March 25, 2024

Golf Division Report

Golf Simulator Update

The golf simulators were taken down on Thursday March 14th. The 2023/2024 winter finished roughly 200 rounds higher than that of 2022/2023. It's encouraging to see that simulator rounds have increased, despite losing a few weekends to being open for outdoor golf.

General

- Max Bichanich has been added to the Brighton Dale Grounds team as the Equipment Manager/Crew Leader.
- The spring hiring process is moving along well to this point. Several of our returning seasonal staff have come back to work and we are steadily adding new team members.
- The golf courses have had some great days when we have been able to open, tracking just over 1000 rounds for the season thus far between both properties.
- We hope to fully open all of the golf courses the week of the 25th tentatively, provided weather continues to improve.

Projects

Red Pines/Practice Facility Improvements

- We will have a copy of the project plans at the meeting if anyone has any questions to review.

Brighton Dale Drainage Line

- We have purchased replacement tile and are currently working to repair the drain line across the driving range at Brighton Dale. We have utilized a contractor to assist us with the deepest portions of the line where our equipment is not capable. We expect the drainage to be completed in the coming weeks.

Petrifying Springs Restroom

- We had a meeting with the Purchasing Division on March 19th to review the needs and begin preparation of the bid documents for a new waterless restroom structure on hole 6 at Petrifying Springs Golf Course.

Equipment

- We are expecting a shipment of new golf carts in May, which will be the carts ordered in 2023, and approximately 1/3 of the full fleet.
