity of magazines, or requires registration of firearms, magazines or other firearm accessories; regulates the quantity of ammunition or bullets an individual may possess; prohibits types of ammunition or bullets; or requires the confiscation of a firearm. There are some exceptions, including the enforcement of a federal law that is identical to a state law. Finally, it would prohibit any state agency or other body in state government and any local governmental unit from expending moneys or using other resources to confiscate a firearm, firearm accessory, or ammunition that is lawfully possessed under the laws of Wisconsin.

A **YES** vote means that the Kenosha County Board of Supervisors should advise the Wisconsin State Legislature to declare Wisconsin a Second Amendment Sanctuary State as described above.

A **NO** vote means that the Kenosha County Board of Supervisors should not advise the Wisconsin State Legislature to declare Wisconsin a Second Amendment Sanctuary State as described above.

Done in the County of Kenosha, on August 30, 2022.
Regi Waligora, Kenosha County Clerk
