Kerkman statement on governor's State of the State address

Kenosha County Executive Samantha Kerkman today released the following statement regarding the State of the State address that Gov. Tony Evers delivered to the Wisconsin Legislature Tuesday evening:

“I appreciate Gov. Evers’ apparent desire to work toward common ground on funding essential local government services. I look forward to learning more about what the governor is proposing, and I urge the governor and the Legislature to find a solution workable for everyone involved.

“I was also encouraged to hear that the governor is making mental health a priority in 2023. Kenosha County is working actively on this multifaceted issue, so it’s promising to hear of the potential for additional resources and partnerships in the future.”
