

Document Title: KENOSHA COUNTY	
NOTICE OF USE OF A HOLDING TANK IN LIEU OF A POWTS WITH A DISPERSAL CELL	
Return Document To: KENOSHA COUNTY DIV OF PLANNING and DEVELOPMENT 19600 75th ST., Suite 185-3 BRISTOL WI 53104-9772	Property Owners Name & Mailing Address
Parcel Identifier # (PIN)	Project Property Street Address
Legal Description – See Attached	

IT IS HEREBY TO GIVE NOTICE TO ANY SUBSEQUENT OWNER OF THE ABOVE DESCRIBED PARCEL THE FOLLOWING:

A soil and site evaluation was conducted on the above described parcel and the report was reviewed and accepted by the Kenosha County Division of Planning and Development to determine soil suitability for a Private Onsite Wastewater Treatment System (POWTS).

The soil and site evaluation identified a suitable area for a POWTS with final treatment and dispersal into the soil.

As owner, I choose not to utilize this area to install a replacement POWTS and opt to use a holding tank pursuant to Chapter 15.02-2 (7)(f)5. of the Kenosha County Sanitary Code and Private Sewage System Ordinance.

In the event any subsequent owner wishes to replace the holding tank with a POWTS having a soil dispersal cell, the suitable area identified in the soil and site evaluation report may be utilized provided that the tested area has not been filled, compacted, surfaced or built upon. The owner must follow the approval and permit procedures as required in SPS 383 of the Wisconsin Administrative Code and Chapter 15 of the Kenosha County Sanitary Code and Private Sewage System Ordinance.
