

WISCONSIN'S

MISSING PERSONS DAY

An event to raise awareness of the issues and impacts surrounding missing persons in the State of Wisconsin.

Sunday, September 29, 2013

At The Madrigrano Marina Shores

302 - 58th Street, Kenosha, WI.

From 12:00 Noon - 5:00 pm

Admission is free

WHO SHOULD ATTEND?

Families and friends affected by the mysterious disappearance of a loved one and the communities and organizations that assist to bring them home. The event is open to the public.

WHAT WILL THE DAY INCLUDE?

The event will be a campaign to raise awareness of the issues and impacts surrounding missing persons in the state of Wisconsin. Families and friends affected by the unexplained and unresolved disappearance of loved ones will be recognized on this day. Law enforcement agencies and the community organizations that assist with these cases will be showcased at the event. This event will give law enforcement a chance to update their databases with new technologies like DNA (family reference samples) and online profiles of the missing people (www.namus.gov). Officers will be taking tips on old cases and interviews on any new cases that may be reported at the event. The law enforcement and community organizations will be assisting with promoting child safety.

WHAT TO BRING?

Families of missing persons are encouraged to bring photographs, dental records, and radiographs to update our digital databases. These will be scanned on site and immediately returned. Families and friends should feel free to wear memorial t-shirts, bring posters, and any literature to display to commemorate their missing loved one. We ask that you wear yellow to show your support to the cause.

 Missing in Wisconsin

REGISTRATION: Family members of missing people should pre-register to ensure their loved one is commemorated.
