When most people think about a law enforcement agency they probably think about getting pulled over for a traffic violation. While traffic enforcement is an important aspect of what we

do, anyone at the Kenosha County Sheriff's Department can tell you that traffic enforcement is only one aspect of what goes on here.

Our deputies, of course, conduct traffic stops, but they are also responding to a vast range of calls, assisting our citizens in every day issues through life's twists and turns. Our deputies are responding to neighbor problems, burglaries, robberies, fights, family problems, car crashes, child abuse complaints, etc. Those are just our patrol deputies. We also have deputies who transport inmates around the county and state and to court. Deputies serve civil process (evictions, repositions, subpoenas), have positions in the county high schools (school resource officers), and teach safety to younger students (Drug Abuse Resistance Education, Deputy Friendly).

Our deputies are also involved in specialty teams which require extra time and commitment. Some of those teams are the Tactical Response Team, Dive Team, ATV Unit, Bicycle Unit, Honor Guard, Sheriff's Bomb Squad, and Marine Unit.

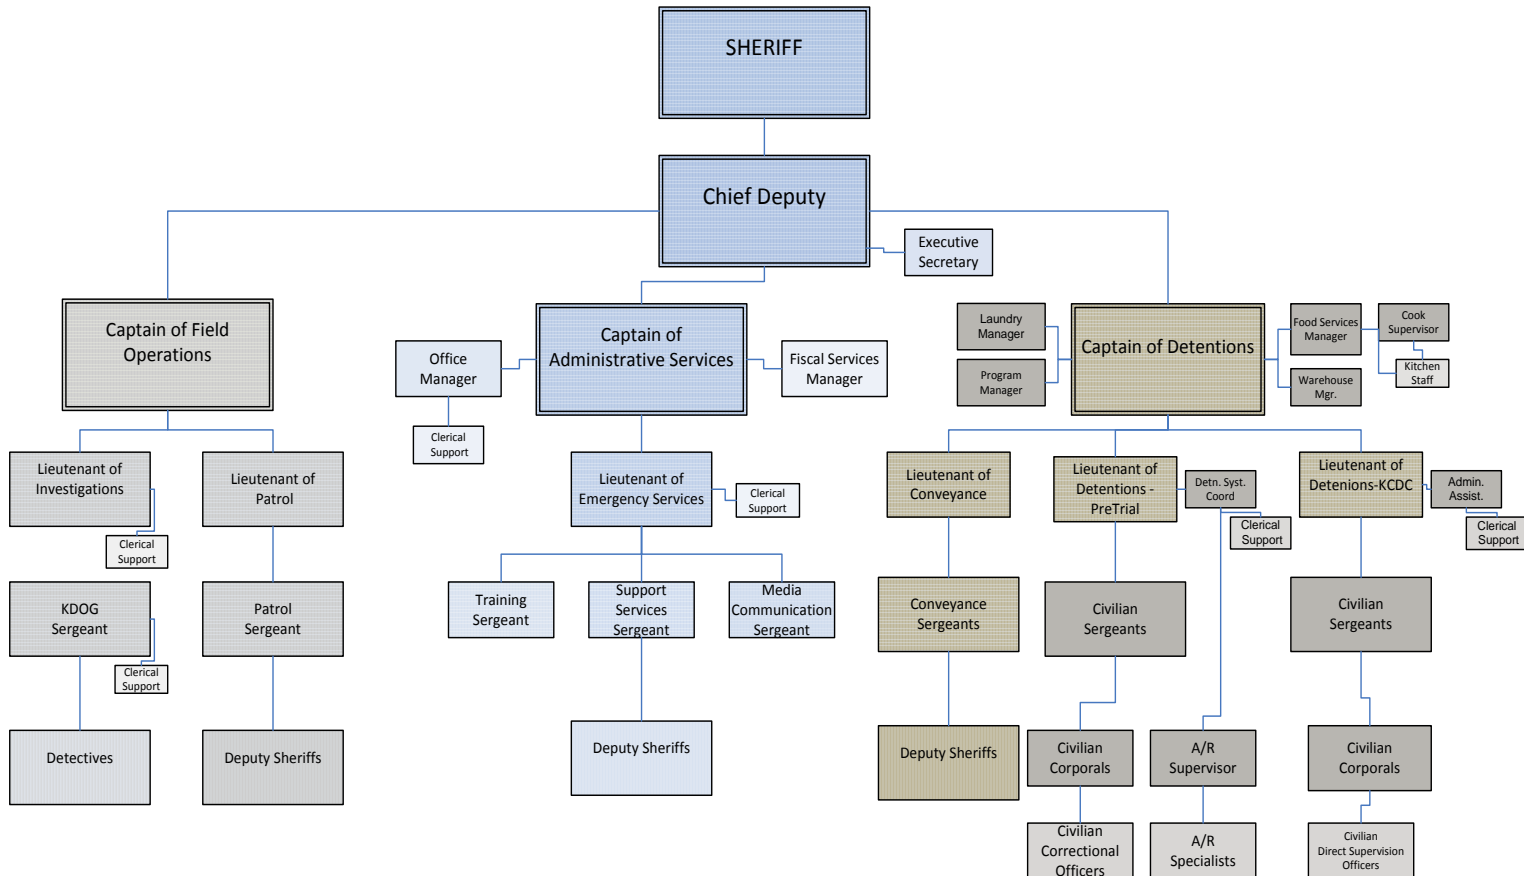

That is a really brief description of our sworn staff's functions. Two-thirds of the Sheriff's Department's budget is in the corrections area. Corrections are also two-thirds of our staff. Our corrections staff is responsible for maintaining the records, security and health of over 850 inmates in our two jail facilities. Kenosha County has the third largest jail in the State of Wisconsin. The men and women who work in the Sheriff's Department Corrections area make it possible to not only house those sentenced in Kenosha Courts, but generate revenue by housing federal inmates. The hard work of these men and women make it possible for the Kenosha Sheriff's Department to generate revenue every year that offsets operating expenses and reduces the amount of money tax payers contribute to the Sheriff's Department.

Contained in this report are more details of the things the employees of the Kenosha County Sheriff's Department accomplish every day, things that are far beyond issuing a traffic citation. Hopefully, a traffic stop is the only encounter citizens will have with most of our staff. I am proud of those who work at this department and proud of the service they deliver to Kenosha Counties' citizens.

Sincerely,  
*David G. Beth*

Other investigations did occur but cannot be released at this time due to pending court proceedings.

## Detentions Programs

### **WORK CREW PROGRAM**

Primary Purpose of The Community Service Work Crew Program is to alleviate overcrowding in the County Jail, while at the same time, serving the community.

To have a successful program there has to be 100% cooperation with: Circuit Court Judges, District Attorney's office, Clerk of Courts, Municipality Courts and Jail staff. The program also relies upon Non-Profit locations with supervisors and 2 Deputy Sheriff's to enforce the program rules.

There are four (4) types of people who participate on the work crew program.

- 1 - Huber inmates who are unemployed.
- 2 - Non- Huber sentenced inmates (Used only inside for inmate workers)
- 3 - People who are unable to pay a fine. (Person convicted of a forfeiture in which they were given time to pay a fine by the courts and the alternative would be serving County Jail time.)
- 4 - Probation referrals.

The individuals that are assigned to outside non-profit organizations are given the opportunity to work at no cost to the community while working towards repaying the debt accessed by the courts. The current jail days/work days ratio used by the courts is Ten (10) days in the county Jail would be Five (5) days served on the work crew.

From January 01, 2012 through December 31, 2012, the program has provided the following savings to Kenosha County for the housing of inmates.

## 2011 Patrol Division Summary

The patrol Division for the Kenosha County Sheriff's Department had 51 deputy sheriffs assigned to three shifts in 2012. This is an increase of three deputies from the amount in 2011. The department has a Traffic Interdiction Unit (TIU) which allows deputies to concentrate enforcement in specific areas.

- 16 assigned to 1<sup>st</sup> shift,
- 20 assigned to 2<sup>nd</sup> shift and
- 15 assigned to 3<sup>rd</sup> shift.

This staffing level not only covered all six districts of the county, but also covered the contracted municipalities for the Villages of Bristol and Paddock Lake. Deputies responded to 79,350 calls throughout the year. This is an increase of 5,342 calls from 2011.

In 2012, the three patrol shifts made a total of 18,160 arrests. This was an increase of 8.8 percent over the past two years. A total of 15,160 traffic citations were issued and a total of 1,298 county ordinance violations were written.

On the criminal side, 511 felony arrests were made and 1,191 misdemeanor arrests were made. There were also an additional 600 juvenile arrests.

## **Contract Law Enforcement Services**

The Villages of Bristol and Paddock Lake contract their Law Enforcement services through the Kenosha County Sheriff's Department for protection of the village residents and businesses. The deputies are able to patrol all sections of the villages and maintain high visibility which works as a deterrent of crime for the community. Office facilities in the village halls are available for deputies to perform in their respective villages. Deputies are committed to policing the community and having a positive impact with residents and businesses alike.

### **Village of Bristol**

Deputies have been providing contracted patrol services for the village since June 2008. During 2012, deputies issued 1,038 citations which encompass various traffic violations. They also issue Village Ordinance violations that occur within the Village of Bristol. Criminal offenses are heard in Kenosha County Circuit Court.

## **Village of Paddock**

Deputies have been providing contacted patrol services for the village since 1981. In 2012, deputies issued 492 traffic violations. Deputies also issue Village Ordinance violations that occur within the village and enforce parking violations. All criminal violations are handled through Kenosha County Circuit Court.

## **Tactical Response Team**

In 1980, the Kenosha County Sheriff's Department recognized the need for a specially trained unit to handle critical incidents. These critical incidents ranged from high risk warrant service, hostage situations, barricaded gunman, suicidal subjects and more. Although Kenosha County Sheriff's Department patrol personnel are highly and continuously trained, the need for specialized equipment and tactics were sometimes required to resolve a dangerous situation.

The Tactical Response Team was originally trained by the Federal Bureau of Investigation. Currently the Department utilizes numerous resources available to it at the County, State and Federal levels to train its team members in the latest techniques available. The team trains twice a month. Members are required to maintain rigid standards of expertise and proficiency. This knowledge and capability of the Tactical Response Team is augmented by the newest equipment available, which includes less than lethal munitions.

As the needs of the community change, so will the operation and structure of the Kenosha County Sheriff's Department Tactical Response Team.

## TRT Summary for 2012

TRT Services for 2012 continued with their normal support of narcotic search warrants and apprehension warrants for the Kenosha Police Dept and the Kenosha Drug Operations Group. Some of the more noteworthy events we were involved in were:

- **In January 2012**, TRT assisted the Kenosha Drug Operations Group with a high risk search warrant in the Town of Wheatland, County of Kenosha. The subject was located and taken into custody on state drug charges without injury to the subject or officers. A loaded handgun was found in direct proximity of the suspect.
- **In March 2012**, TRT assisted the Kenosha Police Department detective bureau with the execution of two search warrants related to an Armed Robbery investigation. Successful entries were conducted at both locations. The suspect being apprehended and the scenes were turned over to detectives for evidentiary searches.
- **In May 2012**, TRT assisted the Kenosha Drug Operations Group with a “knock and announce” search warrant in the City of Kenosha. The subject, wanted on drug charges, fled into the residence rather than complying with officers. Entry was made into the residence, and the subject was taken into custody. The subject was taken into custody without injury to officers or the subject.
- **In June 2012**, TRT again assisted the Kenosha Drug Operations Group with a high risk search warrant in the City of Kenosha. The subject of the warrant was wanted on drug charges and prior contacts with the subject had resulted in the seizure of firearms and drugs. The suspect was taken into custody without incident.
- **In August 2012**, TRT assisted the Kenosha Police Department detective bureau with the service of a “No-knock search warrant” related to an armed robbery investigation. The warrant resulted in the safe clearing of the residence which was then turned over to detectives for evidentiary purposes.
- 2012 also marked the 15<sup>th</sup> year that TRT conducted the Basic SWAT Training at Gateway Technical College. The week long school continues to provide training to prospective SWAT personnel from Kenosha and surrounding area agencies. TRT members also work with Gateway Technical College in providing in-service training to Kenosha Area police officers. This training includes topics such as: Rapid Response to Active Shooters, Room Clearing, and Multi-Assault Counter-Terrorism Action Capabilities (MACTAC). Team Trainers have also reached out to the civilian business community and local schools providing emergency response training to tactical situations.

- 2012 also brought the addition of a new armored vehicle for the Tactical Response Team. A 2012 Lenco Generation 3 “BEARCAT” was purchased for TRT utilizing “non-taxpayer funds from drug forfeitures.” The BearCat will be utilized to conduct tactical operations in the County of Kenosha, as well as surrounding areas, to include Officer Rescue Operations.

## ATV/ Snowmobile Units

The Kenosha Sheriff Department's ATV Unit and Snowmobile Unit were created to address the many concerns, complaints, and issues related to these recreational vehicles that occur within the County of Kenosha.

---

### ATV Unit

The department's ATV's are utilized to patrol trails and large festival sites during the summer months. These ATV's are owned by the Sheriff's Department and are transported to sites utilizing their own trailer. This year the unit recorded **60 hours** of ATV related issues within Kenosha County. These issues involve trespass complaints, illegal operation on roadways, accidents, and training classes. This year the Unit issued a total of 6 citations for ATV violations under Wisconsin State Statutes Chapter 23.

Through participation in the Wisconsin State Aid Program, the Kenosha Sheriff's Department has been reimbursed **\$4,048** for the program year 2011-2012, recovering **81.2%** of department costs.

### **Snowmobile Unit**

The department's Snowmobile unit is utilized to patrol trails throughout Kenosha County. Two snowmobiles are leased to the Sheriff's Department by the Yamaha Corporation free of cost. The unit's objective is to promote trail safety, investigate snowmobile accidents, and enforce Wisconsin State Statutes (Chapter 350), governing snowmobile operation. This year the Snowmobile Unit recorded **90 hours** relating to these issues. Of the 90 hours, 40 hours involved proactive patrol time. This year 11 citations were issued.

**In addition to these awards**, Explorer Cory Brennan was hired by the Kenosha Police Department as a Police Officer. The Post is proud of his accomplishment.

## Bomb Squad

The Bomb Squad had an increase in activity in the year 2012 compared to 2011. The Bomb Squad had 9 call out/activations along with 8 consultations to several other agencies within and outside of Kenosha County. Each call out/activation in 2012 involved some type of homemade IED, to suspicious packages and recovering of old military ordinances and fireworks. Many agencies seek information on how to deal with bomb threats and consulting on suspicious packages that could be handled over the phone and did not require a squad response.

The Bomb Squad also assisted TRT with high risk warrant services. The Bomb squad is asked from time to time to execute an Explosive Breach on doors to allow a clear pathway for the tactical team to enter. The Bomb Squad has several successful explosive breaches to residences with no reported injuries to any parties involved.

## Marine Unit

In 2012 the Kenosha County Sheriff's Department had 16 active members on the Marine Unit. Our vessels include a 26-foot Mako and a 17-foot Lund. We accumulated 238 patrol hours and issued 37 citations for various violations including slow no wake violations, registration violations, and operating without a valid safety certificate. Our primary operation was on Lake Michigan, but we also patrolled Camp Lake, Paddock Lake, and Lake Shangri-La. On May 28<sup>th</sup>, Deputies Hackbarth and P. Markowski responded to a report of an overturned sailboat on Lake Michigan. Deputies rescued three subjects who were clinging to their capsized boat. Throughout the months of patrol, the Kenosha County Sheriff's Department Marine Unit assisted several other disabled vessels.

Marine Unit training in 2012 included water defensive tactics conducted in the University of Wisconsin - Parkside pool. Lt. Tom Gilley and Deputy Weyand and Deputy Hackbarth also taught a boaters safety course at the Kenosha Sheriff's Department in April.

The Kenosha Sheriff's Marine Unit does receive some reimbursement for expenses related to the water patrol. In 2012 we received \$19,532 in reimbursement from the Wisconsin Department of Natural Resources, which was approximately 69% of total costs.
