QUICKCONNECT
KENOSHA COUNTY

WANT FASTER INTERNET?

Help Kenosha County attract broadband investment!

We have a unique opportunity to help ensure fast, affordable internet access for all Kenosha County residents just by taking a brief online speed test before the end of the year. The test is quick, easy and will take **less than a minute to complete.**

Take The Speed Test

Complete the speed test at home or at your business. Do not use your cellular connection or hotspot. If you do not have internet access, visit a public library, or a family member/friends' house to take the test.

1 Visit **kenoshacounty.org/quickconnect** or scan the QR code. Ensure you are using wifi, not a cellular connection or hotspot.

2 Enter your **residential** or **business address**

3 Click **"Let's Do It"** and complete the speed test

If internet speeds are below the FCC standard, internet service providers who serve Kenosha County may qualify for state and/or federal grants.

Spread The Word!

Tell your family, friends and neighbors to take the speed test and increase our chances of attracting broadband investment in our communities! Resources are available at kenoshacounty.org/quickconnect
