QUESTION 2: Should the State Legislature enact proposed legislation that closes the dark store loopholes, which currently allow commercial retail properties to significantly reduce the assessed valuation and property tax of such properties, resulting in a substantial shift in taxes levied against other tax paying entities, such as residential homeowners, and/or cuts in essential services provided by an affected municipality?

QUESTION 1: Should the State Legislature protect residential property taxpayers by preventing commercial and manufacturing property owners from using tax loopholes that shift an ever-increasing tax burden to homeowners who already pay 68% of the statewide property tax levy by enacting legislation that: 1) prohibits using closed, vacant (dark) properties as comparable properties for determining the assessed value of open, occupied, and fully operational properties; and 2) overturns the 2008 Wisconsin Supreme Court decision in Walgreens v. City of Madison, which is being interpreted by the courts as requiring municipalities to assess many leased commercial properties at a substantial discount, often 50% below the actual sale prices of such properties?
